STATE OF CALIFORNIA
STATE ENERGY RESOURCES
CONSERVATION AND DEVELOPMENT COMMISSION

2025 Integrated Energy Policy Report (IEPR)
Form & Instructions – Gas Demand and Rate Forecasting

WHEREAS, the California Energy Commission (Energy Commission) is directed to "conduct assessments and forecasts of all aspects of energy industry supply, production, transportation, delivery and distribution, demand, and prices" and to "use these assessments and forecasts to develop and evaluate energy policies and programs that conserve resources, protect the environment, ensure energy reliability, enhance the state's economy, and protect public health and safety" (Public Resources Code § 25301(a)); and

WHEREAS, the Integrated Energy Policy Report (IEPR) contains these assessments and associated policy recommendations and is adopted every two years; and

WHEREAS, the Energy Commission may require the submission of natural gas demand forecasts and retail price information from utilities and other market participants to perform assessments (Public Resources Code § 25303, § 25303.5, § 25305, and § 25210); and

WHEREAS, the Energy Commission adopted an order in March 2022 (Order No. 22-0309-7) instituting an informational proceeding to engage state agencies and stakeholders in planning for the transition away from fossil gas and addressing the challenges the state faces in decarbonizing the gas system which includes the improvement of gas demand forecasts; and

WHEREAS, Energy Commission staff has prepared and made public draft forms and instructions for submitting gas demand and rate forecasting information in February 2025, hosted a webinar to respond to questions on the forms, and requested written comments in response to the drafts, all reflected in the CEC Docket No. 25-IEPR-03; and

WHEREAS, the draft Forms and Instructions for Submitting Gas Demand And Rate Forecasting Information require the submission of information by each gas utility with annual natural gas deliveries of 200 million therms or more in California in both of the two previous calendar years;

WHEREAS, interstate pipeline companies that deliver gas to locations in California or to the California border and each gas utility with annual natural gas deliveries of 200

million therms or more in California in both of the two previous calendar years are required to submit a 10 year forecast of energy prices.

THEREFORE BE IT RESOLVED, the California Energy Commission hereby adopts the Forms and Instructions For Submitting Gas Demand And Rate Forecasting Information for the 2025 IEPR, along with any changes identified at its March 17, 2025, Business Meeting.

CERTIFICATION

The undersigned Secretariat to the CEC does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the CEC held on March 17, 2025.
