Mr. Mark Mojada
Cultural Resources Chair
San Luis Rey Band
Pala, California 92059

Dear Mr. Mojada:

I apologize for not responding to your comments more promptly. To follow up on your expressed interest in site CA-SDI-12,209, a milling and pictograph site west of the town of Escondido, I have enclosed for your records two photographs of the pictograph panel. One of these has had the red spectrum colors enhanced to accentuate the rock art design elements.

As the project is currently configured, no construction activity will take place in the vicinity of the site and no impacts are anticipated. If this situation changes, you will be promptly notified.

If you have other concerns or comments, please feel free to contact me any time.

Sincerely,

Jackson Underwood, Ph.D., R.P.A.
