Please continue to vote against all three of these destructive proposals!!!

1. NO to the Quail Brush Power Plant,
2. NO to 24-hour dumping at the Sycamore Landfill
3. NO to the destruction of West Hills with rare vernal pools by the Castlerock subdivision.

All of these proposals degrade our parks and threaten our health and community. Significant unmitigable Toxic Air Contaminant impacts, excessive noise, and destruction of scenic open space resources should not be allowed!!!!!!!!!!

Thank you.

Robert A. Stockfleth
