

**PALOMAR ENERGY PROJECT (01-AFC-24)
CEC STAFF DATA REQUEST NUMBER 85**

Technical Area: Visual Resources

Response Date: April 8, 2002

REQUEST:

For those KOPs where the completed CalPeak project is visible, please revise the project simulation images to include the new existing conditions base photograph that shows the completed power plant. The images must be at life-size scale when viewed at a standard reading/viewing distance of 18 inches. Please provide four sets of photocopies of high quality 11"x17" color images of the simulations

RESPONSE:

Palomar has filed an objection to this data request. Palomar will confer with staff about the need for and timing of a response to this request
