

General Instructions for Submitting Appliance Data

(Last Updated March 2019)

Introduction

In California, manufacturers of federally and state-regulated appliances are required to certify their appliance efficiency data and other information to the California Energy Commission (Energy Commission).

The Energy Commission promotes energy efficiency by establishing and enforcing energy efficiency standards for appliances sold or offered for sale in California. By certifying appliance efficiency data to the Energy Commission, manufacturers will gain access to a leading consumer appliance market and also ensure that Californians have energy efficient appliance options that are affordable, reliable, and environmentally friendly. Regulated appliances that have not been certified to the Energy Commission cannot be legally sold or offered for sale in the state of California.

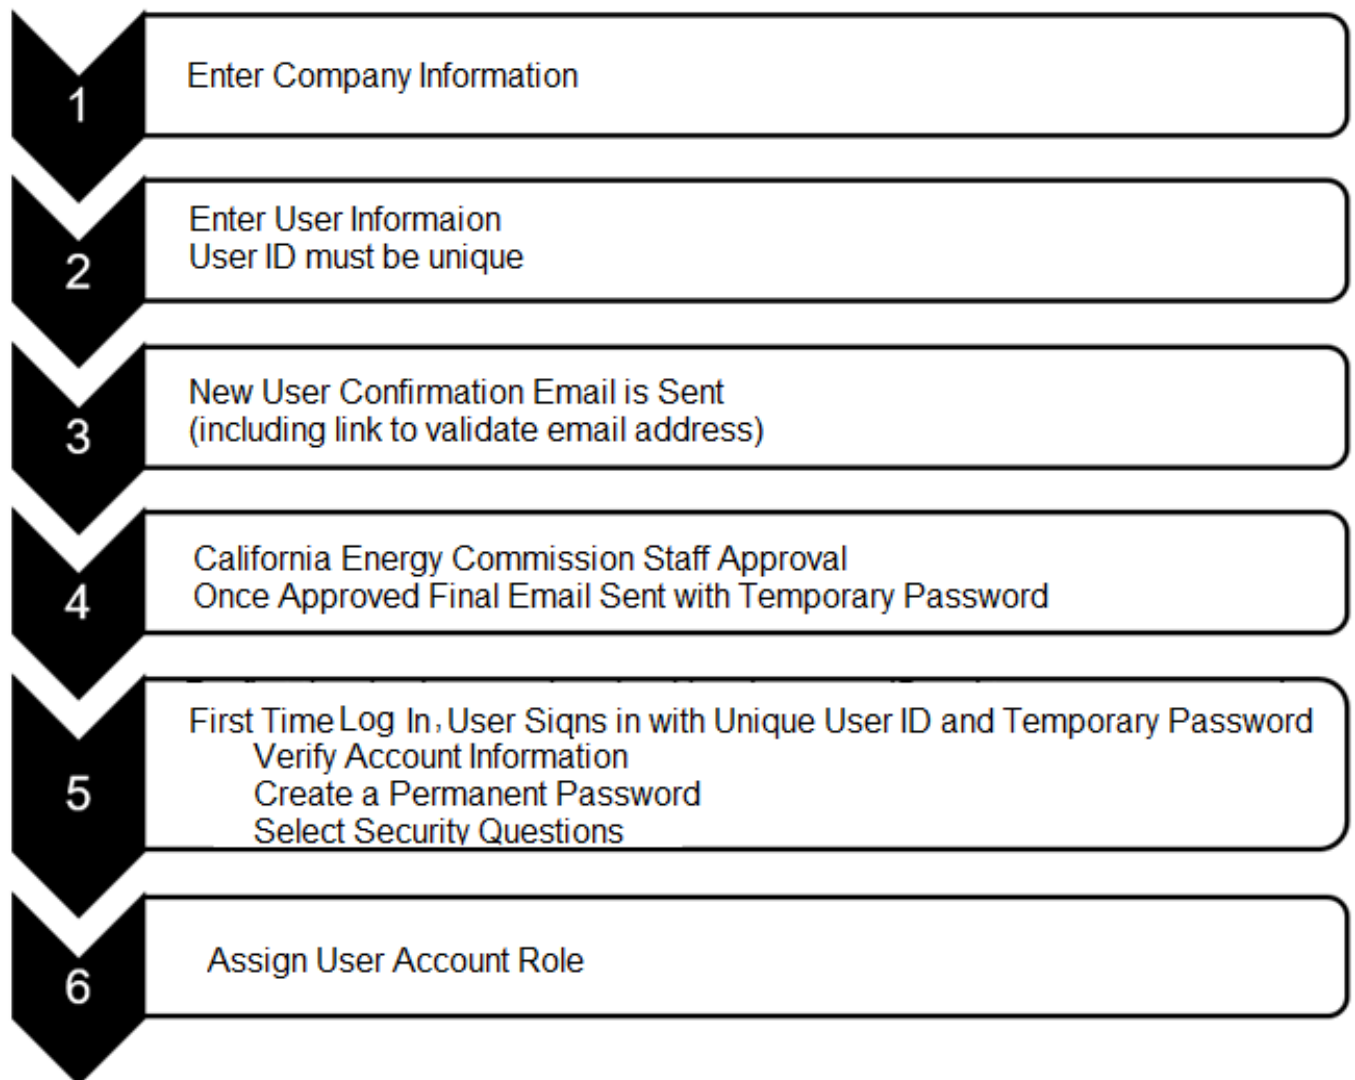

Certification of appliance data (a maximum of 1000 data entries per submittal) is submitted through the modernized appliance efficiency database system (MAEDBS). This document contains instructions for registering a new account, adding users to an account, submitting a test lab application, a third party certifier application, and a delegation of authority application using MAEDBS. These instructions are intended for all company types (i.e. manufacturer, third party certifier, test lab). Please read this document in its entirety before beginning to submit appliance data for certification. For questions or clarification on any information contained in these instructions, please contact us via e-mail at: appliances@energy.ca.gov.

Need additional help? Register with EnergyCodeAce.com to access its Title 20 On-Demand Video Training series. Separate modules on how to use the MAEDBS are provided for manufacturers, third-party certifiers, test labs, retailers, distributors, and consumers. The site also provides useful industry links and informational documents to help “decode” Title 20.

