

APPENDIX 6.7-A – RESUMES OF KEY PERSONNEL

URBANA PRESERVATION & PLANNING

JESSICA J. AUCK
HISTORIAN / HISTORICAL ARCHAEOLOGIST, R.P.A.
jessica@urbanapreservation.com

Ms. Auck holds a Bachelor of Arts in History from California State University at Long Beach and a Master of Historical Archaeology from Bristol University in England. For her graduate dissertation Jessica authored a research intensive study on the Marron-Hayes Adobe Historic District in Oceanside, California which specifically focused on how the remaining structures, landscape and associated material remains provide indication of multiple periods of California history, particularly Southern California, and how the region's current pattern of rapid growth carries the potential to impair the integrity of the district. Jessica meets *The Secretary of the Interior's Professional Qualification Standards for Historic Preservation Professionals* in the discipline of History. Her primary interest in the field of historic preservation and cultural resources is to support heritage management in public forums and create opportunities for access via outreach and the participatory process.

EDUCATION

Master of Arts-Historical Archaeology of the Modern World

Thesis Title: *The Marron-Hayes Adobes Historic District: Representing Southern California's Muddy Heritage*
University of Bristol, Bristol, England

Bachelor of Arts-History, Minor in Anthropology *Cum Laude

Senior Research Thesis: *Published But Not Heard: Sheet Music as an International Language in 19th Century Europe*
California State University, Long Beach, Long Beach, CA

AWARDS/HONORS/DISTINCTIONS

2005: Exceptional Student Award, College of Liberal Arts - California State University, Long Beach

2004: Phi Alpha Theta (Historian's Honor Society)

RELEVANT COURSEWORK & ACADEMIC EXPERIENCE

Historic Preservation Planning (University of California, San Diego)

Urbanization of Modern America (California State University, Long Beach)

Standing Buildings Archaeology (University of Bristol)

Historical Landscapes (University of Bristol)

Introduction to Historical Archaeology (University of Bristol)

Material Culture (University of Bristol)

Introduction to Archaeology (Riverside Community College)

Introduction to Cultural Anthropology (California State University, Long Beach)

Aerial Photography Workshop (University of Bristol)

Ceramics Workshop at the London Archaeological Archive Research Centre (University of Bristol)

PRESERVATION & CULTURAL RESOURCES EXPERIENCE

Historian/Historical Archaeologist: Urbana Preservation & Planning (San Diego & Oakland, CA) 03/2008- Present

Field Technician: Pinwheel Excavations (San Joaquin Valley, CA) 07/2007

Collections Management Intern: San Diego Archaeological Center (San Diego, CA) 04/2007-06/2007

Student-Faculty Liaison: Historical Archaeology Program, University of Bristol (Bristol, UK) 10/2006-06/2007

Conference Aide: Contemporary and Historical Archaeological Theory (CHAT) Conference (Bristol, UK) 12/2006

Survey Team Member: Redlands Historical District Designation Survey Project (Redlands, CA) 04/2002

CHRISTOPHER E. DROVER Ph.D., RPA

EDUCATION

Ph.D., Anthropology, University of California, Riverside, 1979.

Ph.D. Dissertation: Late Prehistoric Human Ecology of the Northern Mohave Sink, San Bernardino County, California.

M.A., Anthropology, California State University, Fullerton, 1972.

B.A. Anthropology, 1970.

AREAS OF EXPERTISE

Dr. Drover has expertise in the following areas:

- Management Archaeology and Paleontology
- CEQA and Section 106 Projects
- Survey, Data Recovery and Monitoring
- California, Great Basin, Southwest

REPRESENTATIVE EXPERIENCE

Dr. Drover offers over 30 years of experience in cultural resource assessment for environmental impact statements. He graduated from the University of California, Riverside in Anthropology-Archaeology in 1979, has been a tenured professor of this discipline at Golden West College in Huntington Beach since 1973, and is a visiting professor of anthropology at the University of California, Irvine. As the principal investigator, he has published extensive research regarding the archaeology of San Bernardino, Riverside, and Orange County and has conducted numerous consulting projects in the California counties of Riverside, San Diego, Los Angeles, San Bernardino, Kern, Ventura, and Inyo and also in Arizona, Nevada, Alaska, Mexico, and Argentina. Some of the clients he has provided evaluations for over the years include the Museum of Northern Arizona; Kaiser Corporation; St. Joe America Corporation; Fluor Corporation; Kinder Morgan; Department of Defense; Bureau of Reclamation; Bureau of Indian Affairs; U.S. Army Corps of Engineers; State Lands Commission; U.S. Forest Service; Arco; Chevron; and the Texaco Oil Corporation.

