**NOTICE OF RECEIPT  
PETITION TO AMEND  
THE ENERGY COMMISSION DECISION FOR THE  
MOUNTAINVIEW POWER PROJECT (00-AFC-2C)**

On March 18, 2004, the California Energy Commission (Energy Commission) received a petition from Mountainview Power Company, LLC to modify the Mountainview Power Project. The 1,056-megawatt project was certified on March 21, 2001. Construction was restarted on March 15, 2004, after a suspension of construction activities of almost two years. The facility will be located in San Bernardino County, outside the city of Redlands, California.

**DESCRIPTION OF PROPOSED CHANGE:**

The proposed changes are being made to facilitate pipeline function, or reduce environmental impacts during pipeline construction. Changes from the original Energy Commission Decision include:

- Addition of a valve station where the pipeline taps into the existing gas supply lines near the East Etiwanda Wash;
- Routing the line under the UPRR rail line, because there is insufficient room to route it through the existing Mill Street Bridge that spans the rail line;
- Routing the line through the Tippecanoe Bridge over the Santa Ana River, making it unnecessary to route it under the river; and
- Adding several construction lay down areas to ease and speed construction of the line.

**ENERGY COMMISSION REVIEW PROCEDURES**

The purpose of the Energy Commission's review process is to assess the impacts of this proposal on environmental quality, public health and safety. The review process includes an evaluation of the consistency of the proposed changes with the Energy Commission's Decision and if the project, as changed, will remain in compliance with applicable laws, ordinances, regulations, and standards (Title 20, Calif. Code of Regulations, section 1769). Energy Commission staff is currently analyzing the request and will publish an analysis in the next several weeks. A public hearing for the purpose of approving or denying the amendment proposal will subsequently be held at a regularly scheduled Energy Commission business meeting.

April 6, 2004

This Notice of Receipt is being mailed to interested parties and property owners adjacent to the project site who may want to participate in the amendment process.

The petition to amend is available on the Energy Commission's webpage at [www.energy.ca.gov/sitingcases/mountainview/index.html](http://www.energy.ca.gov/sitingcases/mountainview/index.html). The staff analysis (when published), and the order (if approved) will also be posted on the webpage. If you would like to receive a hard copy of the petition to amend the project, staff's analysis, and/or the Energy Commission's order if the changes are approved, please complete the enclosed Information Request Form and return it to the address shown.

If you have questions or wish to make comments regarding this proposed project change, please contact Donna Stone, Compliance Project Manager, at (916) 654-4745, or by e-mail at [dstone@energy.state.ca.us](mailto:dstone@energy.state.ca.us) within 14 days of the date of this notice.

For further information on how to participate in this proceeding, please contact Ms. Margret J. Kim, the Energy Commission's Public Adviser, at (916) 654-4489, or toll free in California at (800) 822-6228. If you require special accommodations, contact Lourdes Quiroz at (916) 654-5146. News media inquiries should be directed to Assistant Director, Claudia Chandler, at (916) 654-4989.
