

February 20, 2019

1516 Ninth Street
Art Rosenfeld Hearing Room – First Floor
Sacramento, California 95814

10 a.m.

(Wheelchair Accessible)

THE COMMISSION WILL CONSIDER AND MAY TAKE ACTION ON THE FOLLOWING ITEMS:

1. **ROBERT WEISENMILLER.** Proposed resolution recognizing and commending Chair Weisenmiller for his extraordinary professional contributions to the wellbeing of Californians and their environment and for being a consummate public servant. (Staff Presentation: 5 minutes)
2. **RUSSELL CITY ENERGY CENTER PETITION TO AMEND (01-AFC-07C).** Proposed order granting the petition to amend to install a battery energy storage system and associated equipment at the Russell City Energy Center in order to support a directed restoration (black start) of the electrical grid in response to an emergency. Staff concludes that the proposed modifications will not result in a significant impact to the environment. Contact: John Heiser. (Staff Presentation: 5 minutes)
3. **DELEGATE CHIEF BUILDING OFFICIAL (DCBO) FOR THE BLYTHE SOLAR POWER PROJECT (BSPP), PHASE 2, UNITS 3 & 4 (09-AFC-06C).** Proposed resolution approving Agreement 700-18-006 with West Coast Code Consultants, Inc. (WC3, Inc.) for a \$0 contract to provide DCBO services for the BSPP (09-AFC-06). WC3, Inc. will carry out design review and construction inspections on behalf of the Energy Commission. WC3 Inc. will be compensated by the BSPP project owner, NextEra Energy for DCBO services. Contact: Eric Veerkamp. (Staff presentation: 5 minutes)
4. **APPROVAL OF DISADVANTAGED COMMUNITIES ADVISORY GROUP (DACAG) NEW MEMBER.** Proposed resolution appointing new member, Joseph Williams, to fill a vacancy in the DACAG. Senate Bill 350 (de León, Chapter 54, Statutes of 2015) required the California Public Utilities Commission and the Energy Commission to establish a disadvantaged communities advisory group consisting of representatives from disadvantaged communities identified pursuant to Section 39711 of the Health and Safety Code. The DACAG is comprised of ten members, jointly selected by two commissioners from the Energy Commission and two commissioners from the California Public Utilities Commission, and one tribal representative appointed by the Governor's Tribal Liaison. Contact: Alana Mathews. (Staff Presentation: 5 minutes)
5. **2018 INTEGRATED ENERGY POLICY REPORT UPDATE, VOLUME II.** Proposed resolution approving the "2018 Integrated Energy Policy Report Update, Volume II" (CEC-100-2018-001-V2-CMF). Senate Bill 1389 (Bowen, Chapter 568, Statutes of 2002) requires the Energy Commission to prepare a biennial integrated energy policy report that

