Katerina Robinson

Washington, D.C; January 25-26, 2024

Section 2: Turn Forward is an independent, nonprofit organization advancing a bold vision for American offshore wind power as a cornerstone of an all-of-the-above energy strategy.

Section 3.2: On behalf of CEC, Katerina Robinson, Chair Hochschild's Chief of Staff traveled to DC to participate in a presentation to over 15 philanthropic organizations on the most significant opportunities and challenges for US offshore wind in 2024. The event included panels comprised of federal, state, and industry representatives. The CEC was specifically asked to attend to provide a West Coast, California-specific perspective on offshore wind funding needs and was represented in the state panel. Chair Hochschild elected for Katerina to attend on his behalf. This was an in-person event only. The event was organized by Turn Forward, a 501(c)(3) dedicated to promoting offshore wind in the United States.
