Subject: Formal Objection to HDPP Petition for Revision

Gentelpersons

Attached please find my formal Objection to HDPP's Petition for Revision/Administrative changes to soil and Water Conditions Number 4, and staff's recommended additional changes.

I have not received any comments from my letter prior to the workshop, and I am filing this today to ensure that I have formal standing on this matter. I am planning to file supplemental material and/or motions when I get the necessary materials.

I also did not see my letter objection as a filed document in this matter.

I am requesting that docket file and post this objection and that if the public advisor can make the 10 copies and make distribution.

I am having the service list served, but I expect that it may be out of date and if a newer list can be provided - I will serve it as well.

Thank you for your consideration in this matter.
