APPENDIX A: 2019 RASS Survey with Variables

This appendix contains the 2019 RASS survey instrument with variable names.

Pacific Gas and Electric Company™

HOME ENERGY SURVEY

Please complete the survey for the service address below following “For Service at:”

(Ident)

Thank you for participating in this important survey. Your responses will support statewide planning activities and help us to meet the electric and natural gas needs of all Californians. We appreciate your time and your input.

Your household can help improve the reliability of California's future energy needs by completing this survey today. This survey was sent to a limited number of households so each response counts!

To simplify and accelerate the survey submission process, we invite you to complete the survey online. Please visit the following secure website: <https://calhes.com>

Alternatively, you may fill-out this survey booklet. Using these instructions, please:

1. Use a pencil or a ball-point black or blue ink pen to fill out the survey.
2. Choose only one answer for each question unless the instructions state otherwise.
3. Fill in the circles completely.
4. To change your answer, erase completely or clearly cross out unintended response, as illustrated here:
5. Information in *blue ink* is printed on the survey to help clarify or direct you to the next question based on your response.
6. When you are finished, please return the survey in the enclosed postage-paid envelope or mail it to:

CA Home Energy Survey
Processing Center
2672 Dow Ave.
Tustin, CA 92780

Complete the survey in the next week for the address that is printed on the front page of this booklet. When answering the questions, provide responses that represent all household members, not just the person completing the survey.

Do your best to answer all questions, if you do not know the answer to one of the questions, move on to the next one.

Need assistance or have a question? Please email or call our survey contractor at support@calhes.dnvgl.com or call the customer support line at 1 (866) 363-7448. DNV GL Energy Insights USA, Inc. has been hired by the Energy Commission to manage this study they are available Monday through Friday, 8:30 a.m. to 5:00 p.m. Pacific time.

Esta encuesta tambien esta disponible en Español por el **internet**, si usted prefiere llenarla de ese modo. Por favor visite la página <https://calhes.com>. Para poder realizar nuestro análisis de energía, necesitamos que sus respuestas sean solo sobre su casa. Antes de empezar la encuesta por internet, necesitará información disponible en este libretto.

On behalf of the Energy Commission and our study sponsors we look forward to receiving your information and thank you for your participation.

Your Home & Lifestyle

- A1** What type of building exists at the service address on the front cover of this survey? (DWLTYPE) (RES – Cleaned dwltype)
- 1 Single-family detached house **➡** Number of stories: 1 1 2 2 3 3 or more (STORIES)
- 2 Townhouse, duplex, or row house (*Shares walls with neighboring unit, but not roof or floor*)
- 3 Apartment or condominium (2 – 4 units)
- 4 Apartment or condominium (5 or more units)
- 5 Mobile home
- 6 Other (*Describe:* (DWLOTH) _____)
- A2** Do you own or rent this home? (OWNRENT)
- 1 Own / buying 2 Rent / lease
- A3** How long have you lived at this address? (YRS_RES)
- 1 1 yr or less 6 6 years 11 11 years 16 16 – 20 years
- 2 2 years 7 7 years 12 12 years 17 21 – 30 years
- 3 3 years 8 8 years 13 13 years 18 More than 30 years
- 4 4 years 9 9 years 14 14 years
- 5 5 years 10 10 years 15 15 years
- A4** Which of the following best describes this residence? (SEASOCC)
- 1 This is my permanent year-round residence. (*Go to A6.*)
- 2 This is my partial-year or seasonal residence.
- 3 This is my vacation home and is generally used only by my family.
- 4 This is a vacation rental home.
- A5** If this is a partial-year or vacation home, please indicate the months this home is typically occupied. (*Mark all months that apply.*)
- 1 Jan (SEASJAN) 1 Mar (SEASMAR) 1 May (SEASMAY) 1 Jul (SEASJUL) 1 Sept (SEASSEP) 1 Nov (SEASNOV)
- 1 Feb (SEASFEB) 1 Apr (SEASAPR) 1 Jun (SEASJUN) 1 Aug (SEASAUG) 1 Oct (SEASOCT) 1 Dec (SEASDEC)
- A6** Approximately what year was this residence built? (BUILTYR) (HOMEAGE: Cleaned, imputed average [continuous] BUILTYR)
- 1 Before 1940 4 1960-1969 7 1979-1983 10 2000-2005
- 2 1940-1949 5 1970-1974 8 1984-1991 11 2006-2012
- 3 1950-1959 6 1975-1978 9 1992-1999 12 2013-2019
- A7** How many bedrooms are in your home? (NUMROOM)
- 1 No bedrooms (studio apartment) 4 3 7 6 10 9
- 2 1 bedroom 5 4 8 7 11 10
- 3 2 bedrooms 6 5 9 8 12 More than 10
- A8** How many square feet of **living space** are there in your residence, including bathrooms, foyers and hallways? (*Exclude garages, basements and unheated porches.*) (SQFT) (SQFT_A: Cleaned, imputed average [continuous] sqft, not including MM)
- 1 Less than 250 5 1001 – 1250 9 2501 – 3000
- 2 250 – 500 6 1251 – 1500 10 3001 – 4000
- 3 501 – 750 7 1501 – 2000 11 4001 – 5000
- 4 751 – 1000 8 2001 – 2500 12 More than 5000

A9 Are your home's **exterior (outside) walls** insulated? (EXTWLINS)
 1 Yes, all walls 1 Yes, some walls 1 No 1 Unknown

CWAGE

A10 Is your home's **attic/ceiling** insulated? (ACEILINS)
 1 Yes → **A11** If yes, estimate the number of inches of **attic/ceiling** insulation. (CEILINCH)
 2 No 1 0 – 3 inches (R-value less than R-10)
 3 Unknown 2 4 – 6 inches (R-11 to R-19)
 3 7 – 10 inches (R-20 to R-30)
 4 More than 10 inches (R-31 or higher)

A12 Choose the statements that best describe your **windows**. (WINFPTYP: Combination window frame and pane categories)

PANE TYPE (number of layers of glass) (WINDTYPE)

1 All or most are single pane 2 All or most are double pane 3 Mixture of single and double pane 4 Mixture of single, double and/or triple pane

FRAME TYPE (WINFRAME)

1 All or most have vinyl frames 2 All or most have wood frames 3 All or most have metal frames

A13 Has your home been remodeled in the past 12 months? (REMOD)

1 No (Go to A15.)
 2 Yes → **A14** If yes, what type of remodel did you do? (Choose all that apply.)
 1 Room addition, added square footage to home (RMDROOM)
 1 Kitchen or bath re-model (RMDKTBTH)
 1 Re-built most of the home (RMDREBLT)
 1 Other (RMDOTHR)

A15 For each of the following age groups, how many people, including yourself, usually live in this home? (NUMI: Imputed continuous number in household Excludes MM.) (KIDS: Number of residents 0-18) (ADULTS: Number of residents 19-64) (SENIORS: Number of residents 65+)

Age	Number of People Usually Living In This Home								
	None	1	2	3	4	5	6	7	Over 7
5 and under (NR0_5)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
6 – 18 (NR6_18)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
19 – 34 (NR19_34)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
35 – 54 (NR35_54)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
55 – 64 (NR55_64)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
65 and over (NR65_99)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>

