**Subject:** Docket Number: 11-AFC-03 Quail Brush

To: CPUC and CEC,

Dear Public Officials:

Below is a list of submissions from applicant CoGentrix to the CEC. The list shows revisions, supplements, confidentiality requests, clarifications, further responses, addendums, more revisions, modifications and changes. Even the plans of the proposed building and landscaping was greatly revamped. The applicant's continued tweaking will not change the facts that Quail Brush is not in the best interest of San Diego or California.

This management method is not wanted in California - totally wasting consumers and taxpayers resources.

The transparency requested from Governor Brown is not honored with closed door meetings and confidential financial reports. All lobbying activities should be made available to the public.

Again, please deny this wasteful project. Now do the right thing!

Yours for open, intelligent government.

Judi Ravetti