- assesses major energy trends and issues facing the state's electricity, natural gas, and transportation fuel sectors and provides policy recommendations to conserve resources; protect the environment; ensure reliable, secure, and diverse energy supplies; enhance the state's economy; and protect public health and safety (Public Resources Code § 25301[a]). The Energy Commission prepares these assessments and associated policy recommendations every two years, with updates in alternate years, as part of the Integrated Energy Policy Report. Contact: Heather Raitt. (Staff presentation: 10 minutes)
6. **ADOPTING ENERGY COMMISSION DETERMINATION FINDING ANAHEIM PUBLIC UTILITIES' INTEGRATED RESOURCE PLAN CONSISTENT WITH THE REQUIREMENTS OF SB 350.** Proposed resolution adopting the Energy Commission's determination that the Anaheim Public Utilities Integrated Resource Plan Filing is consistent with the requirements of SB 350. Contact: Paul Deaver. (Staff presentation: 10 minutes)
 7. **ITM POWER, INC.** Proposed resolution approving Agreement ARV-18-006 with ITM Power, Inc. for a \$791,862 grant to complete construction of a 100 percent renewable hydrogen refueling station at 12600 East End Avenue, Chino, California 91710 to serve the growing number of hydrogen-powered zero emission vehicles deployed in California, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. This station will increase the reliability of the hydrogen refueling network in the San Bernardino County area and the surrounding communities. Contact: Phil Cazel. (Staff presentation: 5 minutes)
 8. **BRINGING RAPID INNOVATION DEVELOPMENT TO GREEN ENERGY (BRIDGE).** Solicitation GFO-17-308 sought proposals to fund applied research and technology demonstration and deployment energy efficiency projects that will allow researchers to continue technology development without losing momentum or pausing to fundraise from private sources. (EPIC funding) Contact: James Friedrich (Staff presentation: 5 minutes)
 - a. **SKYCOOL SYSTEMS, INC.** Proposed resolution approving Agreement EPC-18-006 with SkyCool Systems Inc. for a \$1,770,563 grant to fund the pilot testing of SkyCool Panels. SkyCool Panels use novel materials to passively emit thermal energy to provide cooling for air conditioning and refrigeration without electricity, and adopting staff's determination that this action is exempt from the California Environmental Quality Act.
 - b. **MICROBIO ENGINEERING, INC.** Proposed resolution approving Agreement EPC-18-008 with MicroBio Engineering, Inc. for a \$1,550,227 grant to further advance the Recycle Nutrients Energy and Water (RNEW®) process to the pilot-demonstration stage, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. The RNEW® technology overcomes the seasonal limitation by the selective use of mechanical aeration to optimize wastewater treatment and nitrification in winter months and incorporates a two-stage process of biomass settling and filtration for harvesting. The RNEW® technology has the potential to reduce electricity consumption at wastewater treatment facilities by 80 percent compared to conventional technologies by enabling year-round algal treatment of wastewater.
 9. **FOOD PRODUCTION INVESTMENT PROGRAM.** Solicitation GFO-18-901 sought proposals to install drop-in and emerging energy technologies at California food processing plants, demonstrate their reliability and effectiveness, and help California food processors work towards a low carbon future. The technologies funded will reduce energy use and greenhouse gas emissions associated with food production. All projects

will monitor energy use before and after the technologies are installed in order to quantify and validate energy and greenhouse gas emission reductions. (GGRF funding) Contact: Kevin Uy. (Staff presentation: 10 minutes)

- a. BAKER COMMODITIES, INC. Proposed resolution approving Agreement FPI-18-001 with Baker Commodities, Inc. for a \$915,180 grant to implement energy efficiency upgrades, including boiler controls and a condenser, at the recipient's food production facility in Vernon, California, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. The project will replace existing conventional, aging equipment with new high-efficiency equipment to reduce greenhouse gas emissions, energy use, and operating costs.
- b. BAKER COMMODITIES, INC. Proposed resolution approving Agreement FPI-18-013 with Baker Commodities, Inc. for a \$860,596 grant to implement energy efficiency upgrades, including motors and automation hardware, at the recipient's food production facility in Kerman, California, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. The project will replace existing conventional, aging equipment with new high-efficiency equipment to reduce greenhouse gas emissions, energy use, and operating costs.
- c. SUN-MAID GROWERS OF CALIFORNIA. Proposed resolution approving Agreement FPI-18-006 with Sun-Maid Growers of California for a \$805,584 grant to install and demonstrate an optimized compressed air system at the recipient's raisin production facility in Kingsburg, California, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. The optimized compressed air system will feature a unique energy efficient centrifugal compressor and heat recovery technology resulting in reduced greenhouse gas emissions, energy use, and operating costs.
- d. PACIFIC COAST PRODUCERS. Proposed resolution approving Agreement FPI-18-008 with Pacific Coast Producers for a \$2,806,326 grant to install and operate an advanced energy efficient multistage evaporator system at the recipient's tomato processing facility in Woodland, California, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. The system includes a mechanical vapor recompression system which directs heat back to the evaporators and will result in reduced natural gas consumption, greenhouse gas emissions, and operating costs.
- e. THE NEIL JONES FOOD COMPANY. Proposed resolution approving Agreement FPI-18-009 with The Neil Jones Food Company for a \$3,000,000 grant to install and operate an advanced energy efficient pre-evaporator system at the recipient's tomato processing facility in Firebaugh, California, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. This system will allow the steam from the existing evaporator system to be recycled and reused and will result in reduced natural gas consumption, greenhouse gas emissions, and operating costs.
- f. IMPERIAL WESTERN PRODUCTS, INC., A CALIFORNIA CORPORATION. Proposed resolution approving Agreement FPI-18-010 with Imperial Western Products, Inc., a California Corporation for a \$459,624 grant to fund energy efficiency upgrades, including compressors and economizers, at four existing food processing facilities, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. The project will replace existing conventional, aging equipment with high-efficiency equipment to reduce greenhouse gas emissions, energy use, and operating costs.

