APPLICATION COMPLETENESS DETERMINATION

Based on information submitted in Application Nos. 985708, 985709, 985710 and 985711 for Authority to Construct / Permit to Operate a peaking electric power generation plant consisting of two natural gas fired simple cycle combustion turbines, one natural gas fueled black start engine and one diesel fueled emergency standby engine, to be located at 10300 Pala Road, San Diego, California, the San Diego County Air Pollution Control District (District) has determined that the applications are complete pursuant to Rule 18 of the District's Rules and Regulations.

Despite this completeness determination, the District has the authority to require amplification and/or clarification of all information submitted. Prompt submittal of such information will assist the District in providing expeditious action.

If you have any questions regarding these comments, please contact the undersigned at (858) 586-2747.

Sincerely,

CAMQUI NGUYEN
Associate Air Pollution Control Engineer
