Re: *GWF Tracy Combined Cycle Project, CEC Docket No. 08-AFC-7*

Dear Mr. Seligman:

We are in receipt of your letter dated October 14, 2008, requesting intervention in the above-referenced matter on behalf of your clients. Although the letter was not presented in the form of a Petition to Intervene, we will treat it as such because it does contain all the required elements of a Petition to Intervene.

Section 1716.5 of our regulations requires that we give the parties a reasonable time to review the petition and respond if they wish. Thus, you may expect to receive the committee's order either granting or denying the petition within 10 days. My understanding is that you have been made aware of the Informational Hearing and Site Visit which will take place on October 23, 2008.

Sincerely,

Original Signed by
