

Docket Number 06-SPPE-1  
First Round Data Requests  
Niland Gas Turbine Plant  
April 2006

**INTRODUCTION**

---

On March 13, 2006, the Imperial Irrigation District (IID) submitted a Small Power Plant Exemption (SPPE) to the California Energy Commission (CEC) for the Niland Gas Turbine Plant (Project). IID is seeking the SPPE to construct the Project, a nominal 93-megawatt (MW) simple-cycle power project in Imperial County, near the unincorporated community of Niland (Town of Niland), California.

On April 6, 2006, the Applicant received Data Requests #1 through #28 from the CEC. The requested information was in the technical areas of air quality, biological resources, cultural resources, noise, public health, socioeconomics, soil and water resources, traffic and transportation, visual resources, and waste management. The Applicant's responses to these requests are included in this filing.

Data Requests #29 through #36 relating to Transmission System Engineering were received on April 13, 2006. These responses will follow in a separate filing.
