

# **Item 9: California Department of Transportation (Caltrans)**

January 21, 2025 Business Meeting

Sarah Sweet, CFI Agreement Manager  
Fuels and Transportation Division  
Federal Opportunities and Investments Unit

# Charging and Fueling Infrastructure (CFI) Grant Program

---

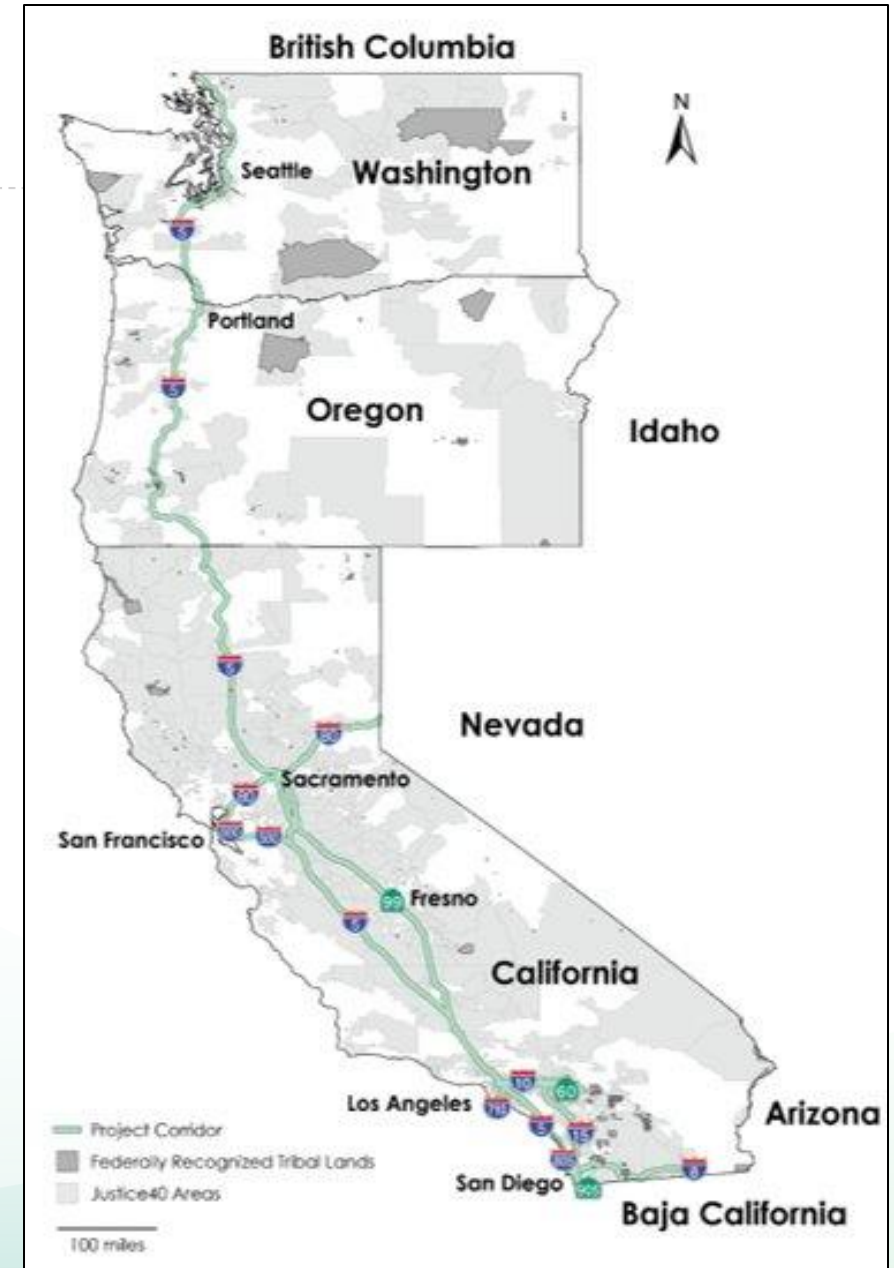

- Infrastructure and Investment Jobs Act of 2021 (IIJA)
- California, Oregon, and Washington jointly awarded \$102 million (one-time funding)
- California's share ~ \$60 million
- Public charging and fueling infrastructure along Alternative Fuel Corridors

# West Coast Truck Charging and Fueling Corridor Project

## Objectives:

- MDHD vehicle charging and hydrogen refueling stations in California, Oregon and Washington
- Install along I-5 in each state and key freight routes in California

Source: Caltrans

# Interagency Agreement Overview

- Formalizes partnership between CEC and Caltrans
- Makes CEC lead for developing and managing CFI funding opportunity and agreements

# Benefits to Californians

- Supports MDHD ZEV transition
- Economic benefit to CA with federal funds
- Reduces diesel emissions and creates good-paying jobs

Source: CEC

# Staff Recommendations

---

- Approve interagency agreement
- Adopt staff's recommendation that this action is exempt from CEQA
