RE: Quail Brush Generation Project Application for Certification

Dear Mr. Olgesby:

Pursuant to the provisions of Title 20, California Code of Regulations, Quail Brush Genco, LLC hereby submits the Quail Brush Generation Project Application for Certification Data Adequacy Supplement. The project comprises a nominal 100 MW natural gas-fired peaking power facility located within the City of San Diego.

This data adequacy supplement was compiled in response to the Energy Commission’s Data Adequacy Recommendation (11-AFC-3) dated September 28, 2011. This document provides the additional information necessary to fulfill the Application for Certification data adequacy requirements for the following technical areas:

- Air Quality
- Alternatives
- Biological Resources
- Cultural Resources
- Paleontological Resources
- Project Overview
- Traffic and Transportation
- Transmission System Design