A16 Generally speaking, how often does a member of this household use major **electrical** appliances or equipment (e.g., clothes washer, electric range, dishwasher, air conditioner, etc.) on **weekdays from 4 p.m. to 9 p.m.**? (ONPKUSE)

1 Frequently (3 – 5 weekdays per week)
 2 Occasionally (1 – 2 weekdays per week)
 3 Rarely or Never (Less than 1 weekday per week)

A17 Is natural gas service from underground pipes from the gas utility available in your neighborhood? (NGSERV)

1 Yes 1 No (Go to A20.)

A18 Do you have a natural gas line or hook-up to any part of your home? (NGLINE)

1 Yes 1 No

A19 What utility do you pay for **natural gas** service to your home? (NGUTIL)

- 1 Pacific Gas & Electric (PG&E)
- 2 San Diego Gas & Electric (SDG&E)
- 3 SoCalGas Company
("The Gas Company")
- 4 Southwest Gas Corporation
- 5 City of Coalinga
- 6 City of Long Beach Gas Department
- 7 Not sure

Electric Vehicles

A20 Does anyone in your household currently own or lease a plug-in battery electric vehicle or plug-in hybrid electric vehicle? (EVYN) (EVYN2: plugged EVYN)

Yes

No (Go to B1)

A21 How many electric vehicles of each type does your household own or lease?

	1	2	3 or more
Plug-in electric vehicle (e.g. Tesla, Honda Clarity, Toyota Prius Prime, Chevy Bolt, Nissan Leaf, BMW i3) (NUMBEV)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Hybrid electric plug-in vehicle (e.g., Chevy Volt, Ford Fusion Energi) (NUMHEV)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

A22 On an average day, how many **total** miles do you drive your electric vehicles? (Choose one answer for the total miles for all electric vehicles for the average weekday, and one answer for the average weekend day)

	Monday-Friday (EVMDF)	Saturday – Sunday (EVDSS)
Less than 20 miles	<input type="checkbox"/>	<input type="checkbox"/>
21-40 miles	<input type="checkbox"/>	<input type="checkbox"/>
41-60 miles	<input type="checkbox"/>	<input type="checkbox"/>
61-100 miles	<input type="checkbox"/>	<input type="checkbox"/>
More than 101 miles	<input type="checkbox"/>	<input type="checkbox"/>

A23 How often do you charge your electric vehicle(s) at home, work or somewhere else? (Choose one answer for each location that you charge the vehicles)

	Home (EVTMCHH)	Work (EVTMCHW)	Some-where Else (EVTMCHO)
Daily	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5-6 times per week	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3-4 times per week	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1-2 times per week	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Less than once a week	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

A24 Is your primary charger used at **home** a Level 1 (120V) or Level 2 (240V)? (EVCHTYPE)

- Level 1 (120V) standard wall outlet – slower charge
- Level 2 (240V) charger - outlet like clothes dryer uses – faster charge
- Don't know
- Do not charge at home (Go to B1)

A25 When is/are the EV(s) normally charged **at home** using this primary charger? (Choose all that apply.)

- Morning (6am-9am) (EVCHH6_9)
- Day (9am-5pm) (EVCHH9_5)
- Evening (5pm-9pm) (EVCHH5_9)
- Night (9pm-6am) (EVCHH9_6)

Space Heating

B1 Do you pay to heat your home? (PAYHEAT) (PAYHEAT2 – cleaned PAYHEAT)

- 1 Yes 2 No, it is part of my rent/condo fee (Go to B8.)
 3 No, do not have a heating system (Go to B8.)

B2 What type of heating system do you use to heat this home?

(If you use more than one heating system, mark the system that you use the most as “Main Heating” and mark all other systems as “Additional Heating.”) (PHTFUEL3- plugged heating fuel)

	Main Heating <small>(Mark only ONE BOX below)</small>	Additional Heating <small>(Mark ALL BOXES that apply)</small>
NATURAL GAS (from gas utility)		
Central forced-air furnace (fan circulates hot air through air ducts)	1 <input type="checkbox"/> (PHTNGCNT)	1 <input type="checkbox"/> (AHTNGCNT)
Floor or wall heater/furnace	1 <input type="checkbox"/> (PHTNGFWL)	1 <input type="checkbox"/> (AHTNGFWL)
Hot water radiator (steam, hot water, fin tubes)	1 <input type="checkbox"/> (PHTNGRAD)	1 <input type="checkbox"/> (AHTNGRAD)
Fireplace (Gas)	1 <input type="checkbox"/> (PHTNGFFP)	1 <input type="checkbox"/> (AHTNGFFP)
Other system type	1 <input type="checkbox"/> (PHTNGOTH)	1 <input type="checkbox"/> (AHTNGOTH)
ELECTRIC		
Resistance (baseboard/ceiling/floor/wall)	1 <input type="checkbox"/> (PHTELBSB)	1 <input type="checkbox"/> (AHTELBSB)
Central forced air furnace (fan circulates hot air through air ducts)	1 <input type="checkbox"/> (PHTELCRH)	1 <input type="checkbox"/> (AHTELCRH)
Central heat pump (heats and cools)	1 <input type="checkbox"/> (PHTELCHP)	1 <input type="checkbox"/> (AHTELCHP)
Through-the-wall heat pump (looks like a window/wall air conditioner, but also provides heat)	1 <input type="checkbox"/> (PHTELWHP)	1 <input type="checkbox"/> (AHTELWHP)
Portable heaters	1 <input type="checkbox"/> (PHTELPOR)	1 <input type="checkbox"/> (AHTELPOR)
Other system type	1 <input type="checkbox"/> (PHTELOTH)	1 <input type="checkbox"/> (AHTELOTH)
BOTTLED GAS (propane, LP)		
Central forced air furnace (fan circulates hot air through air ducts)	1 <input type="checkbox"/> (PHTBGCNT)	1 <input type="checkbox"/> (AHTBGCNT)
Floor or wall heater/furnace	1 <input type="checkbox"/> (PHTBGFWL)	1 <input type="checkbox"/> (AHTBGFWL)
Hot water radiator	1 <input type="checkbox"/> (PHTBGRAD)	1 <input type="checkbox"/> (AHTBGRAD)
Other system type	1 <input type="checkbox"/> (PHTBGOTH)	1 <input type="checkbox"/> (AHTBGOTH)
WOOD		
Woodstove/pellet stove/fireplace insert	1 <input type="checkbox"/> (PHTWDWS)	1 <input type="checkbox"/> (AHTWDWS)
Fireplace (Wood-burning)	1 <input type="checkbox"/> (PHTWDFFP)	1 <input type="checkbox"/> (AHTWDFFP)
SOLAR		
Solar – no backup	1 <input type="checkbox"/> (PHTSLRN)	1 <input type="checkbox"/> (AHTSLRN)
Solar – natural gas backup	1 <input type="checkbox"/> (PHTSLRG)	1 <input type="checkbox"/> (AHTSLRG)
Solar – propane backup	1 <input type="checkbox"/> (PHTSLRP)	1 <input type="checkbox"/> (AHTSLRP)
Solar – electric backup	1 <input type="checkbox"/> (PHTSLRE)	1 <input type="checkbox"/> (AHTSLRE)
OTHER FUEL		
(Describe): (HTOTSYS) _____	1 <input type="checkbox"/> (PHTOTSYS)	1 <input type="checkbox"/> (AHTOTSYS)

B3 If your heating system(s) use natural gas for fuel, indicate whether it has a pilot light(s).

