Dear Ms. Cook,

Yes, I am available for questions, although I do not consider myself particularly knowledgeable about the area. My telephone number is 760-946-2669

Richard

Subject: Victorville Archaeological Project

-->

Dear Mr Thompson

Aimee Arrigoni of William Self Associates, Inc. contacted you in September of last year regarding the Victorville Archaeological Project. Her questions pertained to the likely use and date of construction of approximately 22 structural foundations (likely the sites of former homes) that were located in the area east of Helendale Road and north of Colusa Road. Thank you again for your help at this time. The cultural resources staff of the California Energy Commission (CEC) would now like to know if you would be willing to be contacted should they have any further questions regarding historical information for cultural materials within the project area. If so, could you please provide a telephone number that the CEC could contact you on.

Thanks very much.

Kind Regards

Angela Cook
