**Re: Property Adjacent to Etiwanda Generating Station**

Dear Mr. Alvarado:

The Inland Empire Utilities Agency (IEUA) currently owns property adjacent to Reliant Energy's Etiwanda Generating Station in Rancho Cucamonga, California. Per our recent discussions, IEUA is willing to work with Reliant to sell or lease a sufficient portion of IEUA property for Reliant's proposed facilities.

This letter serves to indicate IEUA's intent to work with Reliant with regard to their use of a portion of IEUA's adjacent property, subject to maintaining sufficient property for IEUA's operations and maintenance needs and providing for IEUA's access to the site.

Furthermore we have indicated our space requirements to maintain efficient and safe operations and it appears that is feasible for Reliant's needs.

Sincerely,

Thomas A. Love