Process Overview of Registering a New Account

Overview of Submitting Company Type Applications

*If the manufacturer or third-party certifier is **only** deleting appliance data in their submission no test laboratory is required.

Registering a New Account

This section is designed to provide instructions for registering a new account for all company types (i.e. manufacturer, third party certifier, test laboratory). Having a registered account allows the user to submit data and/or applications to the Energy Commission using the online MAEDBS.

To register a new account, begin by clicking the '**Register new account**' button on the homepage (shown below). [Register New Account Here](#)

1. To register a new account, begin by clicking the "Register new account" button (1) on the homepage (shown below).

The screenshot shows the MAEDBS Log In page. At the top is the California Energy Commission logo. The main heading is "MAEDBS Log In". Below this are two input fields: "*User ID * (Required)" and "*Password * (Required)". There is a checkbox for "I have read and agree to the Login Policy" and links for "Forgot your User ID?" and "Forgot your Password?". A "Sign In" button is located below these links. On the left side, there is a section titled "Don't have an account" which is circled in red. This section contains text about creating an account and a "Register new account" button. A red arrow points to this button with a red "1" next to it. To the right of the "Don't have an account" section are two other sections: "Public Search" and "3rd Party and Test Laboratory Approvals". The "Public Search" section has a search bar and a "Search" button. The "3rd Party and Test Laboratory Approvals" section has a search bar and a "Search" button. At the bottom of the page, there is a footer with contact information and a version/build number.