Main gas heating (MAINPILT)	1 <input type="checkbox"/> Yes, pilot light on all year	2 <input type="checkbox"/> Yes, pilot light on in winter only	3 <input type="checkbox"/> No pilot light
Secondary gas heating (SECPILT)	1 <input type="checkbox"/> Yes, pilot light(s) on all year	2 <input type="checkbox"/> Yes, pilot light(s) on in winter only	3 <input type="checkbox"/> No pilot light(s)

B4 How old is your main heating system? (HTSYSAGE)

- 1 Less than one year 3 4 – 8 years 5 14 – 30 years
 2 1 – 3 years 4 9 – 13 years 6 Over 30 years

B5 What type of thermostat does your main heating system(s) use? (HTCTLTYP)

- 1 Smart thermostat (Can be used with home automation systems and may sense when you are home, e.g., Nest, Lyric, Sensi or Ecobee)
 1 Programmable thermostat (Can set heater to different temperatures for different times)
 2 Non-programmable thermostat (Can turn heater on/off and set temperature by hand)
 3 No thermostat (Simple on/off control or steam valve) (Go to B7.)

B6 If your main heating system is controlled by a thermostat, what is the average thermostat temperature usually set for each time period during the heating season? (Choose one answer for each time period. Provide the average setting if it varies.)

	Off	Below 55°F	55 – 60°F	61 – 65°F	66 – 70°F	71 – 75°F	Over 75°F
Morning (6am-9am) (HMRNSET)		1 <input type="checkbox"/>		1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Day (9am-5pm) (HDAYSET)	1 <input type="checkbox"/>						
Evening (5pm-9pm) (HEVNSET)	1 <input type="checkbox"/>						
Night (9pm-6am) (HNITSET)	1 <input type="checkbox"/>						

B7 Has maintenance been performed on your main heating system in the past 12 months? (HTMAINTN)

- 1 Yes 2 No

B8 How many electric portable heaters do you use? (NPORHTRS)

- 1 I don't use portable heaters 3 2 portable heaters
 2 1 portable heater 4 3 or more portable heaters

B9 How often do you use any additional heating system(s), including portable heaters, during the heating season? (USEADDHT)

- 1 No additional heating 4 Often (2 to 4 days per week)
 2 Rarely (once per month) 5 Always (5 to 7 days per week)
 3 Sometimes (once per week)

Space Cooling

CENTRAL AIR CONDITIONING/COOLING

C1 Do you pay for central air conditioning/cooling for your home? (PAYCOOL) (PAYCOOL2 – cleaned PAYCOOL)

- 1 Yes 2 No, it is part of my rent/condo fee (Go to C7.)
 3 No, do not have central air conditioning (Go to C7.)

C2 What type and how many central air conditioning/cooling system(s) do you have in your home? (COOLING – Plugged combo of CAC/RAC types) (CACCNT - Total number of types of central air conditioners)

	Number of Central Cooling Systems			Main system controlled using a Zoned Thermostat
	1	2	3 or more	
Central air conditioning (CTLACAGE)	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>	1 <input type="checkbox"/> (CTLACZON)
Central evaporative (swamp) cooler (CTEVPAGE)	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>	1 <input type="checkbox"/> (CTEVZON)
Heat pump (heats and cools) (HPAGE)	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>	1 <input type="checkbox"/> (HPZON)
Mini-split or "ductless" (MSDNUM)	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>	1 <input type="checkbox"/> (MSDZON)

- C3** How old is your main central air conditioning/cooling unit? (CLCNTAGE)
- 1 Less than one year 3 4 – 8 years 5 14 – 30 years
 2 1 – 3 years 4 9 – 13 years 6 Over 30 years

- C4** What type of thermostat does your main cooling system(s) use? (CLCTLTYP)
- 1 Smart thermostat (Can be used with home automation systems and may sense when you are home, e.g., Nest, Lyric, Sensi or Ecobee)
 2 Programmable thermostat (Can set air conditioner (AC) to different temperatures for different times)
 3 Non-programmable thermostat (Can turn the AC on/off and set temperature by hand)
 4 No thermostat (Simple on/off control) (Go to C6.)

C5 What is the typical thermostat temperature setting of your main central cooling system for each time period during the cooling season? (Choose one answer for each time period.)

	Off	Below 68°F	68 – 69°F	70 – 73°F	74 – 76°F	77 – 80°F	Over 80°F
Morning (6am–9am) (CMRNSET)	<input type="checkbox"/>						
Day (9am–5pm) (CDAYSET)	<input type="checkbox"/>						
Evening (5pm–9pm) (CEVNSET)	<input type="checkbox"/>						
Night (9pm–6am) (CNITESET)	<input type="checkbox"/>						

- C6** Has maintenance been performed on your central air conditioning system in the past 12 months? (CLMAINTN)
- 1 Yes 2 No

ROOM AIR CONDITIONING/COOLING (Window / Wall Units)

- C7** Please tell us the characteristics of each room air conditioning/cooling unit below.
- 1 No room air conditioning/cooling units (Go to D1.) (NOROOMAC)

(RACCNT - Total number of room air conditioners)	Unit 1	Unit 2	Unit 3
Type of Room AC/Cooling Unit	(ACTYP1)	(ACTYP2)	(ACTYP3)
Window/wall/portable air conditioner	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Window/wall heat pump	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Window/wall evaporative (swamp) cooler	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Age of Room AC/Cooling Unit	(ACAGE1)	(ACAGE2)	(ACAGE3)
Less than one year	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1 – 3 years	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4 – 8 years	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9 – 13 years	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
More than 13 years	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- C8** Please indicate how often your room air conditioning/cooling unit(s) is/are turned on during the cooling season. (Choose one answer for each time period.)

Time Period	Never	Rarely (1-2 days per week)	Sometimes (3-4 days per week)	Often (5-6 days per week)	Always (7 days per week)
Morning (6am–9am) (CMRNUSE)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Day (9am–5pm) (CDAYUSE)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Evening (5pm–9pm) (CEVNUSE)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Night (9pm–6am) (CNITEUSE)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Hot weekday afternoon (noon–6pm) (CHOTUSE)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Water Heating

D1 Do you pay for heating water at your residence? (PAYWH) (PAYWH2- cleaned PAYWH)
 1 Yes 2 No, it is part of my rent/condo fee (Go to D6.)
 3 No hot water heater (Go to D6.)

