Attachment to Form 801  
For Andrew McAllister

National Governors Association  
*Energy Innovation Summit*  
Denver, CO  
October 4, 2017

**Section 2: Describe the entity's business activity or its nature and interests:**

The National Governors Association is a bipartisan organization of the nation's governors that promotes visionary state leadership, shares best practices, and speaks with a collective voice on national policy. The *Energy Innovation Summit* is part of NGA Chair Nevada Governor Brian Sandoval's Ahead of the Curve initiative that, in part, focuses on the energy and transportation sectors as two leading areas of innovation.

**Section 3.2: Specific description of the payment and its agency purpose and use.**

The NGA will pay expenses for Commissioner McAllister to participate on a panel at the National Governors Association (NGA) Energy Innovation Summit in Denver, Colorado on October 4. The topic is modern analytical tools to promote responsible energy policies, an area Commissioner McAllister is leading here in California.

This summit will provide ideas to state governments on how to manage the fast pace of technological development, particularly in the energy industry. The Energy Innovation Summit will provide governor's advisors insights into how technology is changing the power sector and give recommendations on how to support technological innovation, modernize policy and regulatory processes, educate citizens about benefits and risks, prepare the workforce, and protect systems from cyber threats.