Questions related to the new appliance database can be directed to Appliances@energy.ca.gov or to the Appliances Hotline, toll free at (888) 838-1467 or outside California (916) 651-7100 (9 AM to 4:30 PM PST).

Need additional help? Register with EnergyCodeAce.com (<http://energycodeace.com/content/registration-information>) to access its Title 20 On-Demand Video Training series (<http://energycodeace.com/content/title-20-training>). Separate modules on how to use the MAEDBS are provided for manufacturers, third-party certifiers, test labs, retailers, distributors and consumers. The site also provides useful industry links and informational documents to help "decode" Title 20.

Current Build: Version 2.8.13 Deployed on 10/24/2019

2. After clicking on the “register new account” button, you will be redirected to the “Create new company page.” (shown below)
 - a. Enter the full name of the company you are creating an account for.
 - b. Select the company types that are applicable to your company.
 - i. The note underneath states: “Selecting a company type does not grant immediate access by the California Energy Commission. A company will still need to submit an approval application before they are able to submit data.”
 - ii. Checking a company type box allows access to applications specific to that company type.
 - c. Checking this box indicates that you are not a test lab or third party certifier who is setting up an account for a manufacturer.
 - d. Select the appliance categories that your company manufactures, certifies, or tests.
3. After inputting the company information, scroll down to the address portion of the page. (shown below)
 - a. Begin by selecting the country (from the dropdown menu) that your company is located in
 - b. Enter the location number and street of the company in address line one; other information relevant to the address can be entered in address line two.
 - c. Enter the other remaining company address information in the field boxes provided according to the title above it.

Create new company 2

Instructions

- Please fill out all the required fields marked by *
- Please select all company types that apply.

Company Information

*Company Name 2a

Company Website (Follow Format: <http://www.energy.ca.gov>)

Company Type 2b

☐ Manufacturer ☐ Test Lab ☐ 3rd Party Certifier

(Note: Selecting a company type does not grant immediate access by the California Energy Commission. A company will still need to submit an approval application before they are able to submit data. Checking a company type box allows access to applications specific to that company type.)

"Manufacturer" means any person engaged in the original production or assembly of an appliance or any person that assumes the complete legal responsibility for the original production or assembly of an appliance, which includes, but is not limited to, the responsibility normally held by the manufacturer for product liability, warranty, and compliance with State and federal law. "Manufacturer" also means a private brand packager or reassembler.

☐ By checking this box I hereby certify that I am NOT a test lab or third party that is setting up an account for a manufacturer 2c

Categories Manufactured, Certified or Tested 2d

Please Select

4 Create User

4. After entering the required information for the company, click the "Create User" button to save your information and continue to the next step where you will input your information.
 - a. Enter your last name and first name in the appropriate field boxes.
 - b. Enter the best contact information where you can be reached.
 - i. Email Address: must be an active email address in order to validate your email.
 - ii. Phone Number: must include the country code and area code and dashes where appropriate (i.e. 1-999-999-999)
 1. If you have an extension, add the extension number by indicating 'x' after the phone number (1-999-999-9999x5555)
 - iii. Fax Number: follows the format of the phone number

- c. User ID: Enter a unique user id name (max of 25 characters). We suggest using the first initial of your first name and your complete last name (i.e. John Doe, ID: JDoe). If the user ID is already taken, add a number at the end or enter another user ID of your choice. Note, this will be the user ID you will use to log into your account.
 - d. Check the box that the email provided is valid and may be used to send notices and other information regarding database activities.
5. When completed, click the “save” button to finish the *first step* in registering your account. A message will appear confirming your request and an email validation request will be sent to the email you provided.