D2 What type of water heating systems do you use in your home? (PWHFUEL3- Plugged primary water heating fuel)

	Main Water Heater <i>(Mark only ONE BOX in this column)</i>	Additional Water Heater(s) <i>(Mark ALL BOXES that apply)</i>
NATURAL GAS		
Standard tank	1 <input type="checkbox"/> (PWHNGTNK)	1 <input type="checkbox"/> (AWHNGTNK)
Whole house tankless system	1 <input type="checkbox"/> (PWHNGWHT)	1 <input type="checkbox"/> (AWHNGWHT)
High-efficiency condensing (with plastic vent pipe)	1 <input type="checkbox"/> (PWHNGHEC)	1 <input type="checkbox"/> (AWHNGHEC)
ELECTRIC		
Standard tank	1 <input type="checkbox"/> (PWHELTKN)	1 <input type="checkbox"/> (AWHELTKN)
Heat pump	1 <input type="checkbox"/> (PWHELHP)	1 <input type="checkbox"/> (AWHELHP)
Whole house tankless system	1 <input type="checkbox"/> (PWHELWHT)	1 <input type="checkbox"/> (AWHELWHT)
Point-of use tankless system	1 <input type="checkbox"/> (PWHELPNT)	1 <input type="checkbox"/> (AWHELPNT)
PROPANE		
Standard tank	1 <input type="checkbox"/> (PWHLPTNK)	1 <input type="checkbox"/> (AWHLPTNK)
Whole house tankless system	1 <input type="checkbox"/> (PWHLPWHT)	1 <input type="checkbox"/> (AWHLPWHT)
SOLAR		
With no backup system	1 <input type="checkbox"/> (PWHSLRN)	1 <input type="checkbox"/> (AWHSLRN)
With natural gas backup	1 <input type="checkbox"/> (PWHSLRG)	1 <input type="checkbox"/> (AWHSLRG)
With propane backup	1 <input type="checkbox"/> (PWHSLRP)	1 <input type="checkbox"/> (AWHSLRP)
With electric backup	1 <input type="checkbox"/> (PWHSLRE)	1 <input type="checkbox"/> (AWHSLRE)
OTHER FUEL	1 <input type="checkbox"/> (PWHOTSYS)	1 <input type="checkbox"/> (AWHOTSYS)
<i>Describe: (PWHOTTXT) _____</i>		

D3 What is the typical hot water heater temperature setting? (Medium is the standard factory setting.) (WHTEMP)
 1 Low (below 130°F) 2 Medium (130°F – 150°F) 3 High (over 150°F)

D4 How old is your primary water heating system? (PRWHAGE)
 1 Less than one year 3 4 – 8 years 5 14 – 30 years
 2 1 – 3 years 4 9 – 13 years 6 Over 30 years

D5 How many total showers and baths are taken in your home on a typical day?

	0	1	2	3	4	5	6	7	8	9	10 or more
Showers / day (SHWRDAY)	1 <input type="checkbox"/>										
Baths / day (BATHSDAY)	1 <input type="checkbox"/>										

D6 Do you have low-flow showerheads installed in the shower(s)? (Low-flow showerheads use 1.8 gallons per minute or less and have been standard since 1993.) (SHOWERHD)
 1 Yes, all showers 2 Yes, some showers 3 No

D7 Do the faucets in your home have water-saving aerators? (Aerators are add-on devices that reduce the water usage by mixing air into the water stream.) (AERATORS)
 1 Yes, all faucets 2 Yes, some faucets 3 No

Laundry

- E1** Do you have the use of laundry equipment in your home? (LNDRYEQP)
 1 Yes 2 No, laundry facilities are located in a common area of the building. (Go to F1.)
 3 I do not use laundry facilities in my building (Go to F1.)

- E2** What type of clothes washer do you have? (CWTYP)
 (Do not include machines in common areas.)
 1 Top loading washer 2 Front loading washer

- E3** How old is your clothes washer? (CWAGE)
 1 Less than one year 3 6 – 8 years 5 16 – 30 years
 2 1 – 5 years 4 9 – 15 years 6 Over 30 years

- E4** For each wash temperature below, how many loads of clothes do you wash in your home during a typical week?

	Number Clothes Washer Loads per Week										
	0	1	2	3	4	5	6	7	8	9	10 or more
Hot water (CWHWLD)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Warm water (CWWWLD)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Cold water (CWCWLD)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- E5** What type of clothes dryer do you have? (CDTYP)
 (Do not include machines in common areas.)
 1 I do not have a clothes dryer 3 Electric dryer
 2 Natural gas dryer 4 Bottled gas (Propane, Butane, LP)

- E6** How old is your clothes dryer? (CDAGE)
 Less than one year 6 – 8 years 16 – 30 years
 1 – 5 years 9 – 15 years Over 30 years

- E7** For each dry temperature below, how many loads of clothes do you dry in your home during a typical week?

	Number of Clothes Dryer Loads per Week										
	0	1	2	3	4	5	6	7	8	9	10 or more
High heat (DRYLDSH)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Medium heat (DRYLDSM)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Low heat (DRYLDSL)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Food Preparation

- F1** Which of the following cooking appliances are used in your home? (Choose all that apply.)

Cooking Appliance	Type of Fuel				Age In Years			
	Natural Gas	Electric	Bottled Gas	Other	0–5 yrs	6–10 yrs	11–15 years	Over 15 years
Cooktop, stovetop or Range	1 <input type="checkbox"/> (CKRNTYP)	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>	1 <input type="checkbox"/> (CKRNA)	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>
Oven(s)	1 <input type="checkbox"/> (CKOVTYP)	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>	1 <input type="checkbox"/> (CKOVA)	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>
Outdoor oven	1 <input type="checkbox"/> (CKOOVTYP)	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>	1 <input type="checkbox"/> (CKOOVA)	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>
Outdoor barbecue	1 <input type="checkbox"/> (CKBBTYP)	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>	1 <input type="checkbox"/> (CKBBQA)	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>
Microwave Oven		1 <input type="checkbox"/> (CKMW)			1 <input type="checkbox"/> (CKMWA)	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>

F2 During a typical **week**, how often do you use the following cooking appliances?

	Never	Rarely <i>(less than once per week)</i>	Occasionally <i>(1 – 2 times per week)</i>	Sometimes <i>(3 – 4 times per week)</i>	Often <i>(5 – 7 times per week)</i>
Cooktop, stovetop or Range (WRNUSE)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>	5 <input type="radio"/>
Oven(s) (WOVUSE)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>	5 <input type="radio"/>
Microwave Oven (WMWUSE)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>	5 <input type="radio"/>
Other (WOTHUSE)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>	5 <input type="radio"/>

F3 Do you have a **dishwasher**? **(DISHWASH)**

1 Yes 2 No *(Go to G1.)*

F4 How old is your dishwasher? **(DWAGE)**

Less than one year 6 – 8 years 16 – 30 years
 1 – 5 years 9 – 15 years Over 30 years

F5 How many dishwasher loads are run in a **typical week**? **(DWLOADS)**

1 None 3 2 5 4 7 6 9 8
2 1 4 3 6 5 8 7 10 9 or more

Refrigerators

G1 How many refrigerators do you have plugged in? **(RFNUM)**

1 0 *(Go to H1.)* 2 1 3 2 4 3 or more

G2 Please tell us the characteristics of each refrigerator in the table below.

