

**Form 801 Attachment**  
**California Foundation on the Environment & Economy (CFEE)**  
**Delta, UT**  
**September 17-18, 2025**

**Section 2: Describe the entity's business activity or its nature and interests.**

The California Foundation on the Environment and the Economy (CFEE) is a 501(c)(3) non-profit organization that brings together leadership from the labor, environmental, local government, and business communities with elected and appointed officials. Through its unparalleled ability to facilitate non-partisan, substantive, and open-minded learning experiences, they empower California policy leaders to address the fundamental environmental and economic issues confronting our state.

**Section 3.2: Specific description of the payment and its agency purpose and use.**

CFEE covered costs for Commissioner McAllister to attend a study tour to the Intermountain Power Project (IPP) hydrogen energy project in Delta, Utah, which is co-owned by City of Los Angeles and will provide clean energy to the LA basin. As the CEC's lead commissioner on hydrogen, Commissioner is best positioned to learn firsthand about this innovative hydrogen project and meet with industry and legislative leaders also in attendance.