The screenshot shows a web form titled "Create New User". In the top right corner, a red arrow labeled "5" points to a "Save" button. Below the title is an "Instructions" section with three bullet points: "Please enter phone number and fax in following formats: 1-999-999-9999", "Please add extension for phone number, if applicable, by indicating x", and "When creating User ID, use the first initial of your first name and your complete last name. i.e. John Doe, ID: JDoe. If the User ID is already taken, add a number i.e. JDoe1. User ID is not case sensitive." Below this is the "Add User" section with several input fields: "*Last Name", "*First Name", "*Email Address", "*Phone Number", "Fax Number", and "*User ID". Red arrows point to these fields: "4a" points to the First Name field, "4b" points to the Phone Number and Fax Number fields, and "4c" points to the User ID field. At the bottom, there is a checkbox with a red arrow labeled "4d" pointing to it, followed by the text "I agree that the email provided is valid and may be used to send notices and other information regarding database activities."

Create New User

Instructions

- Please enter phone number and fax in following formats: 1-999-999-9999
- Please add extension for phone number, if applicable, by indicating x
- When creating User ID, use the first initial of your first name and your complete last name. i.e. John Doe, ID: JDoe. If the User ID is already taken, add a number i.e. JDoe1. User ID is not case sensitive.

Add User

*Last Name *First Name

*Email Address *Phone Number Fax Number

*User ID

☒ I agree that the email provided is valid and may be used to send notices and other information regarding database activities.

Validate Email Address

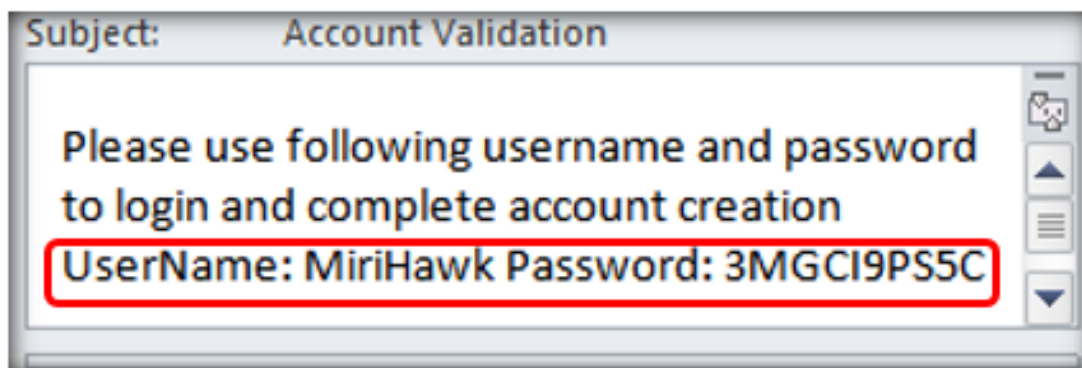

Once you have received the email, click on the link in the email message to validate your email address (as shown below).

After clicking the validation link, you will be forwarded to a web page. From there, click the '**Confirm Email**' button and a message will appear confirming that your email was successfully validated.

Important Note: Validating your email does not grant you immediate access to your account. The account must be approved by the Energy Commission staff to completely register your account.

Once the account is approved by the Energy Commission staff, you will receive an email informing you that the account is active. Within the email message, you will receive the user ID you created and a temporary password, both of which you will need for your first time log-in.

First Time Logging In

To log in for the first time, go to the log-in homepage. Enter the user ID you created (it is also provided in the email message) and the temporary password you received in the appropriate field boxes (shown below). Then check the box to agree to the Login Policy and then click the '**Sign In**' button to log in.

The screenshot shows the California Energy Commission login page. At the top is the logo with 'CA .GOV' and 'CALIFORNIA ENERGY COMMISSION'. The main heading is 'Log In'. There are three numbered boxes on the left with arrows pointing to the login fields: '1. Your User ID' points to the '*User ID' field, '2. Temporary Password' points to the '*Password' field, and '3. Check off to agree to the login policy' points to the checkbox labeled 'I have read and agree to the Login Policy'. Below the checkbox are links for 'Forgot your User ID?' and 'Forgot your Password?'. The 'Sign In' button is highlighted with a red rectangle. At the bottom, there are three sections: 'Don't have an account' with a 'Register new account' button, 'Public Search' with an 'Appliance Search' button, and '3rd Party and Test Laboratory Approvals' with a 'Search' button. A footer note says 'Current Build: Version 1.0 Deployed on 04/27/2015'.

