

- A. Drainage, Erosion and Sediment Control Plan**
- B. Air Quality Technical Information**
 - B.1 Calculation of Maximum Hourly, Daily, and Annual Emissions**
 - B.2 Modeling Support Data**
 - B.3 Protocol for Increments Analysis**
 - B.4 Health Risk Assessment Support Data**
 - B.5 Construction Emissions and Impact Assessment**
 - B.6 Evaluation of Best Available Control Technology**
 - B.7 Offset Listing**
 - B.8 Cumulative Impacts Analysis Protocol**
 - B.9 Air District Permitting Application Forms**
- C. Biological Resources**
 - C.1**
 - **Biological Resources Technical Report**
 - **Delineation of Waters of the United States**
 - C.2**
 - **Letters to USACE, USFWS, BLM, and CDFG**
 - **Species list responses from USFWS and BLM**
 - **Field Biologists and Qualifications**
 - **California Natural Diversity Database Forms**
- D. Water Resources**
 - D.1 Geophysical Gravity Bedrock Modeling**
 - D.2 Test Well Program**
 - D.3 Groundwater Sample Laboratory Analytical Reports**
 - D.4 Pumping Well Aquifer Test Analysis**
 - D.5 Ford Dry Lake Geophysical Field Investigations**
 - D.6 Summary of Published Water Budget Information**
 - D.7 Results of Physical Analysis of Soil Samples for Hydrogeologic Parameters**
- E. Geological Resources**
 - E.1 Deaggregation Charts**
 - E.2 Shear Wave Profiling Investigation**
 - E.3 Preliminary Geotechnical Investigation**
 - E.4 Engineering Geologic and Geomorphologic Reconnaissance**
- F. Phase I Environmental Site Assessment**
- G. Cultural Resources- submitted under Confidential Cover**
- H. Report of Waste Discharge**
