

## APPENDIX 4.1I

# Air District Permitting Application Forms

---

The SCAQMD permitting application forms will be included in the stand-alone application document prepared for the AQMD per Regulation XIII. These application forms in conjunction with the amended sections from Volumes I and II of the AFC (specifically the Project Description Section, the Air Quality and Public Health Section and applicable Appendices) constitute the facility's application for a Permit to Construct pursuant to SCAQMD Rule 1301(b)(2).

Forms to be included in the SCAQMD application:

- Standard District permit application and source specific forms.
- CEQA forms
- Title V forms
