 c. Address 4900 S. Soto Street City Vernon Zip 90058
 d. UTM: (Give more than one for large and/or linear resources) Zone: 11 ; _____ mE/ _____ mN
 e. Other Locational Data: (e.g. parcel #, directions to resource, elevation, etc., as appropriate)
 APN # 6303-023-008

*P3a. Description (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries)

The Gamco Enterprises commercial/industrial building is a steel reinforced concrete structure in the industrial center of Vernon. The front of the building is partially constructed of brick, the roof is flat and features a cantilever awning that runs the length of the façade (entrance). Encasement windows are alternately placed. The exterior walls in the front portion of the building are faced with smooth stucco, otherwise the building appears to be in the modern, industrial vernacular. The center portion of the structure is expanded in height to ca. 30-feet, to allow oversize equipment. The structure has several large bay/garage doors on both sides. A concrete parapet runs the course atop the roof of the central portion of the structure. The rear of the building is molded in a semi-circular form of reinforced concrete. The windows in the rear of the building are louver-style within the larger frame of opaque single pane glass. The structure is in good condition.

The setting is a mix of industrial and commercial. The building is located on the southwest corner of the intersection of S. Soto Street and Leonis Blvd. The structure is surrounded by other light industrial buildings and railroad spurs.

*P3b. Resource Attributes: (List attributes and codes) HP6 (1-3 story commercial building)

*P4. Resources present: Building Structure Object Site District Element of District Other (isolates, etc.)

P5a. Photograph or Drawing (Photograph required for buildings, structures, and objects)

See Continuation sheet for photos.

P5b. Description of Photo: (View, date, accession #)
 See Continuation sheet for photos.