After signing in for the first time, you will be redirected to the My Profile page with the following sections: Contact Information, Login Information, Security Questions, and Privacy and Terms of Use.

Assign Role

☐ External System Admin ☐ External Staff

Select your role (select all that apply):

- **External System Admin** – This role applies to the person who will be in charge of system administration duties such as adding users to the account, updating company information, updating profile information, etc.
- **External Staff** – This role applies to the person who will be performing certification duties such as submitting appliance data and applications.

Click the **'Save'** button to save all of your information. A message will be displayed notifying you that the record was saved successfully. Your account is now active and you are able to log in using the new password you created.

Adding Users to an Existing Company Account

Once the company account is active, the External System Admin for the company account can add more users to the account. To create additional users to an existing company account, follow these steps:

From the homepage, the External System Admin should enter their user ID and password, check the box to agree to the login policy, and then click on the **'Sign In'** button.

Click the '**Save**' button to save all of your information. A message will be displayed notifying you that the record was saved successfully.

Once saved, the system will send the new user an email validation request to the email provided. The new user can follow the instructions in the sections [Validate Email Address](#) and [First Time Logging In](#) in this document.

Test Laboratory Application

The following instructions are applicable to the Test Lab company type. The Test Lab company type is the only one that has access to this application.

From the homepage, log in using your user ID and password, check the box to agree to the login policy, and then click on the '**Sign In**' button.

The screenshot shows the CEC homepage with a 'Log In' section highlighted by a large black bracket. The 'Log In' section contains fields for '*User ID' and '*Password', a checkbox for 'I have read and agree to the Login Policy', and links for 'Forgot your User ID?' and 'Forgot your Password?'. A 'Sign In' button is located below the password field. Below the 'Log In' section, there are three columns of links: 'Don't have an account' with a 'Register new account' button, 'Public Search' with an 'Appliance Search' button, and '3rd Party and Test Laboratory Approvals' with a 'Search' button. At the bottom, it says 'Current Build: Version 1.0 Deployed on 04/27/2015'.

If your company account is registered with multiple company types, after logging in you will be redirected to the Company Login page (shown below). To access the test laboratory application, you must select the '**Test Lab**' company type and proceed by clicking the '**Next**' button.

The screenshot shows the 'Company Login' page. It has a section titled 'Company Type' with the instruction 'Please select the company type you would like to proceed as:'. There are three radio button options: 'Manufacturer', 'Test Lab', and '3rd Party Certifier'. The 'Test Lab' option is selected and highlighted with a red box. A 'Next' button is located in the bottom right corner, also highlighted with a red box.

Hover over the '**Applications**' tab and click on the '**Test Laboratory Application**' link to access the application.

The link will redirect you to the application (shown below).

The test laboratory application will appear with four (4) main sections: Company Information, Appliance Type and Test Method Selection, Documents, and Declaration.

Section 1 – Company Information: The section will be pre-populated with the company’s information and the current logged in user profile information. To change the user contact information, click on the ‘**Search**’ button next to the contact last name field box. You will be redirected to the User List page where all users attached to the company account will be listed (shown below). From this list, you can select the person of your choosing by clicking the ‘**Select**’ link. After selecting the appropriate user, you’ll be taken back to the application and the user contact information will be updated.

Section 2 – Certifier Type: Select the type of certifier your company is from the following: Appliance Manufacturer Trade Association, Appliance Test Laboratory, Manufacturer, or Other.

Section 3 – Documents: Uploading documents is optional.

