REVISED NOTICE OF PROPOSED AWARDS

Alternative and Renewable Fuel and Vehicle Technology Program Grant Solicitation GFO-17-604 Electric Vehicle Ready Communities Challenge Phase I- Blueprint Development Solicitation June 1, 2018

On December 14, 2017, the California Energy Commission (Energy Commission) released a Grant Solicitation and Application Package entitled “Electric Vehicles (EV) Ready Communities Challenge, Phase I – Blueprint Plan Development” under the Alternative and Renewable Fuel and Vehicle Technology Program (ARFVTP). This competitive grant solicitation was an offer to fund project teams to accelerate the deployment of electrified transportation within the local and regional levels with a holistic and futuristic view of regional transportation planning. This solicitation was for Phase I of an expected two-phase effort for electric vehicle-(EV) ready communities. Phase I is for the development of the planning blueprints to identify the actions and milestones needed to proceed towards implementation of the EV-ready community. Successful applicants under this solicitation will have the opportunity to submit completed blueprints to compete for and receive future funding under Phase II for implementation of their completed blueprints.

The attached table, “Revised Notice of Proposed Awards,” removes one proposed recipient that withdrew their application and proposes an award to the next highest scoring passing proposal. This notice is being mailed to all parties who submitted an application to this solicitation and is also posted on the Energy Commission’s website at <http://www.energy.ca.gov/contracts/index.html>.

Funding of proposed projects resulting from this solicitation is contingent upon the approval of these projects at a publicly noticed Energy Commission business meeting and execution of a grant agreement. If the Energy Commission is unable to timely negotiate and execute a funding agreement with an applicant, the Energy Commission, at its sole discretion, reserves the right to cancel the pending award.
