Signal Hill, CA 90755

Re: NATIONAL LIGHTING CONTRACTORS ASSOCIATION OF AMERICA-  
CERTIFICATE OF ACCEPTANCE DOCUMENTATION FOR LIGHTING CONTROLS

Dear Mr. Yapp:

On February 25, 2015, the Energy Commission authorized the Executive Director to approve, under section 10-103(a)(4)(A) of the Energy Standards,<sup>1</sup> alternative Certificate of Acceptance compliance documentation developed by Commission-approved Acceptance Test Technician Certification Providers (ATTCP), that conform to the format, informational order and content of Certificate of Acceptance forms previously approved by the Energy Commission.<sup>2</sup>

Based on Energy Commission staff's review, I find that the four Certificate of Acceptance compliance documentation forms, NRCA-LTI-02, NRCA-LTI-03, NRCA-LTI-04 and NRCA-LTO-02, developed by the National Lighting Contractors Association of America (NLCAA), a Commission-approved ATTCP, conform to the format, informational order and content of the Energy Commission approved Certificate of Acceptance forms. Therefore, I approve NRCA-LTI-02, NRCA-LTI-03, NRCA-LTI-04 and NRCA-LTO-02 as Energy Commission approved Certificate of Acceptance forms.

All agencies with the authority to issue building permits may accept, NLCAA's third-party Certificate of Acceptance forms NRCA-LTI-02, NRCA-LTI-03, NRCA-LTI-04, and NRCA-LTO-02 to certify compliance with the lighting controls acceptance