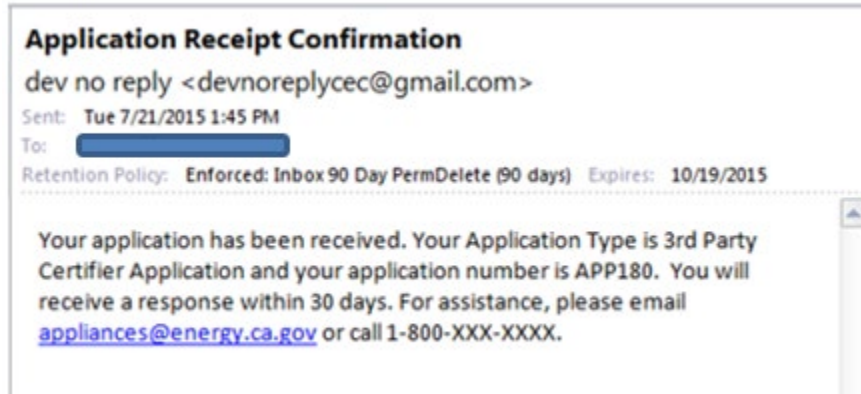

Section 4 – Declaration: Checking off each box in the declaration means you agree and understand the statement. When you have finished reading and checking off the statements, sign the declaration with you name, title, and today’s date.

When you have completed the application, click on the ‘**Submit**’ button located at the top right of the page. A message will appear immediately, to inform you the application was saved successfully (shown below) along with an application number (i.e. APP####).

California Appliance Efficiency Program 2015 Third Party Certifier Application **Go Back**

Record saved successfully. The application number is: APP180

You will also receive an email for your records (shown below).

The application will be reviewed by the Energy Commission staff for approval. Results of their decision will be emailed to you.

Delegation of Authority Application

The following instructions are applicable to the Manufacturer company type. The Manufacturer company type is the only one that has access to this application.

From the homepage, log in using your user ID and password, check the box to agree to the login policy, and then click on the **'Sign In'** button.

The screenshot shows the California Energy Commission (CEC) login page. At the top left is the CEC logo with the text "CALIFORNIA ENERGY COMMISSION". The main heading is "Log In". Below it are two input fields: "*User ID" and "*Password". A checkbox labeled "I have read and agree to the Login Policy" is checked. Below the checkbox are two links: "Forgot your User ID?" and "Forgot your Password?". A "Sign In" button is at the bottom of the login section. Below the login section are three columns of links: "Don't have an account" (with subtext "Create an authorized CEC account" and a "Register new account" button), "Public Search" (with subtext "Search for publically available appliance information" and an "Appliance Search" button), and "3rd Party and Test Laboratory Approvals" (with subtext "Search for publically available approval information for 3rd party certifiers and test labs." and a "Search" button). At the bottom center, it says "Current Build: Version 1.0 Deployed on 04/27/2015".

If your company account is registered with multiple company types, after logging in you will be redirected to the Company Login page (shown below). To access the delegation of authority application, you must select the **'Manufacturer'** company type and proceed by clicking the **'Next'** button.

The screenshot shows the "Company Login" page. The heading is "Company Login". Below it is the subheading "Company Type". A line of text says "Please select the company type you would like to proceed as:". Below this are three radio buttons: "Manufacturer", "Test Lab", and "3rd Party Certifier". The "Manufacturer" radio button is selected and highlighted with a red box. A "Next" button is at the bottom right, also highlighted with a red box.

Hover over the '**Applications**' tab and click on the '**Delegation of Authority Application**' link to access the application.

The link will redirect you to the application (shown below).