- g. SMITHFIELD PACKAGED MEATS CORP. Proposed resolution approving Agreement FPI-18-011 with Smithfield Packaged Meats Corp. for a \$483,348 grant to fund the installation of a heat recovery system at the recipient's food processing facility in Vernon, California, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. The heat recovery system will capture and recycle waste heat from the facility's exhaust stacks and will reduce natural gas consumption, greenhouse gas emissions, and operating costs.
- h. FOSTER POULTRY FARMS. Proposed resolution approving Agreement FPI-18-003 with Foster Poultry Farms for a \$2,666,652 grant to fund energy efficient upgrades, including heat recovery systems and controls, at the recipient's five existing food processing facilities, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. The project will replace existing conventional, aging equipment with high-efficiency equipment to reduce greenhouse gas emissions, energy use, and operating costs.
- i. FOSTER POULTRY FARMS. Proposed resolution approving Agreement FPI-18-012 with Foster Poultry Farms for a \$3,852,554 grant to fund electrical infrastructure upgrades at the recipient's food processing facility in Livingston, California, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. The electrical upgrades would enable transport refrigeration units containing processed food to be switched from diesel to electric when stationary. Fuel switching from diesel to electric will reduce greenhouse gas emissions and significantly reduce criteria pollutant emissions, improving local air quality.
- j. LAND O'LAKES, INC. Proposed resolution approving Agreement FPI-18-002 with Land O'Lakes, Inc. for a \$2,842,368 grant to design, install, and operate a high-temperature solar thermal energy system at the recipient's dairy processing facility in Tulare, California, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. This system will convert solar energy into supplemental heat for thermal processes resulting in reduced natural gas consumption and greenhouse gas emissions.
- k. OLAM WEST COAST, INC. Proposed resolution approving Agreement FPI-18-004 with Olam West Coast, Inc. for a \$3,578,606 grant to design, install, and operate a high-temperature solar thermal energy system at the recipient's tomato processing facility in Lemoore, California, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. This system will convert solar energy into supplemental heat for thermal processes resulting in reduced natural gas consumption and greenhouse gas emissions.
- l. CALIFORNIA DAIRIES, INC. Proposed resolution approving Agreement FPI-18-005 with California Dairies, Inc. for a \$3,002,821 grant to design, install, and operate a high-temperature solar thermal energy system at the recipient's dairy processing facility in Visalia, California, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. This system will convert solar energy into supplemental heat for thermal processes resulting in reduced natural gas consumption and greenhouse gas emissions.
- m. OLAM WEST COAST, INC. Proposed resolution approving Agreement FPI-18-007 with Olam West Coast, Inc. for a \$2,010,745 grant to install and operate an electric drying system at the recipient's dehydrated food manufacturing facility in Firebaugh, California, and adopting staff's determination that this action is exempt from the California Environmental Quality Act. The system will electrify the onion drying and

toasting process, replacing the existing natural gas fueled system and will result in reduced natural gas consumption and greenhouse gas emissions.