SOUTHERN CALIFORNIA GAS PIPELINE, 29 PALMS, CALIFORNIA,

Principle investigator for overseeing the production of a Phase I Cultural Resources Inventory for the 29 Palms Pressure Betterment Project. Questar's Southern Trails pipeline, approximately 40 miles of 16-inch-diameter pipeline between Twentynine Palms and Desert Hot Springs will be to connect and operate with SCG's natural gas transmission system.

INERGY PROPANE PIPELINE, BAKERSFIELD, CALIFORNIA, Principle investigator for overseeing the production of a Phase I Cultural Resources Inventory for the construction of four new gas liquid pipelines in the southern end of the San Joaquin Valley in California's Kern County.

TRUCKEE RIVER PIPELINE REMEDIATION, FERNLEY, NEVADA, Principle investigator for overseeing a Phase I Cultural Resources Inventory for the repair of a 16-inch natural gas line near Fernley, Nevada for the Paiute Pipeline Company.

NELLIS AIR FORCE BASE, Principle investigator responsible for overseeing the production of The Dry Lake Hydrological Disturbance Evaluation Model. A New Method for Assessing Archaeological Integrity in Dry Lake Environments at Nellis Air Force Base, Nevada. Prepared for Nellis Air Force Base.

CAL TRANS, Principle investigator responsible for overseeing the survey and report preparation Archaeological Survey Report. Harbor Boulevard North Off-Ramp Project. Costa Mesa, California. Submitted to Caltrans District 12.

FLAGSTAFF, ARIZONA, Principle investigator responsible for overseeing the survey and report preparation of the Archaeological Survey of the Presidio West Development, Flagstaff, Arizona. Arizona Antiquities Act Blanket Permit No. 2005-075bl. Manuscript on File at the Arizona State Museum.

TUCSON, ARIZONA, Principle investigator responsible for overseeing the survey and report preparation of the Transwestern Pipeline Anomaly and SCC Repair Dig Sites, Pinal County, Arizona. Arizona Antiquities Act Blanket Permit No. 2005-075bl Kinder Morgan. Manuscript on File at the Arizona State Museum.

FORT BRAGG, CALIFORNIA, *Georgia Pacific Corporation.* Principal Investigator for the decommissioning of a 460-acre lumber mill in Fort Bragg, California. This facility was the third largest redwood mill in the world and was a former Native American reservation. Dr. Drover was responsible for historic and prehistoric evaluation of the resources on the site.

NEWPORT COAST COMMUNITY PARK; NEWPORT COAST, CALIFORNIA, *Irvine Community Development Company.* Archaeologist responsible for overseeing the grading monitoring services for the Newport Coast Community Park, located in Newport Beach, California. The archaeological and paleontological aspects of this area have been determined as sensitive and relatively high and will require monitoring of active cuts during the grading process. In addition to providing this service, the scope of work for this project encompassed the review of excavation and construction plans; coordination of responsibilities with project contractors; development of a safety plan for the monitoring of grading operations; observation and evaluation of the salvage to identify any cultural resources uncovered by grading or trenching; shovel probing to determine whether a discovery is isolated or part of a potential site; coordination of the transfer of any collected archaeological resources; and the preparation of a full report on the archaeological program with the discoveries described and interpreted for the City.

BONITA MESA PALEONTOLOGICAL EXCAVATION (PLANNING AREA 26); IRVINE, CALIFORNIA. *The Irvine Company.* Archaeologist responsible for overseeing the excavation of the largest fossil whale bed found on the continental United States. The recovery required 10,000 lbs of plaster of paris and 1,000 yards of burlap to remove the fossils from the site. The Keith Companies excavated the site in approximately six weeks, all the while maintaining a large field crew at the Bonita Mesa archaeological project located in the county of Orange, California. Dr. Drover followed CEQA guidelines as well as working with local Native American on site consultation.

PASEO DEL SOL; TEMECULA, CALIFORNIA. *Newland Communities, LLC.* Archaeologist responsible for overseeing the archaeology, paleontology, and grading monitoring for this 829-acre project located in Temecula, California. There were five archaeological sites mitigated during the early phase of work. Three of the sites were prehistoric, while the other two were early Pala Valley historic adobe sites. Excavations included systematic data recovery, testing, and the complete excavation of a three-room adobe. The Pala Formation, rich in pleistocene mammal fossils, formed the geologic base of the property. The Keith Companies' archaeologists and paleontologists were active throughout the initial pre-grading and mass-grading phases on the site. Also at the site were found five Mastodons; they were excavated and prepared for analysis. There were numerous other specimens of extinct animals found as well, including a saber-toothed cat claw. In addition, the archaeological and paleontological sensitivity of this area was high and required the active monitoring of active cuts. Dr. Drover worked through consultation and assistance with local Native Americans, as well pursuant to CEQA guidelines.

