Form 801 Attachment Payam Bozorgchami California Energy Commission U.S. DOE Merit Review Panel Golden, CO September 24-26, 2019

2. United States Department of Energy (U.S. DOE) is an agency that ensures America's security and prosperity by addressing its energy, environmental and nuclear challenges through transformation science and technology solutions.

3.2 Payam Bozorgchami, a Senior Civil Engineer in the Efficiency Division, will represent California on the Merit Review Panel for proposals submitted in response to federal funding opportunity for Advanced Buildings Construction with Energy Efficient Technologies & Practices (ABC). ABC perfectly corresponds with California's goals for zero net energy buildings and expands renewable energy to assist in California's effort on climate change. Participation in ABC helps the Energy Commission in knowing the newest technologies being proposed for future development by U.S. DOE.
