PROJECT TITLE: HECA

Telephone	661-330-0151	<input type="checkbox"/> Meeting Location: Telephone	
NAME:	Alvin Greenberg	DATE: 4/2/13	TIME: 8:49 am
WITH:	Kern County Fire Marshal Benny Wofford		
SUBJECT:	Property tax funding for the KCFD		

ROC:

Fire Marshal Wofford called me in response to my e-mail request. He stated that the KCFD would normally received 10% of the property taxes paid each year by an industrial facility and expected that this would occur with the HECA project were it to be licensed and built. Also in answer to my query, he stated that the KCFD has a fee schedule for plan review, permits, and inspections. They have no "impact fee" that other counties have and assess no other fees. He further stated that the property taxes would normally be ~10% of the cost of the project.

California Energy Commission DOCKETED 08-AFC-8A
