

FY 2011-2012 Investment Plan Modification (in Millions)

	Project/Activity	Original Allocation	Modified Allocation
Plug-In Electric Vehicles	Plug-In Electric Vehicle Readiness	\$1 Million	\$1 Million
	Charging Infrastructure	\$7 Million	\$7.5 Million
Hydrogen	Fueling Infrastructure	\$8.5 Million	\$8.5 Million
Natural Gas	Fueling Infrastructure	\$8 Million	\$8 Million
Propane	Light-Duty Vehicle Incentives	\$1 Million	\$1 Million
	Fueling Infrastructure	\$.5 Million	\$0
Gasoline Substitutes	Advanced Ethanol and Gasoline Substitute Production Plants	\$8 Million	\$8 Million
	E85 Fueling Infrastructure	\$5 Million	\$5 Million
Diesel Substitutes	Advanced Diesel Substitute Production Plants	\$8 Million	\$8 Million
Biomethane	Pre-Landfill Biomethane Production	\$8 Million	\$8 Million
Medium- and Heavy-Duty Vehicles	Deployment Incentives for Natural Gas Vehicles	\$12 Million	\$12 Million
	Deployment Incentives for Propane Vehicles	\$3 Million	\$3 Million
	Develop and Demonstrate Advanced Technology Medium- and Heavy-Duty Vehicles	\$8 Million	\$8.5 Million
Innovative Technologies, Advanced Fuels, and Federal Cost-Sharing	Innovative Technologies, Advanced Fuels, and Federal Cost-Sharing	\$3 Million	\$3 Million
Manufacturing	Manufacturing Facilities and Equipment	\$10 Million	\$10 Million
Workforce Training and Development	Workforce Training and Development Agreements	\$6.5 Million	\$6.5 Million
Market and Program Development	Sustainability Studies	\$.5 Million	\$0
	Technical Assistance and Analysis	\$2 Million	\$2 Million
	Total	\$100 Million	\$100 Million

This table updates Table 13: Summary of Proposed Funding Allocations for FY 2012-2013 in the 2012-2013 Investment Plan Update for the Alternative and Renewable Fuel and Vehicle Technology Program.