Manufacturer Delegation of Authority to Third-Party Certifier for
Submittal to the California Energy Commission - California Appliance
Efficiency Program, California Code of Regulations, Title 20, Section 1606

Submit

Cancel

Instructions

In compliance with Section 1606(f)(1)(B)(1), before or with the first submittal made by the third party, the manufacturer completes and provides this form to the Third Party Certifier who will submit information to the Energy Commission on the manufacturer's behalf. The contact person shown below is hereby approved for delegating authority on behalf of the named manufacturer for the specified appliance type in compliance with the requirements of the Appliance Efficiency Regulations from the date shown below. It is the responsibility of the manufacturer to update the information on this form should it change. The Energy Commission may audit the content provided on this form to ensure accurate and updated information and, upon a finding of noncompliance with an applicable provision of the above referenced Section, the Executive Director may suspend the manufacturer from delegating authority or remove affected appliances from the database.

Section 3

Declaration

- ☐ Test Company hereby authorizes and requests (Certifying Company Not Selected) to submit information to the Energy Commission on behalf of Test Company.
- ☐ All of the information in and submitted with this statement is true, complete, accurate, and in compliance with all applicable provisions of California Code of Regulations, title 20, sections 1601-1608.
- ☐ All appliances for which information is provided were tested under the applicable test method specified in California Code of Regulations, title 20, section 1604 and, for those appliances listed in section 1606(a)(4)(A)4., were tested as specified therein.
- ☐ For appliances for which there is an energy efficiency, energy consumption, energy design, water efficiency, water consumption, or water design standard in California Code of Regulations, title 20, section 1605.1, 1605.2, or 1605.3, the appliance complies with the applicable standards.
- ☐ The applicable requirements of California Code of Regulations, title 20, section 1606(g) have been and are being complied with.
- ☐ I am authorized to make this declaration, and to provide this statement to (Certifying Company Not Selected) on behalf of Test Company.
- ☐ I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

The delegation of authority application will appear with three (3) main sections: Certifying Company, Manufacturer Information, and Declaration.

Section 1 – Certifying Company: To add the certifying company that is certifying your appliance data for you, click on the **'Search'** button. You'll then be redirected to the Company Search page with default company type of **'Test Lab'**. Change the company type to **'3rd Party Certifier'** and click the **'Search'** button.

The screenshot shows the 'Company Search' form. The 'Company Type' dropdown menu is highlighted with a red box and contains the text 'Test Lab'. Other fields include 'Company Name', 'Country' (Please Select), 'Appliance Type' (Please Select), 'Company Status' (Approved), 'Approval Start Date', and 'Approval End Date'. A red box highlights the 'Search' button. At the bottom, it says 'Search Results 488 record(s) found' and 'Export To: Excel CSV'.

Enter the name of the company or a variation of the company name in the Company Name box and click the **'Search'** button to locate the your third party certifier. You can also narrow down your search by selecting the country. After locating the third party certifier, click the **'Select'** link next to the desired third party certifier company.

The screenshot shows the 'Company Search' results page. The 'Company Type' dropdown menu is now set to '3rd Party Certifier'. A red box highlights the 'Search' button. Below the search criteria, it says 'Search Results 237 record(s) found' and 'Export To: Excel CSV'. A table lists the search results with columns: Company, Type, Address1, City, State, and Country. The first row is highlighted, and a red arrow points to the 'Select' link next to 'Accurate Technology Co., Ltd.'.

Company	Type	Address1	City	State	Country
Select Accurate Technology Co., Ltd.	3rd Party Certifier	F1, Bldg. A, Changyuan New Material Port, Keyuan Rd., Science & Industry Park, Nanshan	Shenzhen	Guangdong	China
Select Adesso, Inc.	3rd Party Certifier	21 Penn Plaza Suite 909	New York	New York	USA
Select Advanced Compliance Solutions, Inc.	3rd Party Certifier	5015 B.U. Bowman Drive	Buford	Georgia	USA

After clicking the **'Select'** link for the desired third party certifier, you will be taken back to the application and the certifying company information will updated with information of the third party certifier chosen (an example is shown below).

Important Note: The third party certifier that is submitting appliance data on behalf of your company must submit a third party certifier application and have it approved by the Energy Commission, before you are able to submit a delegation of authority application.