PLANNING AREA 18; IRVINE, CALIFORNIA. *The Irvine Company.* Archaeologist responsible for overseeing the archaeology for this 800-acre Planning Area 18 located in Irvine, California. The Keith Companies did a Phase I Cultural Resources Inventory including paleontology. Two prehistoric sites were re-recorded, while two new sites were discovered and recorded. No paleontological areas were found but a report for paleo-sensitivity was generated. All work was pursuant to CEQA guidelines.

PLANNING AREA 5A - 9C EIR FEASIBILITY; IRVINE, CALIFORNIA. *The Irvine Company.* Archaeologist responsible for overseeing the archaeological services for Planning Area 5A through 9C located in Irvine, California. Phase I work was done on sites 5, 6, 8, and 9. The Keith Companies found 22 sites, 12 of which were previously recorded. One site, Lambert Reservoir, had been tested for advanced preliminary land use. CEQA guidelines were followed.

PLANNING AREA 17 & 18 - CULTURAL RESOURCES; IRVINE, CALIFORNIA. *The Irvine Company.* Archaeologist responsible for overseeing the Phase I cultural resource inventory, survey, and record search for an 1,800-acre site located in the city of Irvine. The property yielded eleven sites found to

be prehistoric. Seven of these sites were re-recorded and four of them newly recorded. Dr. Drover recommended a Phase II test/excavation to eliminate problems further down the line in the development process. All work conducted pursuant to CEQA guidelines.

SHADY CANYON ARCHAEOLOGY; IRVINE, CALIFORNIA. *The Irvine Company.* Archaeologist responsible for overseeing the Phase II archaeological testing and excavation for a 1,046-acre residential project located in Irvine, California. Twenty sites studied to see whether or not these archaeological sites were deemed significant enough to alter the communities' design. One site was determined to not be an archaeological site. Of the remaining 19, seven were preserved in entirety through the cooperative land planning, and 12 were fully excavated. All work was done pursuant to CEQA requirements. Dr. Drover worked closely with local Native Americans on the project.

TRILOGY AT GLEN IVY; CORONA, CALIFORNIA. *Shea Homes for Active Adults.* Archaeologist responsible for overseeing the archaeological services for Trilogy, a 820-acre senior residential community with golf course located in Corona, California. Dr. Drover's scope of services included reviewing archaeological and paleontological literature; performing archaeological and paleontological field work; and preparing archaeological and paleontological reports.

THE RETREAT AT THE QUARRY - CULTURAL RESOURCES; LA QUINTA, CALIFORNIA. *Winchester Asset Management.* Archaeologist responsible for overseeing the cultural resources survey for this mixed-use, residential/commercial development. The seven-acre site, located in La Quinta, underwent Phase I environmental assessment and cultural resource monitoring during the grading process. TKC was pursuant to CEQA guidelines.

OTHER CULTURAL MANAGEMENT EXPERIENCE

- A Cultural Assessment of the Insectary Building, University of California, Riverside, University of California Redevelopment Plan. Albert A. Webb Associates, 3788 McCray Street Riverside, California 92506-2973, 1994.
- Archaeological Data Collection Apis Adobe 1845-1875; Riv-1520 Old Temecula, California. Manuscript on file at the Eastern California Information Center. University of California, Riverside Drover, C.E., Diana Pinto and Leland Bibb, 1991.
- Caltrans Archaeological Survey of the Proposed Potrero Boulevard Interchange (PM 28.958) on State Rt. 60 approximately one mile west of the I-10 near Beaumont, California, 1996.

- An Archaeological Assessment of the East Valley Sports Park, Thermal Airport Indio 7.5' USGS Map Thermal, California. Riverside County Redevelopment Agency, 1995.
- A Cultural Resources Impact Assessment Tonner Canyon/Shell Airtouch Cellular Antenna Site Yorba Linda 7.5' USGS Map, Brea, California, 1995.

Thomas L Jackson, Ph.D., RPA

Principal Investigator / Archaeologist

Summary of Qualifications

Mr. Jackson is a Principal of Pacific Legacy, Inc., and has more than 35 years experience as a professional archaeologist in cultural resources management. Mr. Jackson meets the Secretary of Interior's standards as an archeological Principal Investigator. His field experience is throughout California, the western Great Basin, Hawaii, Wake Island, Easter Island and Mongolia. As a specialist in igneous toolstone sourcing he has analyzed and reported on collections from the western US, Canada, Mexico, Guatemala, Peru, and elsewhere in South America. Mr. Jackson is course certified in *Native American Graves Protection & Repatriation Act: Implications & Practical Implications* (UN-Reno), *The National Environmental Policy Act and Historic Properties* (UN-Reno) and *Federal Projects and Historic Preservation Law* (Advisory Council on Historic Preservation). He has taught historic preservation and cultural resources management curriculum at the University of California at Berkeley.

