¹The eligible renewable percentage above does not reflect RPS compliance, which is determined using a different methodology.

For specific information about this electricity portfolio, contact:

MCE 1 (888) 632-3674

For general information about the Power Content Label, visit:

 $\frac{\text{https://www.energy.ca.gov/programs-and-topics/programs/power-source-disclosure-program}}{\text{program}}$

²Unspecified power is electricity that has been purchased through open market transactions and is not traceable to a specific generation source.

³Renewable energy credits (RECs) are tracking instruments issued for renewable generation. Unbundled renewable energy credits (RECs) represent renewable generation that was not delivered to serve retail sales. Unbundled RECs are not reflected in the power mix or GHG emissions intensities above.
