

Section 3 ENGINEERING ANALYSIS

The following sections provide a description of the modifications proposed to the BSPP as they may affect the assumptions, rationale, and Conditions of Certification in the Commission Final Decision. As discussed in Section 2 of this Petition, PVSI has not yet selected the exact combination of fixed tilt and single access tracking PV modules for the site. Such selection will be made as part of the final design of the BSPP. However, where there are differences between the two systems, PVSI has included a comparison of each for the Commission to consider a “worst-case” for each technical area.
