Building Decarbonization Coalition
Sacramento, CA
March 18, 2026

Section 2:

The Building Decarbonization Coalition is a non-profit 501 (c)3 corporation funded by the CEC to accelerate the deployment of heat pumps in California to help meet the governor's goal of installing 6 million heat pumps in California by 2030.

Section 3.2:

The food was associated with an all day meeting of the Heat Pump Public Private Partnership (HPP) and included breakfast, lunch and snacks. The HPP was established by the BDC to foster communication and collaboration between the manufacturers of heat pumps and the CEC, CPUC and CARB.
