**NOTICE OF PROPOSED AWARD****Alternative and Renewable Fuel and Vehicle Technology Program****Grant Solicitation GFO-17-606
Chino Light Duty Vehicle Hydrogen Refueling Station****December 12, 2018**

On August 17, 2017, the California Energy Commission (Energy Commission) released a Grant Solicitation and Application Package entitled “Chino Light Duty Vehicle Hydrogen Refueling Station” under the Alternative and Renewable Fuel and Vehicle Technology Program (ARFVTP). This grant solicitation was an offer to fund a project to complete the construction of a publicly accessible hydrogen refueling station capable of on-site hydrogen production and dispensing of at least 100 kilograms of 100 percent renewable hydrogen per day using an on-site electrolyzer. The grant solicitation announced that there is a total of \$791,862 available for the agreement resulting from this solicitation and that the Energy Commission, at its sole discretion, reserves the right to increase or reduce the amount of funds available.

The attached table, “Notice of Proposed Award,” identifies the applicant selected and recommended for funding by Energy Commission staff and includes the amount of recommended funding and score. This notice is being mailed to all parties who submitted an application and is also posted on the Energy Commission’s website at: <http://www.energy.ca.gov/contracts/index.html>.

Funding of the proposed project resulting from this solicitation is contingent upon the approval of this project at a publicly noticed Energy Commission Business Meeting and execution of a grant agreement. The Energy Commission reserves the right to negotiate with applicants to modify the project scope, the level of funding, or both. If the Energy Commission is unable to timely negotiate and execute a funding agreement with an Applicant, the Energy Commission, at its sole discretion, reserves the right to cancel the pending award.