Education

Ph.D., Anthropology, Stanford University, Stanford, California, 1986
(Dissertation title: *Late Prehistoric Obsidian Exchange in Central California*)
M.A., Anthropology, San Francisco State University, California, 1974
(Thesis title: *The Economics of Obsidian in Central California Prehistory: Applications of X-ray Fluorescence Spectrography in Archaeology*)
B.A., Anthropology (major), Geology (minor), San Francisco State University, California, 1971

Professional Experience

1994-present	Co-founder and Principal of Pacific Legacy, Inc. Senior archaeologist and Chief Financial officer.
1988-1994	Senior Archaeologist/Cultural Resources Division Director/Principal. BioSystems Analysis, Inc.

Thomas L Jackson, Ph.D., RPA

Principal Investigator / Archaeologist

- 1985-1988 Senior Archaeologist. Theodoratus Cultural Research.
- 1974-1985 Principal/Senior Archaeologist. Archaeological Consulting and Research Services, Inc.

Selected Publications & Accomplishments

- 2006-2007 Principal Investigator for Southern California Edison Company Tehachapi Renewable Transmission project, Kern, Los Angeles and San Bernardino Counties, California. Cultural resources inventory along 200+ miles of existing and proposed transmission lines in western Mojave Desert and Los Angeles basin. Client: Southern California Edison.
- 2005-2006 Principal Investigator for Southern San Joaquin Valley Oil Fields Comprehensive Study, Bureau of Land Management. Review historic context for 92 oil fields in the southern San Joaquin Valley and prepare recommendations for the identification and management of historic properties on oil field lands administered by BLM. Client: USDI Bureau of Land Management, Bakersfield Field Office.
- 1998-2007 Principal Investigator for on-call cultural resources studies for the University of California at Santa Cruz. Client: University of California at Santa Cruz.
- 2000-2007 Principal Investigator for cultural resources studies and historic preservation compliance for licensing the Southern California Edison Big Creek System (FERC Projects 67, 120, 2085, 2086, 2174 and 2175). Supervised all aspects of NHPA Section 106 and NEPA compliance activities for the relicensing 6 major hydroelectric projects, including archaeological inventory, site evaluation; preparation of Historic Properties Management Plans; Native American consultation with 11 separate tribes, groups, organizations and individuals; public meetings; multi-agency consultation; technical reporting; preparation of documents for general public; co-ordination with local historical societies and museums. Client: Southern California Edison Company.
- 2002 Principal Investigator for cultural resources studies for 250 square-mile Monument 3D Seismic prospect near Los Banos, Merced County: cultural resources inventory, Native American consultation, US Army Corps of Engineers, US Fish and Wildlife Service, California Fish and Game consultation. Client: Black Coral, LLC.
- 2001-2002 Principal Investigator, Designated Cultural Resource Specialist (by California Energy Commission) for the Elk Hills Power Project, Kern County. Construction and operation of Elk Hills Power Plant and transmission line Elk Hills to Midway Substation. Client: Elk Hills Power.
- 1999-2001 Principal Investigator for the cultural resources inventory for the Sunrise Power Project; preparation of the cultural resources element of the Application for Certification; testimony given before the California Energy Commission (CEC); designated project Cultural Resource Specialist approved by CEC. Client: Sunrise Power Company.
- 1998-2001 Principal Investigator/Contract Manager for California Department of Transportation multi-year, on-call cultural resources services contract for