	Refrig 1 (RF1STY)	Refrig 2 (RF2STY)	Refrig 3 (RF3STY)
Door Style			
Single-door	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Top Freezer – Bottom Refrigerator	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>
Top Refrigerator – Bottom Freezer	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>
Side-by-side	4 <input type="radio"/>	4 <input type="radio"/>	4 <input type="radio"/>
Size, in Cubic Feet	(RF1SZ)	(RF2SZ)	(RF3SZ)
Mini <i>(under 13 cu. ft.)</i>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Small <i>(13 – 16 cu. ft.)</i>	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>
Medium <i>(17 – 19 cu. ft.)</i>	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>
Large <i>(20 – 23 cu. ft.)</i>	4 <input type="radio"/>	4 <input type="radio"/>	4 <input type="radio"/>
Very large <i>(over 23 cu. ft.)</i>	5 <input type="radio"/>	5 <input type="radio"/>	5 <input type="radio"/>
Age of your Refrigerator	(RF1AGE)	(RF2AGE)	(RF3AGE)
Less than two years	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
2 – 7 years	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>
8 – 10 years	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>
11 – 20 years	4 <input type="radio"/>	4 <input type="radio"/>	4 <input type="radio"/>
More than 20 years	5 <input type="radio"/>	5 <input type="radio"/>	5 <input type="radio"/>
Other Features	(RF1OTH)	(RF2OTH)	(RF3OTH)
Through-the-door ice and water dispenser	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>

Freezers

- H1** How many **stand-alone** freezers do you have plugged in? (FZNUM)
(Do not include freezers that are part of your refrigerator.)
 1 0 (Go to I1.) 2 1 3 2 or more

- H2** Please tell us the characteristics for each stand-alone freezer, and for any stand-alone freezer you discarded in the past 12 months, in the table below.

	Freezer 1 (FZ1STY)	Freezer 2 (FZ2STY)
Style		
Upright, frost-free	1 <input type="radio"/>	1 <input type="radio"/>
Upright manual defrost	2 <input type="radio"/>	2 <input type="radio"/>
Chest frost-free	3 <input type="radio"/>	3 <input type="radio"/>
Chest manual defrost	4 <input type="radio"/>	4 <input type="radio"/>
Size, in Cubic Feet	(FZ1SZ)	(FZ2SZ)
Small (<i>under 13 cu. ft.</i>)	1 <input type="radio"/>	1 <input type="radio"/>
Medium (<i>13 – 16 cu. ft.</i>)	2 <input type="radio"/>	2 <input type="radio"/>
Large (<i>over 16 cu. ft.</i>)	3 <input type="radio"/>	3 <input type="radio"/>
Age of your Freezer	(FZ1AGE)	(FZ2AGE)
Less than two years	1 <input type="radio"/>	1 <input type="radio"/>
2 – 7 years	2 <input type="radio"/>	2 <input type="radio"/>
8 – 10 years	3 <input type="radio"/>	3 <input type="radio"/>
11 – 20 years	4 <input type="radio"/>	4 <input type="radio"/>
More than 20 years	5 <input type="radio"/>	5 <input type="radio"/>

Spas and Hot Tubs

- I1** Do you have the use of a spa or hot tub at your home? (SPTY)
(Do not include whirlpool tubs in your bathroom.)
 1 Yes, and I **pay for its energy use**
 2 Yes, but it is in a **common area** and I **do not pay for its energy use** (Go to J1.)
 3 No spa or hot tub (Go to J1.)
- I2** What fuel do you use to heat the spa or hot tub? (SPHTF)
 1 Electricity 3 Solar and electricity 5 Bottled gas (*propane, butane, LP*)
 2 Natural gas 4 Solar and natural gas 6 Other
- I3** How large is the spa or hot tub? (SPSZ)
 1 Small (*3 people or fewer*) 2 Medium (*4 – 6 people*) 3 Large (*7 or more people*)
- I4** Where is the spa located? (SPLOC)
 1 Outside, in the ground 2 Outside, above ground 3 Indoor spa
- I5** Do you have an insulated cover on your spa or hot tub? (SPCOV)
 1 Yes 2 No

I6 How often do you run the filter pump on your spa or hot tub?

	Summer (May – Oct.)			Winter (Nov. – April)		
	Morning (6am-10am) (SMRNFLTPMP)	Mid-Day (10am-6pm) (SMDFLTPMP)	Night (6pm-6am) (SNITFLTPMP)	Morning (6am-10am) (WMRNFLTPMP)	Mid-Day (10am-6pm) (WMDFLTPMP)	Night (6pm-6am) (WNITFLTPMP)
Never	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Rarely	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>
Only when we use it	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>
1 – 3 hours every day	4 <input type="radio"/>	4 <input type="radio"/>	4 <input type="radio"/>	4 <input type="radio"/>	4 <input type="radio"/>	4 <input type="radio"/>
4 – 6 hours every day	5 <input type="radio"/>	5 <input type="radio"/>	5 <input type="radio"/>	5 <input type="radio"/>	5 <input type="radio"/>	5 <input type="radio"/>

I7 Please indicate how often you heat your spa or hot tub in the winter and summer.

	Summer (May – Oct.)			Winter (Nov. – April)		
	Morning (6am-10am) (SMRNHTSPA)	Mid-Day (10am-6pm) (SMDHTSPA)	Night (6pm-6am) (SNITHHTSPA)	Morning (6am-10am) (WMRNHTSPA)	Mid-Day (10am-6pm) (WMDHTSPA)	Night (6pm-6am) (WNITHHTSPA)
Never	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
0 – 2 times per month	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>
3 – 8 times per month	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>
9 or more times per month	4 <input type="radio"/>	4 <input type="radio"/>	4 <input type="radio"/>	4 <input type="radio"/>	4 <input type="radio"/>	4 <input type="radio"/>
Maintain set temperature	5 <input type="radio"/>	5 <input type="radio"/>	5 <input type="radio"/>	5 <input type="radio"/>	5 <input type="radio"/>	5 <input type="radio"/>

Pools

J1 Do you have the use of a swimming pool at your home? (PLTYP)

- 1 Yes, and I pay for its energy use
- 2 Yes, but it is in a common area and I do not pay for its energy use (Go to K1.)
- 3 No pool (Go to K1.)

J2 How large is your pool? (An average-size pool is about 5 ft. deep by 40 ft. long by 20 ft. wide and holds 30,000 gallons of water.) (PLSZ)

- 1 Less than 20,000 gallons
- 2 20,000 – 40,000 gallons
- 3 More than 40,000 gallons

J3 How many hours per day do you operate your swimming pool filter?

