STATE ENERGY RESOURCES
CONSERVATION AND DEVELOPMENT COMMISSION

RESOLUTION – RE: ELECTRICITY SURCHARGE RATE

WHEREAS, the State Energy Resources Conservation and Development Commission (hereafter, “Energy Commission”), pursuant to section 40016 of the Revenue and Taxation Code (as amended by Chapter 1124, Statutes of 2002), is authorized to fix the state’s electricity surcharge rate at a public meeting each November for each calendar year starting the following January; and

WHEREAS, the Energy Commission may adjust the rate annually but under no circumstances may the rate exceed three-tenths mill (\$0.0003) per kilowatt-hour; and

WHEREAS, the Energy Commission has determined that revenues from the surcharge at the 2018 rate of twenty-nine hundredths mill (\$0.00029) per kilowatt-hour will be insufficient to fund the Energy Commission’s programs in the future;

THEREFORE, BE IT RESOLVED, the Energy Commission implements the legislative intent to ensure adequate funding of Energy Commission programs by determining that the electricity surcharge rate for calendar year 2019 shall be increased to three-tenths mill (\$0.0003) per kilowatt-hour, effective January 1, 2019.