Thomas L Jackson, Ph.D., RPA

Principal Investigator / Archaeologist

- Districts 5, 6, 9, and 10. Work involved Phase 1, Phase 1.5, Phase 2 archaeological studies, ethnographic, historical and ethnohistoric research, data analysis, National Register of Historic Places evaluations and reporting. Client: Caltrans.
- 1997-1999 Principal Investigator for prehistoric cultural resources management for Department of Energy (DOE) divestiture of Naval Petroleum Reserve No. 1, Kern County, CA., the most valuable (\$3.65 billion) single divestiture of federal property in U.S. history. Dr. Jackson designed and implemented the Cultural Resource Management Plan covering all historic property types at NPR-1; prepared National Register of Historic Places eligibility assessments; directed archeological survey, test excavations, laboratory analyses and reporting for 91 prehistoric sites; drafted and assisted the DOE in successfully negotiating a Programmatic Agreement with the California State Historic Preservation Officer and the Advisory Council on Historic Preservation and continues to assist the DOE in implementing the PA. Client: ICF Resources, Inc.
- 2006 (C. Stevenson, T. Jackson, A. Mieth, H-R Bork and T. Ladefoged). Prehistoric and early historic agriculture at Maunga Orito, Easter Island (Rapa Nui), Chile. *Antiquity* 80:919-936.
- 2005 (C. Stevenson and T. Jackson). Estimación de las tasas de hidratación de la composición química: un caso ejemplo de Xaltocan, Mexico. *La Produccion Local y El Poder en el Xaltocan Posclasico*, (E. Brumfield, ed.) 154-169. Serie Arqueología de México, Instituto Nacional de Anthropología e Historia/University of Pittsburgh.
- in press Obsidian Studies in South America: An Overview of Recent Research. Paper presented at Obsidian Summit International Workshop, Rikkyo University, Tokyo, Japan (2004). Paper accepted for publication of Summit Proceedings (2005).
- 1998 (M. Davis, T. Jackson, M. Shackley, T. Teague and J. Hampel) Factors Affecting the Energy-Dispersive X-Ray Fluorescence (EDXRF) Analysis of Archaeological Obsidian. In *Archaeological Obsidian Studies: Method and Theory*, edited by M.S. Shackley, pp. 159-180. Plenum Press, New York.
- 1994 (T. Jackson and J. Ericson) Prehistoric Exchange Systems in California. In *Prehistoric Exchange Systems in North America*, edited by T.G. Baugh and J.E. Ericson, pp.385-415. Plenum Press, New York.
- 1991 Pounding Acorn: Women's Production as Social and Economic Focus. In *Engendering Archaeology*, edited by M. Conkey and J. Gero, pp. 301-328. Basil Blackwell, Inc., Cambridge, England. BLM CA
Permits in Process
BLM NV
BLM AZ

- Stream Water Restoration and Erosion Control Methods (Certification from Army Corp of Engineers through course requirements)
- Riverside County Cultural Sensitivity
- Cultural Resource Management (University of Texas)

AREAS OF EXPERTISE

Ms. Shelby A. Manney has project management and technical experience in the following general areas:

- Archaeological Assessment and Planning
- GIS and Mapping
- Environmental Permitting
- Cultural Resource Management and permitting
- Environmental Monitoring
- Archeological Monitoring
- Hydrology
- Erosion Control

REPRESENTATIVE EXPERIENCE

Ms. Manney has six years of experience in Archaeology and progressive responsibility in environmental and cultural resource consulting. Her qualifications include hands-on planning, field investigation and assessment, design, permitting, and cost estimating. Ms. Manney's background includes extensive service to public and private-sector clientele including Kinder Morgan, Siempra Energy, US Air Force, US Army, El Paso Energy, Piute Pipeline, Arizona Pipeline, Tropicana Homes, Bureau of Land Management, Inergy, Trace Energy, SDG&E, PG&E, Texas Gas, BNSF, Jpower, Los Angeles County Housing Trust, Inergy, and SCG. She currently serves in the capacity of Project Archeologist for the growing Natural Resources Division supporting the cultural and biological needs of the division, including permitting, assessment, editing,

mapping, proposals, research, budgeting, CEQA compliance, Section 106 Compliance, and Native American Consultation.

Fort Bliss-Directorate of Environment, Conservation Division

50 site survey

This survey included several cultural phases, but principally Dona Ana and El Paso phases. Ms. Manney put together the EIR and compliance report.

DO-10

This project included an initial survey with data collection. The other phases of the project included extensive excavation and data collection. This project contributed to the overall empirical knowledge of the understudied area. Ms. Manney was a crew leader and assisted as an Archeological technician in survey, data recovery, report writing, curation, osteology, and mapping. Over 20 pit houses, 13 burials, and other features were found on this project, and most were excavated (all by TRC-Solutions: El Paso under Peter Condon).

DO-20

This project was located in the Hueco Bolson region of NM, like DO-10, and included all phases of CRM work. TRC-Solutions (El Paso, TX), after mitigation and excavation (also done by TRC-Solutions: El Paso, TX), conducted an initial survey. This project is now in its final stages. Ms. Manney assisted with excavation (data recovery), survey, report searches (class I and III), and compiling data for the final report. Over 20 pit houses were found on this project (excavated by TRC-Solutions: El Paso under Peter Condon).

DO-17

This project was around the same areas that DO-20 and DO-17 were located. On this site, as well as on DO-20, several human remains and burial features were found. Ms. Manney helped with mitigation, removal of the remains, mapping, cataloguing, and curating the remains. She also did extensive research of osteology and burial rituals in order to better represent the context of pre-historic remains found. Over 30 pit houses and other features were found on this project.