Hours	Summer (May – Oct.)			Winter (Nov. – April)		
	Morning (6am-10am) (SMRNFLTHR)	Mid-Day (10am-6pm) (SMDFLTHR)	Night (6pm-6am) (SNITFLTHR)	Morning (6am-10am) (WMRNFLTHR)	Mid-Day (10am-6pm) (WMDFLTHR)	Night (6pm-6am) (WNITFLTHR)
None	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
1 – 2	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>	2 <input type="radio"/>
3 – 4	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>	3 <input type="radio"/>
5 – 7		4 <input type="radio"/>	4 <input type="radio"/>		4 <input type="radio"/>	4 <input type="radio"/>
8 – 12		5 <input type="radio"/>	5 <input type="radio"/>		5 <input type="radio"/>	5 <input type="radio"/>

J4 Which fuel do you use to heat your pool? (PLHTF)

- 1 Pool is not heated
- 2 Natural gas only
- 3 Electricity only
- 4 Electric heat pump only
- 5 Solar heater (using solar collectors)
- 6 Bottled gas only (propane, butane, LP)
- 7 Other

J5 Please indicate how often you **heat** your pool in the summer and winter.

	Summer (May – Oct.)			Winter (Nov. – April)		
	Morning (6am-10am) (SMRNHTPL)	Mid-Day (10am-6pm) (SMDHTPL)	Night (6pm-6am) (SNHTPL)	Morning (6am-10am) (WMRNHTPL)	Mid-Day (10am-6pm) (WMDHTPL)	Night (6pm-6am) (WNHTPL)
Never	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Once a month	2 <input type="checkbox"/>	2 <input type="checkbox"/>	2 <input type="checkbox"/>	2 <input type="checkbox"/>	2 <input type="checkbox"/>	2 <input type="checkbox"/>
Once a week	3 <input type="checkbox"/>	3 <input type="checkbox"/>	3 <input type="checkbox"/>	3 <input type="checkbox"/>	3 <input type="checkbox"/>	3 <input type="checkbox"/>
2 – 4 times per week	4 <input type="checkbox"/>	4 <input type="checkbox"/>	4 <input type="checkbox"/>	4 <input type="checkbox"/>	4 <input type="checkbox"/>	4 <input type="checkbox"/>
Keep pool heated continuously	5 <input type="checkbox"/>	5 <input type="checkbox"/>	5 <input type="checkbox"/>	5 <input type="checkbox"/>	5 <input type="checkbox"/>	5 <input type="checkbox"/>

J6 What type of filtration pump does your pool have? (PMPTYP)

- Single speed Two speed Variable speed No filtration pump

J7 Which of the following attributes does your pool have? (Choose all that apply.)

- Cover (PLCOV) Pool timer (PLTIMR) Pool sweep (PLSWEEP) Pool vacuum (PLVAC) Pool is indoors (PLINDOOR)

Entertainment and Technology

K1 How many televisions and accessories do you **use** in this home?

Televisions:	None	1	2	3 or more
OLED (organic light-emitting diode) or LED TV(s):				
(SMLLEDTV)smaller than 36 inches	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
(MEDLEDTV) ...between 36 inches and 59 inches	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
(LRGLEDTV) 60 inches or larger	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
LCD (liquid crystal display) TV(s):				
(SMLLCDTV)smaller than 36 inches	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
(MEDLCDTV)...between 36 inches and 59 inches	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
(BIGLCDTV).....60 inches or larger	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Plasma display panel TV(s) (PLSMTV)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Cathode ray tube TV(s) (CRT, tube style) (STDTV)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
DLP or rear-projection TV(s) (DLPTV)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Cable or satellite TV set-top boxes or receivers, DVR (DVRBOX)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Stand-alone movie players (Blu-Ray/DVD/VCR) (MOVPLA)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Gaming systems (Nintendo, PlayStation, Xbox, Wii) (GAMSYS)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Streaming media players (Amazon Fire Stick, AppleTV, Chromecast, Roku) (STREAM)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Home Theater system connected to TV (HTSYS)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Soundbar connected to TV (SNDBAR)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Separate sound or stereo system connected to TV (AUDTOTV)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Stand-alone stereo, iPod or MP3 docking station (SAMUSIC)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>

K2 How many **combined total hours** are your televisions on each day? (Add up time for all TVs.)

Example: 13 hours a day for one + 16 for another equals 29 total hours.)

	1 hour or less	1 – 8 hours	9 – 16 hours	17 – 24 hours	25 – 30 hours	Over 30 hours
TVs smaller than 36 inches (SMLTVUSE)	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>	5 <input type="checkbox"/>	6 <input type="checkbox"/>
TVs 36 inches to 59 inches (MEDTVUSE)	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>	5 <input type="checkbox"/>	6 <input type="checkbox"/>
TVs 60 inches or larger (LRGTVUSE)	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>	5 <input type="checkbox"/>	6 <input type="checkbox"/>

K3 How many **personal computer(s)** (*PC, Macintosh, etc.*) do you **use** in this home?

	None	1	2	3 or more
Desktop(s) (NDSKPCS)	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>
Laptop(s) (NLAPPCS)	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>

K4 If you have one or more computer(s) in this home, how many **combined total hours** are they turned on each day? (*Add up time for all computers, including stand-by*)

	1 hour or less	1 – 8 hours	9 – 16 hours	17 – 24 hours	25 – 30 hours	Over 30 hours
Desktop(s) (DSKPCHRS)	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>	5 <input type="checkbox"/>	6 <input type="checkbox"/>
Laptop(s) (LAPPCHRS)	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>	4 <input type="checkbox"/>	5 <input type="checkbox"/>	6 <input type="checkbox"/>

K5 Do you (or someone else in your home) operate a business and/or work from your home? (**WORKHOME**)

1 No (*Go to K8.*)

2 Yes → **K6** How many hours a week is someone working out of your home? (**WKHRSHM**)

- 1 0 – 10 hours per week
- 2 11 – 30 hours per week
- 3 More than 30 hours per week

K7 How many of the following products do you **use** in this home?

	None	One	Two	Three or more
Printer, Scanner, Copier or Multifunction machine (PRNTSCAN)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Table computer or e-reader (<i>e.g., iPad or Kindle</i>) (TABLET)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Hubs, controllers, smart speakers (<i>Amazon Echo, Google Home, Apple HomePod</i>) (HUBS)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Smart home devices (<i>other than lighting</i>) (SMRTDEV)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
“Smart” cell phone (iPhone or Android) (CELL) (<i>SMACELL in final survey data</i>)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Other cell phone (<i>flip phone, candy bar phone</i>) (OTHCELL)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Dial-up internet access (PHINT)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
High-speed modem for Internet (<i>DSL/cable/satellite</i>) (HSMODINT)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Home network (<i>wired or wireless</i>) (HMNET)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Uninterrupted Power Supply (<i>UPS, power backup</i>) (UNPWRSUP)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>

Lighting

L1 What portion of light bulbs installed in the ceiling fixtures and lamps inside your home are the following types? (*Choose one answer for each type.*)

Incandescent

- Classic glass bulb above the metal screw base

CFL

- “Twisty” tube can be covered
- Short plastic base

LED

- Spherical glass cover
- Large plastic base

Lamp or Bulb Type	None	Some	About half	Most	All
Incandescent (<i>traditional light bulbs that have been around for 100 years</i>) (INCPort)	<input type="checkbox"/>				
CFLs, Compact fluorescent (<i>sometimes have a “twisty”, spiral shape, but the “twisty” can be covered in opaque glass</i>) (CFLPort)	<input type="checkbox"/>				
LED, Light emitting diodes (<i>newest bulbs on the market, often with a large plastic base sometimes with ridges</i>) (LEDPort)	<input type="checkbox"/>				

L2 How many lights inside your home are turned on during the following times of day? (Choose one answer for each time period.)

