Purpose of the Workshop

The purpose of the workshop is to allow staff, the applicant, intervenors, interested agencies, and the public to discuss staff's rebuttal testimony, comments received on the FSA, and any possible changes to staff's proposed conditions of certification being considered in response to these comments. The PHPP evidentiary hearing was originally scheduled for February 3, 2011; however, the Committee has continued the hearing to a later date in response to Center for Biological Diversity's Motion to Continue Hearing Dates. Because the parties had already planned for a Palmdale proceeding on this date, staff believes it would be beneficial to use this time to discuss outstanding issues and remaining areas of disagreement and believes that no one is prejudiced by this slightly shortened noticing period. To this end, the presiding member has shortened the time required for noticing this workshop pursuant to Title 20, California Code of Regulations, section 1203(f).