Kinder Morgan Pipelines

Breakout Facility

The Bureau of Land Management-Las Cruces Field Office (BLM) requested a Phase I, Class III, cultural resource survey of the proposed electric line to the existing breakout facility. Ms. Manney's investigations revisited and updated previously recorded sites (41EP8, 41EP25, 41EP317, 41EP2493, and 41EP2638). She found and recorded four previously undiscovered sites (41EP2908, 41EP5766, 41EP5793, and 41EP5794). In addition, she also recorded several isolated occurrences (which included several projectile points,

obsidian tools, flakes, and different types of pottery shards). She co-authored the report with Toni Goar (TRC-Solutions: Albuquerque, NM). Toni Goar covered regions in Arizona and California and Ms. Manney covered regions in Texas and El Paso that this proposed project would/might impact. All of the work for this project was contracted by TRC-Solutions (El Paso, TX).

“Cultural Resource Survey for Proposed Power Line: SFPP East line Expansion Project, Segment 1 El Paso County, Texas.” Project 48572 Texas Antiquities Permit No. 1389

“Cultural Resource Survey for Proposed Power Line: SFPP East line Expansion Project, Segment 1 El Paso County, Texas.” Project 50954 Texas Antiquities Permit No. 3099, TRC-El Paso, 2006

Tropicana Homes

This project was an extensive excavation project done by TRC-Solutions (El Paso, TX). This project was surveyed, with data collection, numerous times. Excavation of the project lasted for almost a year. The project manager was Peter Condon and Ms. Manney was a Staff Archeological. She worked principally on the excavation phase of this project. This project uncovered six pre-historic Paleo-Indian pit houses and thousands of artifacts, as well as two human burials.

Piute Pipeline: Reno, NV

Truckee River, NV: Ms. Manney worked as the Project Archeologist for TRC-Solutions (Irvine, CA). She created the cultural resource budget, permitting, compliance, survey, and mapping. She was also the cultural resource monitor for this project during construction activities.

Kinder Morgan, CA.

Los Angeles, Orange, and Riverside County: Ms. Manney created budgeting, permitting, impact assessment, proposals, and the EIR cultural assessment section for this project. The project area included an installation of pipeline from El Paso, TX to Los Angeles, CA. She is still currently in charge of Cultural Resource Management for this project.

San Gorgonio: San Bernardino County, CA.

Ms. Manney monitored and surveyed this area of Riverside County, CA for cultural artifacts during construction of a pipeline washout for Kinder Morgan pipelines. A single IO was found: a ceramic brownward shard.

WESPAC LAX: Los Angeles County, CA.

Ms. Manney worked as the Lead Archaeologist on this project. Over a year period she conducted extension surveys, record searches, and prepared technical documents in support of further effort in accordance with CEQA.

Riverside Transmission Reliability Project: Riverside County, CA
Ms. Manney worked as the Lead Archaeologist on this project. She prepared reports in compliance with CEQA and local regulation for Riverside Public Utilities.

Transwestern Pipeline: NM & AZ.

Ms. Manney worked as the Project Archaeologist on this project. She organized the crew and did field surveys, data collection, curation, and the testing plan.

Murrieta: Riverside County, CA

Ms. Manney worked as the Lead Archaeologist for this project. She did the initial investigation of record search preparation, as well as Native American Consultation, survey, and CEQA compliance.

Ontario Airport Expansion: Ontario, CA.

Ms. Manney was the Lead Archaeologist for this project. She conducted the record search, survey, and prepared documentation with CEQA compliance.

J Power Orange Grove Power Plant Project: San Diego County, CA

Ms. Manney worked as the Lead Archaeologist for this project. She developed the EIR cultural resource section in accordance to CEQA regulations. She also conducted extensive field surveys and record searches, developing research design and data collection for phase II of this effort.

Other Cultural Resource Projects

Ms. Manney is currently working at TRC-Solutions (Irvine, CA) as the Lead Archeologist for various projects for the clients listed below. Her principle responsibilities include Native American Consultation, research, Cultural Resource Management, permitting, EIR drafting, field work, site assessment and budgeting.