Time Period	None	Few lights (about 25%)	Some lights (about 50%)	Many lights (about 75%)	All lights (100%)
Morning (6am–9am) (LMRNUSEN)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>	5 <input type="radio"/>
Day (9am–5pm) (LDAYUSEN)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>	5 <input type="radio"/>
Evening (5pm–9pm) (LEVNUSEN)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>	5 <input type="radio"/>
Night (9pm–6am) (LNITEUSEN)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>	5 <input type="radio"/>

L3 How many of the following lighting products do you use **inside** your home?

Interior Lighting Products

	None	1 – 2	3 – 5	6 – 10	11 or More
Fixtures on Timers (ICTLTIMR)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>	5 <input type="radio"/>
Fixtures on Motion Detectors or Occupancy Sensors (ICTLOCCS)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>	5 <input type="radio"/>
Fixtures on a Dimming Switch (ICTLDIM)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>	5 <input type="radio"/>
“Smart” (connected) light bulbs (ICTLCONN)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>	5 <input type="radio"/>
Nightlights (ICTLNITE)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>	5 <input type="radio"/>

L4 How many of the following lighting products do you use **outside** your home? (Include items in your garage. Only include exterior lights that are paid for on your electricity bill.)

Exterior Fixtures

	None	1 – 2	3 – 5	6 or More
Exterior incandescent fixtures (EXINC)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>
Exterior compact fluorescent fixtures (EXCFL)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>
Exterior light-emitting diode (LED) fixtures (EXLED)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>
Low voltage landscape light system (EXLOWV)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>
HID (sodium vapor, metal halide) fixture (EXHID)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>

Exterior Lighting Controls

	None	1 – 2	3 – 5	6 or More
Fixtures on Timers (ECTLTIMR)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>
Fixtures on Dusk-to-Dawn Sensors (ECTLDSK)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>
Fixtures on Motion Detectors (ECTLMOTN)	1 <input type="radio"/>	2 <input type="radio"/>	3 <input type="radio"/>	4 <input type="radio"/>

Miscellaneous Appliances

M1 How many of each of the following appliances or equipment do you **use** in your home? (Choose all that apply.)

	None	1	2	3 or More
Chargers left plugged in all the time (phone/tablet/tools) (CHRGRS)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Rechargeable vacuum (Roomba, RoboVac, Botvac) (RECHVAC)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Small cooking (air fryer, Instant Pot, slow cooker) (SMACOOK)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Portable fan (FNPORT)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Ceiling fan (FNCEIL)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Wind turbine attic ventilator (non-electric) (WNDATV)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Electric attic fan (FNATTIC)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Whole-house fan (FNWHOLE)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Electronic household air cleaner (AIRCLEAN)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Portable (room) air purifier (PORTPUR)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Humidifier or Dehumidifier (HUMDEH)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Wine or beverage cooler (WINCLR)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Water purification system (WHPURIFY)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Domestic hot water recirculation pump (DHWRPMP)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Sauna – electric (SAUNA)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Pond or water garden pump or fountain (POND)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>
Outdoor fire table/fire pit (FIREPIT)	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>	1 <input type="radio"/>

M2 Do you use an electric well water pump to provide water for your home?
(WLWTRPMP)

1 No (Go to M5.)

2 Yes ➔ **M3** Does your home also have access to city/county water sources? (WTRSRCES) 1 Yes 2 No

M4 How do you use your well water? (WLWTUSE)

1 Only for gardening and landscaping

2 Only for household use

3 Both household and gardening/landscape use

M5 Select fuel type for any of the equipment that is **used** three or more hours per week.

	Electric	Natural Gas	Bottled Gas
Sump pump (SUMPPMP)	1 <input type="checkbox"/>		
Shop tools (SHOPTLS)	1 <input type="checkbox"/>		
Electric welding equipment (WELD)	1 <input type="checkbox"/>		
Electric air compressor (AIRCOMP)	1 <input type="checkbox"/>		
Charger for large battery (BATCHARGE)	1 <input type="checkbox"/>		
Kiln for ceramics and pottery (KILN)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Medical equipment (e.g., respirator) (MEDICAL)	1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>

M6 Do you have an electric bicycle, skateboard, wheelchair, or golf cart at your home?
(ELVEH)

1 No (Go to M8.) (EWHLS1)

1 Yes, electric wheelchair/cart ➔ **M7** Do you charge your electric wheelchair, cart, skateboard or bicycle at home?
(EWHLS2)

1 Yes, electric bicycle/skateboard ➔ (CHRGELSC)
(EWHLS3)

1 Yes 2 No

M8 Do you use any other equipment or large appliance that consumes a significant amount of electricity or natural gas in your home? (OLRGAPP)

1 No 2 Yes (Please describe equipment and fuel.): (OLRGEQP), (OLRGFUEL) ____

M9 Please indicate if you have **added or replaced** any of the following appliances in the past 12 months. If the new item replaced an existing unit, please be sure to answer question **M10** as well. (Choose all that apply.)

Appliance	Added a New Unit	Fuel Type of New Unit		
		Elec	Nat. Gas	Other
Central heating	1 <input type="checkbox"/> (CHADD)	(CHFUEL) 1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Central cooling	1 <input type="checkbox"/> (CCADD)	(CCFUEL) 1 <input type="checkbox"/>		
Wall or window air conditioner	1 <input type="checkbox"/> (WWADD)	(WWFUEL) 1 <input type="checkbox"/>		
Evaporative (swamp) cooler	1 <input type="checkbox"/> (EVCLADD)	(EVCLFUEL) 1 <input type="checkbox"/>		
Water heater	1 <input type="checkbox"/> (WHADD)	(WHFUEL) 1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Refrigerator	1 <input type="checkbox"/> (RFADD)	(RFFUEL) 1 <input type="checkbox"/>		
Stand-alone freezer	1 <input type="checkbox"/> (FRZADD)	(FRZFUEL) 1 <input type="checkbox"/>		
Stove top	1 <input type="checkbox"/> (STADD)	(STFUEL) 1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Oven	1 <input type="checkbox"/> (OVADD)	(OVFUEL) 1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Microwave oven	1 <input type="checkbox"/> (MWADD)	(MWFUEL) 1 <input type="checkbox"/>		
Dishwasher	1 <input type="checkbox"/> (DWADD)	(DWFUEL) 1 <input type="checkbox"/>		
Clothes washer	1 <input type="checkbox"/> (CWADD)	(CWFUEL) 1 <input type="checkbox"/>		
Clothes dryer	1 <input type="checkbox"/> (CDADD)	(CDFUEL) 1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Pool heater	1 <input type="checkbox"/> (PHADD)	(PHFUEL) 1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>
Pool pump	1 <input type="checkbox"/> (PPADD)	(PPFUEL) 1 <input type="checkbox"/>		
Hot tub/spa heater	1 <input type="checkbox"/> (TBADD)	(TBFUEL) 1 <input type="checkbox"/>	1 <input type="checkbox"/>	1 <input type="checkbox"/>

