Pursuant to the October 2, 2012 Revised Committee Schedule for Quail Brush Generation Project, Intervenor Sierra Club, San Diego Chapter submits this Status Report.

The Sierra Club has worked intensively with our members and those of allied organizations and citizens groups to successfully prevent the Quail Brush power plant proposal from receiving necessary support at the San Diego Planning Commission and City Council. Our effort is guided by the evidence that there is no demonstrable need for Quail Brush to meet our regional energy needs. Most recently, the CPUC administrative law judge and Commissioner Ferron released separate decisions on SDG&E’s PPTA application that bolster our opinion. We look forward to our participation as an intervenor in this application.

Sincerely,
