Form 801 Attachment
CCCI Delegation
China
March 22-30, 2025

2. Entity's Business Activity:
The California-China Climate Institute (CCCI) was established in 2019 to spur further climate action through joint research, training, and dialogue in California and China. This Institute informs national policymakers, foster dialogue and cooperation, and promotes the implementation of climate solutions at all levels.

CCCI is a UC-wide initiative housed jointly at UC Berkeley's School of Law — through its Center for Law, Energy & the Environment — and Rausser College of Natural Resources. The Institute works closely with other University of California campuses, departments and leaders.

3.2. Payment Description:
Commissioner McAllister and Advisor Maggie Deng traveled to Hong Kong, Hainan, and Beijing, China to participate in a UC Berkeley California-China Climate Institute (CCCI) delegation visit. CCCI organized a climate trip to Hong Kong, Hainan, and Beijing from March 22 to 30. The goal was to support the implementation of the seven California–China MOUs, engage key partners, and advance international climate collaboration.
