

**PALOMAR ENERGY PROJECT (01-AFC-24)
CEC STAFF DATA REQUEST NUMBER 103**

Technical Area: Visual Resources

Response Date: April 8, 2002

REQUEST:

Please explain what is meant by the term aesthetic steel fencing.

RESPONSE:

Current plans for perimeter fencing of the Palomar site are to install black iron fencing with vertical one to two inch square bars spaced 6"-12" apart.
