**ORDER NO:**

**STATE OF CALIFORNIA**

**STATE ENERGY RESOURCES CONSERVATION  
AND DEVELOPMENT COMMISSION**

***IN THE MATTER OF:***

**Southern California Public Power Authority  
Emission Performance Standard  
Compliance Filing**

**Docket No. 24-EPS-01**

**I. INTRODUCTION**

Pursuant to Public Utilities Code section 8341(e)(1), the California Energy Commission (CEC) established a greenhouse gases emission performance standard (EPS) of 1,100 pounds carbon dioxide per megawatt hour, as codified in Title 20 of the California Code of Regulations, section 2900 et seq. The CEC is responsible for reviewing all long-term financial commitments entered into by local publicly owned electric utilities for compliance with the EPS.

**II. FINDINGS**

a. On May 10, 2024, the Southern California Public Power Authority (SCPPA) submitted a compliance filing requesting that the CEC find that SCPPA's amended Power Purchase Agreement with Star Peak Geothermal LLC for electricity from a geothermal facility from the Star Peak Geothermal Energy Project be determined to be compliant with the EPS;

b. CEC staff reviewed SCPPA's filing and found it complete. Based on its review, on May 14, 2024, staff recommended that the amended procurement be found to be in compliance with the EPS; specifically, staff concluded that the geothermal facility listed in the PPA is determined to be compliant with the EPS under section 2903(b)(1) of the Public Resources Code and the Delta Energy Center is determined to be compliant with the EPS under section 2902(a) of the Public Resources Code; and

c. The CEC concurs with staff's recommendation that SCPPA's compliance filing is complete and that the contract with Star Peak Geothermal LLC, as described in the compliance filing, complies with the EPS.

### III. CONCLUSION AND ORDER

The CEC hereby adopts staff's recommendation and orders that the long-term financial commitment described in SCPA's compliance filing complies with the CEC's Greenhouse Gases Emission Performance Standard, as codified in Title 20 of the California Code of Regulations, section 2900 et seq.

### **CERTIFICATION**

The undersigned Secretariat to the Commission does hereby certify that the foregoing is a full, true, and correct copy of an order duly and regularly adopted at a meeting of the California Energy Commission held on July 10, 2024.