10. **Minutes.** Possible approval of the January 9, 2019 Business Meeting minutes.
11. **Lead Commissioner or Presiding Member Reports.** A lead commissioner on a policy matter may report to the Commission on the matter and discussion may follow. A presiding member on a delegated committee may report to the Commission on the matter and discussion may follow.
12. **Chief Counsel's Report:**
 - a. Pursuant to Government Code section 11126(e), the Energy Commission may adjourn to closed session with its legal counsel to discuss any of the following matters to which the Energy Commission is a party:
 - i. *In the Matter of U.S. Department of Energy (High Level Waste Repository), (Atomic Safety Licensing Board, CAB-04, 63-001-HLW); State of California v. United States Department of Energy* (9th Cir. Docket No. 09-71014).
 - ii. *Communities for a Better Environment and Center for Biological Diversity v. Energy Resources Conservation and Development Commission, and California State Controller* (Alameda County Superior Court, Case No. RG13681262).
 - iii. *State Energy Resources Conservation and Development Commission v. Electricore, Inc. and ZeroTruck* (Sacramento County Superior Court #34-2016-00204586)
 - iv. *Natural Resources Defense Council, Inc., et al. v. United States Department of Energy* (Federal District Court, Northern District of California, #17-cv-03404).
 - v. *City of Los Angeles, acting by and through, its Department of Water and Power v. California Energy Resources Conservation and Development Commission* (Los Angeles Superior Court, Case No. BS171477).
 - vi. *Helping Hand Tools v. California Energy Commission, and Vantage Data Centers LLC.* (Sacramento Superior Court, Case No. 34-2018-80003026)
 - vii. *In re: PG&E Corporation and In re: Pacific Gas and Electric Company* (United States Bankruptcy Court, Northern District of California, San Francisco Division, Case No. 19-30088)
 - b. Pursuant to Government Code section 11126(e), the Energy Commission may also discuss any judicial or administrative proceeding that was formally initiated after this agenda was published; or determine whether facts and circumstances exist that warrant the initiation of litigation, or that constitute a significant exposure to litigation against the Commission, which might include.
 - i. Alternative and Renewable Fuel and Vehicle Technology Program grant ARV-14-011 with HyGen Industries, Inc.
13. **Executive Director's Report.**
14. **Public Adviser's Report.**
15. **Public Comment:** People may speak up to three minutes on any matter concerning the Energy Commission, with the exception of items appearing elsewhere on this agenda or items related to pending adjudicative (certification or enforcement) proceedings.

If you require special accommodations, contact Yolanda Rushin at 916-654-4310, five days before the meeting.

News media inquiries should be directed to:

Media and Public Communications - 916-654-4989

Questions about participation in the Business Meeting should be directed to:

Public Adviser's Office - 916-654-4489 or 800-822-6228

Participating by Telephone at a Business Meeting

To participate by telephone, please call toll free 1-888-823-5065 on business meeting days after 9:50 a.m. (PDT). The pass code for the meeting is "Business Meeting" and the call leader is Jerome Lee. If you plan to speak about a specific item, please give the operator the item number.

To avoid occasional technical problems with the Commission's telephone link, the Commission recommends that a written comment also be submitted either by facsimile or e-mail to the Public Adviser by 5 p.m. two days before the scheduled business meeting. Fax (916) 654-4493 or e-mail publicadviser@energy.ca.gov.

The California Energy Commission business meetings can be viewed live on the Energy Commission's YouTube channel:

<https://www.youtube.com/user/CalEnergyCommission/videos>.

The Business Meeting audio is broadcast via WebEx. To listen to the meeting and view any presentations, please click the following link or paste it into your browser:

<https://energy.webex.com/energy/onstage/g.php?t=a&d=929701199>

You may also go to <https://energy.webex.com/ec> and click on the Business Meeting link. If you can't find the Business Meeting link, click on the "Unlisted Events" link on the left of your screen and enter Meeting Number **929 701 199**. The WebEx broadcast is listen-only. To make a comment or ask a question, please call into the meeting at 888-823-5065 as described above.

The Energy Commission building has wireless Internet access available in the atrium, coffee shop, and library.

Subscribe to Electronic Mail Lists

To reduce paper and mailing costs, the Energy Commission offers an automated e-mail system for the business meeting agendas. To subscribe, please go to our Business Meetings page www.energy.ca.gov/business_meetings/ and use the form on the right side under "Subscribe".

Adjournment of Hearings and Meetings: Depending upon time available and the orderly management of proceedings, the Commission may order adjournment (recess or postponement) of any noticed hearing or meeting, to be continued to the next day, another specific date or time, or to the next business meeting, as appropriate. Any such adjournment will be noticed at the time the order of adjournment is made (Government Code §§11128.5, 11129).
