## Attachment to Form 801

### Section 2

ClimateWorks Foundation is a team of researchers, strategists, collaborators, and grant-makers who are committed to climate action and believe in the power of collective philanthropy.

A non-governmental organization that works globally, ClimateWorks collaborates with funders, regional and research partners, and other climate leaders to strengthen philanthropy's response to climate change.

ClimateWorks Foundation is a US-based 501(c)(3) public charity.

### Section 3.2

Commissioner McAllister will attend the Energy Efficiency Global forum and Clean Energy Ministerial (CEM) in Copenhagen, Denmark. The Energy Efficiency Global Forum (EEGlobal) is an annual event organized by the US-based Alliance to Save Energy, which serves as an effective platform for expanding the reach and impact of California's clean energy agenda. He will participate as a speaker and his role will provide an opportunity to highlight California's long trajectory of clean energy investment, emphasize the centrality of energy efficiency in our state's success, and drive others to implement similarly aggressive measures. EEGlobal is running contiguous with the 5<sup>th</sup> Clean Energy Ministerial (CEM), which Commissioner McAllister will also attend. The CEM will emphasize clean transportation and networking among U2MOU signatories. As a leading representative of the state of California, Commissioner McAllister will be able to engage within a global forum including U2MOU signatories and progressive jurisdictions working on issues analogous to those we face here.
