TBD	PMPD Errata (if necessary);
TBD	Energy Commission Hearing--Final Decision;

Purpose of Prehearing Conference

The Prehearing Conference is a public forum where the Committee will assess the parties' readiness for an evidentiary hearing, identify areas of agreement or dispute, and discuss the remaining schedule and procedures necessary to conclude the review of the Application for Certification. (Cal. Code Regs., tit. 20 § 1718.5.)

At the Prehearing Conference, Intervenors shall present their respective positions regarding Air Quality and identify those issues that have been resolved and those that are disputed which will require adjudication. Intervenors shall also identify proposed witnesses, as well as the time required for direct testimony and/or cross-examination. (Applicant and Staff have already submitted their Prehearing Conference Statements).

Local, state, and federal governmental agencies may participate at the Prehearing Conference and Evidentiary Hearing, as necessary. (Cal. Code Regs., tit. 20 § 1714.5.) Elected officials and members of the public may present public comments at these events and/or submit written comments to the Energy Commission's Docket Unit. Please include "Docket No. 07-AFC-3" on any written comments.
