Mr. B. B. Blevins  
Executive Director  
California Energy Commission  
1516 Ninth Street  
Sacramento, CA 95814

Dear Mr. Blevins:

Pursuant to California Code of Regulations Title 20, Section 1936, Orange Grove Energy, L.P. hereby submits the enclosed Small Power Plant Exemption Application to construct and operate the Orange Grove Project located in unincorporated San Diego County, California. The Orange Grove Project is a 96 megawatt power plant designed to serve local loads during peak demand. The power plant incorporates two General Electric LM6000 PC SPRINT combustion turbine generators that will be fueled with natural gas. The project is proposed in response to San Diego Gas and Electric's Request for Offers for New Local Capacity, dated October 17, 2006.

Sincerely,

Stephen Thome  
Vice President of Development  
Orange Grove Energy, L.P.
