August 1, 2001.

Kevin Kennedy  
California Energy Commission  
1516 Ninth Street  
Sacramento CA 95814-2950

Dear Mr. Kennedy:

This correspondence is regarding the Evergreen Concord Peaking Facility, Application For Certification, 21-Day Emergency Certification Process. At this time we would like to withdraw our application under the 21-day emergency process for this project. However, we would like to re-apply for certification under the 6-month process at a future date, yet to be determined.

If you have any questions or require any further information, please feel free to call me.

Sincerely,

Daniel C. Pulido, for Hal Mitchell
