STATE OF CALIFORNIA

STATE ENERGY RESOURCES CONSERVATION
AND DEVELOPMENT COMMISSION

IN THE MATTER OF:

**Lassen Municipal Utility District
Emission Performance Standard
Compliance Filing**

Docket No. 24-EPS-01

I. INTRODUCTION

Pursuant to Public Utilities Code section 8341(e)(1), the California Energy Commission (CEC) established a greenhouse gases emission performance standard (EPS) of 1,100 pounds carbon dioxide per megawatt hour, as codified in Title 20 of the California Code of Regulations, sections 2900 et seq. The CEC is responsible for reviewing all long-term financial commitments entered into by local publicly owned electric utilities for compliance with the EPS.

II. FINDINGS

- a. On December 23, 2024, the Lassen Municipal Utility District (LMUD) submitted a compliance filing¹ requesting that the CEC find that LMUD's power purchase agreement (PPA) with Fish Lake Geothermal LLC for geothermal energy from the Fish Lake Geothermal plant be determined to be compliant with the EPS;
- b. CEC staff reviewed LMUD's filing and found it complete.
- c. Based on its review, on January 9, 2025, staff recommended that the procurement be found to be in compliance with the EPS; specifically, staff concluded that the geothermal facility listed in the PPA is determined to be compliant with the EPS under section 2903(b)(1) of Title 20 of the California Code of Regulations; and
- c. The CEC concurs with staff's recommendation that LMUD's compliance filing is complete and that the contract with Fish Lake Geothermal LLC, as described in the compliance filing, complies with the EPS.

¹ See Docket Number 24-EPS-01, TN 260684.

III. CONCLUSION AND ORDER

The CEC hereby adopts staff's recommendation and orders that the long-term financial commitment described in LMUD's compliance filing complies with the CEC's Greenhouse Gases Emission Performance Standard, as codified in Title 20 of the California Code of Regulations, sections 2900 et seq.

CERTIFICATION

The undersigned Secretariat to the Commission does hereby certify that the foregoing is a full, true, and correct copy of an order duly and regularly adopted at a meeting of the California Energy Commission held on January 21, 2025.
