

**California Energy Commission
May 8, 2025 Business Meeting
Backup Materials for City of Redding Electric Utility Integrated Resource Plan
(IRP)**

The following backup materials for the above-referenced agenda item are available as described below:

1. Proposed Order, attached below.
2. Executive Director Letter to POU, attached below.
3. Staff Report – [Review of City of Redding Electric Utility 2024 Integrated Resource Plan](#).

For the complete record, please visit: [Docket 18-IRP-01](#).

To stay informed about this project and receive documents as they are filed, please subscribe to the proceeding Topic, which can be accessed here: [POU IRP Activities](#). The Topic sends out email notifications and direct links when documents are filed in the proceeding docket.

**STATE OF CALIFORNIA
STATE ENERGY RESOURCES
CONSERVATION AND DEVELOPMENT COMMISSION**

IN THE MATTER OF:

**City of Redding Electric Utility 2024
Integrated Resource Plan Filing**

Docket No. 18-IRP-01

**[PROPOSED] ORDER FINDING
COMPLIANCE WITH PUBLIC
UTILITIES CODE SECTION 9621**

I. BACKGROUND

Pursuant to Senate Bill 350 (Stats. 2015, ch. 547), Public Utilities Code (PUC) section 9621 requires publicly owned utilities with an annual electrical demand exceeding 700 gigawatt hours to adopt integrated resource plans (IRPs) at least once every five years and submit them to the California Energy Commission (CEC). The IRPs must contain supporting information sufficient to demonstrate that they meet certain requirements, including greenhouse gas emission reduction targets and renewable energy procurement goals, as set forth in PUC section 9621. Under PUC section 9622, the CEC must review IRPs for consistency with these requirements. On October 4, 2018, the CEC adopted the *Publicly Owned Utility Integrated Resource Plan Submission and Review Guidelines* to govern the submission of IRPs.

II. STAFF RECOMMENDATION

Staff recommends that the CEC find the City of Redding Electric Utility's 2024 IRP, filed on November 29, 2023, under Docket Number 18-IRP-01, complete and consistent with the requirements of PUC section 9621.

III. ENERGY COMMISSION FINDINGS

- a. On November 29, 2023, City of Redding Electric Utility submitted an IRP and supporting documentation to the CEC (the IRP Filing); and

- b. On August 29, 2024, City of Redding Electric Utility submitted additional IRP documents upon CEC staff request; and
- c. On September 4, 2024, the CEC notified City of Redding Electric Utility that its IRP Filing was complete; and
- d. The complete IRP Filing has been available on the CEC website under Docket Number 18-IRP-01 for public comment for at least 30 days and no public comments were received; and
- e. On February 12, 2025, CEC staff, under the authority of the Executive Director, filed its review on the CEC website under Docket Number 18-IRP-01 (*Review of City of Redding Electric Utility 2024 IRP*, TN No. 261721) determining the IRP Filing to be consistent with the requirements of PUC Section 9621 and this document has been available for public comment for at least 45 days. No public comments were received; and
- f. On February 13, 2025, CEC staff informed City of Redding Electric Utility in writing of staff's determination and on April 22, 2025, the Executive Director informed the City of Redding Electric Utility in writing that the CEC would consider adoption of this determination at the CEC Business Meeting on May 8, 2025; and
- g. The CEC concurs with staff's recommendation that City of Redding Electric Utility's IRP Filing is complete and consistent with the requirements of PUC section 9621.

IV. CONCLUSION AND ORDER

The CEC hereby adopts staff's recommendation and orders that City of Redding Electric Utility's IRP Filing complies with requirements set forth in Public Utilities Code section 9621.

IT IS SO ORDERED.

CERTIFICATION

The undersigned Secretariat to the CEC does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the CEC held on May 8, 2025.

Lisa Casner
City of Redding Electric Utility
3611 Avtech Pkwy
Redding, CA 96002

Dear Lisa Casner:

As required by Senate Bill 350 (De León, Chapter 547, Statutes of 2015) (SB 350) (in the Public Utilities Code (PUC) Section 9622) the California Energy Commission (CEC) has reviewed the City of Redding Electric Utility's (REU) Integrated Resource Plan (IRP) filing, which the CEC received on November 29, 2023. CEC staff informed REU on September 4, 2024 that the IRP filing was complete, as requested by Chapter 3, Section B.1 of the *Publicly Owned Utilities' Integrated Resource Plan Guidelines (POU IRP Guidelines)*.¹

Based on a detailed review and analysis of the IRP, standardized tables, and other supporting information, I determined, as documented in the *Review of City of Redding Electric Utility's 2024 Integrated Resource Plan* (February 2025), that REU's 2024 IRP is consistent with the requirements of PUC Section 9621, and meets California's energy and other policy goals, including:

- Achieving greenhouse gas emission reduction targets commensurate with the electricity sector's percentage of economy wide reductions of 40 percent from 1990 levels by 2030.
- Meeting the Renewables Portfolio Standard of 50 percent by 2030, based on SB 350, and 60 percent by 2030 based on SB 100.
- Ensuring planning goals related to retail rates, reliability, transmission and distribution systems.
- Considering the role of renewable resources, grid efficiencies, energy storage, and distributed resources in meeting peak demand.
- Addressing procurement of energy efficiency and demand response, energy storage, transportation electrification, and portfolio diversification.

¹ See: [Publicly Owned Utility Integrated Resource Plans \(IRPs\)](http://www.energy.ca.gov/sb350/IRPs/index.html),
<http://www.energy.ca.gov/sb350/IRPs/index.html>.

The *Review of City of Redding Electric Utility 2024 Integrated Resource Plan*, available in Docket No 18-IRP-01, provides the details of CEC staff's review and findings regarding the consistency of REU's IRP with PUC Section 9621. The CEC anticipates considering adoption of this staff determination at the CEC business meeting on May 8, 2025.

If you have any questions regarding this determination, please contact Alyssa Tavares at Alyssa.Tavares@energy.ca.gov.

Sincerely,