- **BNSF Bridge Repair:** San Bernardino, CA:
- **L.A. Housing Trust 29th Street:** Los Angeles County, CA:
- **Trace Energy Gaffey Street Terminal:** Los Angeles. County, CA.
- **PG&E Hunters Point,** San Francisco, CA
- **PG&E Pilarcitos Creek:** San Mateo, CA:
- **Kinder Morgan Energy Partners Deadman Junction:** San Bernardino, CA:

- **L.A. Housing Trust 29th Street:** Los Angeles County, CA.
- **BNSF:** Riverside County, CA.
- **Inergy:** Bakersfield, CA.
- **SCG Twentynine Palms:** San Bernardino County, CA.
- **Siempra Energy**
- **Trace Energy**
- **SDG&E**
- **Inergy**
- **JPower**

Biological Resource Projects

Kinder Morgan

In San Gorgonio, Ms. Manney monitored for a pipeline washout. She wrote the impact statement and compliance section for the report.

In the Whitewater River she conducted initial surveys for possible impacts, and research of possible endangered species in the project area. She monitored the project as well. During the monitoring she made sure that water quality was not affected and that all procedures were followed according to guidelines set out in the permitting process.

In Swarthout Canyon she did an initial survey of the area and is currently working on permits for the project.

Los Angeles WESPAC

Ms. Manney drafted environmental permitting, performed a noise survey, land use survey, and budgeted the proposed project.

TEACHING AND ADVISORY POSITIONS

Teaching Assistant, (2005 - 2006)

Archaeology Department, University of Texas at El Paso, TX

Student Archeologist and Researcher, (Summer 2005-Summer 2006)

Three Rivers, NM. Bureau of Land Management (BLM) through the University of Texas El Paso; Extensive excavation experience (10 weeks at 40-60 hours a

week). Survey work of Tularosa Basin Region and surrounding Three Rivers NM Area. Updated and created new maps of the large expansive of BLM area being studied (First study done since 1970). Helped compile research for final report for the BLM. Did the bulk of the artifact cataloguing and Lab curating for initial excavation in 2005 and 2006.

Assistant Editor (2004-2005)

Synthese Journal of Philosophy and Epistemology
The University of Texas at El Paso

Research Assistant (Current)

Claremont Graduate University, Claremont, CA
Department of Cultural Studies

Senior Editor (Current)

Cultural Critique Journal

Online Publication, Currently developing format and database.

LS111 Washout Repairs Environmental Compliance Monitoring Report.” Whitewater, California. Project 25184201. Prepared for Kinder Morgan Pipelines while working for TRC-Irvine.

URBANA PRESERVATION & PLANNING

WENDY L. TINSLEY
PRINCIPAL HISTORIAN / PRESERVATION PLANNER
wendy@urbanapreservation.com

Ms. Tinsley brings a solid background in history, architectural history and urban planning, with a particular emphasis on issues relating to historic preservation. Her statewide experience includes extensive historical resources survey work, design review under *The Secretary of the Interior's Standards for the Treatment of Historic Properties*, single-site historic property research and documentation, and practice in municipal regulatory planning and cultural resources compliance issues including code compliance, revision and review, CEQA, NEPA, and Section 106 of the National Historic Preservation Act. As a preservation planning consultant she participates in the development and administration of local land use regulations, policies, programs and projects; prepares reports involving research and analysis of various planning issues; conducts site-specific project and design review; and facilitates project coordination between contractors, architects, developers, citizens and other stakeholders. Wendy meets the *Secretary of the Interior's Historic Preservation Professional Qualifications Standards* in the disciplines of History and Architectural History and the *draft standards* established for Historic Preservation and Land Use/Community Planning.

Ms. Tinsley was the founding President of the Jack London District Association, a non-profit community advocacy organization for the Jack London District, an emerging neighborhood located along the historic industrial waterfront of Oakland, California that is anchored by a ten-block district of intact historically and architecturally significant warehouse properties listed on the National Register of Historic Places. In this position Ms. Tinsley regularly facilitated community visioning workshops, presided over community meetings, corresponded and negotiated with City Staff and Council representatives, and development interests on behalf of the Jack London District.

Wendy has authored invited contributions for the *Encyclopedia of the City* publication and authored the United States Research Bibliography for the newly published book *The International Faces of Urban Sprawl*. She is currently completing a book on the planning and development history of San Diego, which will be a valuable reference resource to historic preservation and planning professionals, academics, and local historians.

Wendy served as a Board member of the Northern California Chapter of the American Planning Association (APA) from 2004 through 2006 where she was appointed as the San Francisco and East Bay Chair for the group's Regional Advisory Council. She currently serves as the California Representative for the APA National Urban Design & Preservation Division. In January 2007 she joined the instructor team at the University of California at San Diego's (UCSD) Urban Planning & Development professional certificate program, where she teaches courses on Historic Preservation Planning, Architectural History and City Planning, and serves as a program advisory group member to further historic preservation in local planning and development education curriculums.

