David Hochschild

Vienna, Austria – June 23-26, 2025

Section 2: The donor is the organizer of the International Flow Battery Forum. Clerens is a leading public affairs and communications consultancy based in Brussels, specialized in advocacy, political and regulatory risk assessment, public funding and strategic communications.

Section 3.2: Chair Hochschild participated as a speaker in the annual premier Long Duration Energy Storage (LDES) international meeting, International Flow Battery Forum (IFBF) conference. The IFBF promotes flow batteries as a crucial technology within the electrical energy storage sector. This conference is one of the most well-attended LDES Battery conferences in the world. Chair Hochschild educated the conference audience about the activities in California and learned critical knowledge about how other nations in the world are investing in the advancement of LDES and flow battery technologies.