Wendy has assisted jurisdictions in preservation planning program development efforts through:

- Crafting historic preservation ordinance language and related procedural and administrative guidelines;
- Reviewing existing programs for specialized use in historic preservation strategies;
- Establishing preservation incentive and benefit programs;
- Navigating proposed programs through the participatory process including educating advisory committees and established municipal historic preservation boards;
- Facilitating public workshops, and presenting conclusions and recommendations to city decision-makers;
- Conducting comprehensive historical resource/historic property surveys to identify and evaluate eligible properties and inform the current and long-range planning and development process.

She is currently the lead historic preservation consultant for the City of Chula Vista's Proposed Municipal Preservation Planning Program where she works closely with City Staff and the Interim-Historic Preservation Advisory Committee to develop a local historic preservation program including a historic preservation ordinance, historic design review guidelines, and incentives and benefits for historic property owners and project applicants. Additionally Wendy provides on-call historic preservation planning services for the Southern California Edison Company as part of the Tehachapi Renewable Transmission Project.

EDUCATION

Master of City Planning, Historic Preservation & Urban Design Concentration
Thesis Title: *How Cities Grow: A History Of San Diego Neighborhood Development Patterns, 1769-1955*
California State University, San Diego

Bachelor of Arts – History, Public History & Urban Studies Concentration
Senior Research Thesis: *Another Streetcar Suburb: The Development of Mission Beach, 1914-1930*
California State University, San Diego

PROFESSIONAL EXPERIENCE

Principal: Urbana Preservation & Planning, (Oakland & San Diego) 04/2005-present
Architectural Historian & Preservation Planner: Architectural Resources Group (San Francisco & Los Angeles), 10/2002-04/2005
Architectural Historian & Preservation Planner: Historic Research Services, (San Diego) 12/2001-10/2002
Historian & Historic Preservation Planner: Office of Marie Burke Lia, Attorney at Law, (San Diego) 01/2000-11/2001
Assistant Coordinator: SHPO/CHRIS-South Coastal Information Center, 07/1998-08/1999
Consultant, East Side Survey and Oral History Program: City of Occanside Department of Planning and Land Use, 01/1999-06/1999
Consultant, National Register of Historic Places Travel Itinerary: City of San Diego Historic Site Board, 06/1998-06/1999
Research Assistant: SHPO/CHRIS-South Coastal Information Center, 12/1996-07/1998

SELECT RELATED EXPERIENCE / PROFESSIONAL SEMINARS / CONTINUING EDUCATION

Instructor: UCSD Urban Planning & Development Extension Certificate Program. Courses Taught:
Architectural History of San Diego – Winter Quarter 2008
Historic Preservation Planning – Winter Quarter 2007, Summer Quarter 2007, Winter Quarter 2008
Fundamentals of City Planning – Summer Quarter 2007
Seminar Facilitator / Panel Speaker: *Planning for Preservation: A Survey of Municipal Preservation Programs Throughout San Diego County*, UCSD Extension–UPD Cert. Program, 11/2006
Invited Speaker: *Local Historic Site Designation & The Mills Act Historic Property Tax Credit Program*, City of San Leandro (CA), 04/2005
Attendee: CA Preservation Foundation & CA Office of Historic Preservation, *Historical Resource Surveys for Local Governments*, San Diego (CA) 02/2004
Attendee: National Charrette Institute, *Introduction to Dynamic Planning* (Level 1 NCI Charrette Manager Certification Training), San Diego (CA) 10/2003
Attendee: CA Preservation Foundation, *Incentives for Historic Preservation Projects*, Berkeley (CA) 09/2003
Attendee: University of Southern CA, *Preservation Planning & Law*, Los Angeles (CA) 07/2003
Attendee: League of CA Cities, *Smart Growth Zoning Codes*, Lodi (CA) 12/2002
Invited Participant: *Second Natures, Redefining The Los Angeles Riverfront*, Los Angeles (CA) 01/2002 (2-Day Planning & Design Charrette hosted by MOCA & The Geffen)
Graduate Instructor: Urban Studies & Planning Program, University of CA at San Diego,
Courses Taught: USP 124-Land Use Planning, Dr. Nico Calavita, 09/2001 – 12/2001
Graduate Teaching Assistant: City Planning Graduate Program, San Diego State University,
Dr. Nico Calavita, 01/2000 – 08/2000, 09/2001 – 12/2001, 01/2002 – 05/2002
Selected Smart Growth Researcher: San Diego State University Foundation & City Planning Graduate Program, Dr. Roger Caves, 01/2001 – 08/2001 (Grant Topic: Planning for Sprawl in the U.S)
Attendee: *Section 106 An Introductory Course*, National Preservation Institute, San Francisco (CA) 04/1999