1 Have not **added or replaced** any of the above appliances. (NOADD)

M10 Please indicate if you have **discarded** any of the following appliances in the past 12 months. Include both items that were replaced and those that were discarded without being replaced. *(Choose all that apply.)*

Appliance	Age of Discarded Unit			Fuel Type of Discarded Unit		
	1–10 years	11–20 years	Over 20 years	Elec	Nat. Gas	Other
Central heating	(DCHAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DCHFL) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Central cooling	(DCCAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DCCFL) <input type="checkbox"/>		
Wall or window air conditioner	(DWWAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DWWFL) <input type="checkbox"/>		
Evaporative (swamp) cooler	(DEVCLAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DEVCLFL) <input type="checkbox"/>		
Water heater	(DWHAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DWHFL) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Refrigerator	(DRFAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DRFFL) <input type="checkbox"/>		
Stand-alone freezer	(DFZAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DFRZFL) <input type="checkbox"/>		
Stove top	(DSTAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DSTFL) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Oven	(DOVAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DOVFL) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Microwave oven	(DMWAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DMWFL) <input type="checkbox"/>		
Dishwasher	(DDWAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DDWFL) <input type="checkbox"/>		
Clothes washer	(DCWAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DCWFL) <input type="checkbox"/>		
Clothes dryer	(DCDAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DCDFL) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pool heater	(DPHAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DPHFL) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pool pump	(DPPAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DPPFL) <input type="checkbox"/>		
Hot tub/spa heater	(DTBAGE) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(DTBFL) <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Have not **discarded** any of the above appliances. (NODISCRD)

Renewable Energy Technologies

M11 Which of the following renewable energy technologies are **currently** used at this residence? *(Check all that apply.)*

- No renewable energy technologies (NORENEW)
- Solar electricity/photovoltaic (PV) cells (PVRENEW)
- Solar water heating (In-home water heated) (SORENEW)
- Battery storage connected to solar (BTRENEW)
- Wind generator (WGRENEW)
- Fuel cells (FCRENEW)

M12 In the next two years, do you plan to install any of the following renewable technologies? *(Check all that apply.)*

- No plans (NOPLAN)
- Solar electricity/photovoltaic (PV) cells (PVPLAN)
- Solar domestic water heating (In-home water heated) (SOWHPLAN)
- Solar pool water heating (Pool water heated) (SOPHPLAN)
- Battery storage connected to solar (BTPLAN)
- Wind generator (WGPLAN)
- Fuel cells (FCPLAN)
- Other: (OTHPLAN) *(describe)* _____

Household Information

Please provide answers to the following questions. **Your responses will be confidential** and no data will be used on an individual basis. The information is used to allow us to compare energy usage between various groups.

N1 In addition to the home described in this survey, do you own any other home in California that is occupied on a part-time basis by your family or as a vacation rental?

(Please do not answer yes for any full-time rental property or time-share units.) (PTHME)

1 Yes 2 No (Go to N3.)

N2 Please provide the following information for your seasonal or vacation home that you own in California? *(Please do not provide information for the home described in this survey, any full-time rental property or any time-share units.)*

Location (PTHMELOC)	1 <input type="checkbox"/> In the mountains	4 <input type="checkbox"/> Near the ocean
	2 <input type="checkbox"/> In the desert	5 <input type="checkbox"/> Other
	3 <input type="checkbox"/> Near a lake or river	

Electricity is provided to this vacation home by: (PTHMEUTL)	1 <input type="checkbox"/> PG&E	4 <input type="checkbox"/> LADWP
	2 <input type="checkbox"/> SCE	5 <input type="checkbox"/> SMUD
	3 <input type="checkbox"/> SDG&E	6 <input type="checkbox"/> Other

Natural gas is provided to this vacation home by: (PTHMGUTL)	1 <input type="checkbox"/> PG&E	3 <input type="checkbox"/> SoCalGas	5 <input type="checkbox"/> None
	2 <input type="checkbox"/> SDG&E	4 <input type="checkbox"/> Other	

N3 What was the highest level of education completed by any head of household in the home? (EDUC)

1 <input type="checkbox"/> Elementary (grades 1 – 8)	4 <input type="checkbox"/> Some college/trade/ vocational school
2 <input type="checkbox"/> Some high school (grades 9 – 12)	5 <input type="checkbox"/> College graduate
3 <input type="checkbox"/> High school graduate	6 <input type="checkbox"/> Postgraduate degree

N4 What is the primary language spoken in this home? (ETHNIC)

1 <input type="checkbox"/> English	3 <input type="checkbox"/> Spanish
2 <input type="checkbox"/> Asian/Pacific Island (describe) (ASIAETHD) _____	4 <input type="checkbox"/> Other (describe) (OTHETHD) _____

N5 Are any of the occupants of your home permanently disabled? (DISABLED)

1 No 2 Yes, 1 permanently disabled 3 Yes, 2 or more permanently disabled

N6 Which of the following ethnic groups are represented by your head(s) of household? *(Choose all that apply.)*

	Head of Household # 1	Head of Household # 2
American Indian, Alaska Native	1 <input type="checkbox"/> (HOHIND1)	1 <input type="checkbox"/> (HOHIND2)
Asian or Pacific Islander	1 <input type="checkbox"/> (HOHASN1)	1 <input type="checkbox"/> (HOHASN2)
Black, African American	1 <input type="checkbox"/> (HOHBLK1)	1 <input type="checkbox"/> (HOHBLK2)
Hispanic / Latino	1 <input type="checkbox"/> (HOHLAT1)	1 <input type="checkbox"/> (HOHLAT2)
White, Caucasian	1 <input type="checkbox"/> (HOHWHT1)	1 <input type="checkbox"/> (HOHWHT2)
Other	1 <input type="checkbox"/> (HOHOTH1)	1 <input type="checkbox"/> (HOHOTH2)

N7 Please check the range that best describes your household's **total annual income**. (INCOME19) *(Imputed income, not including MM: AVGINC)*

1 <input type="checkbox"/> Less than \$10,000	5 <input type="checkbox"/> \$50,000 – \$74,999	9 <input type="checkbox"/> \$175,000 – \$199,999
2 <input type="checkbox"/> \$10,000 – \$19,999	6 <input type="checkbox"/> \$75,000 – \$99,999	10 <input type="checkbox"/> \$200,000 – \$249,999
3 <input type="checkbox"/> \$20,000 – \$24,999	7 <input type="checkbox"/> \$100,000 – \$149,999	11 <input type="checkbox"/> \$250,000 or more
4 <input type="checkbox"/> \$25,000 – \$49,999	8 <input type="checkbox"/> \$150,000 – \$174,999	12 <input type="checkbox"/> Prefer not to answer

**Please return your survey in the enclosed envelope.
The sponsors greatly value your time and input.
Thank you very much for participating!**

Frequently Asked Questions -

What is the California Home Energy Survey? The California Home Energy Survey is a comprehensive study of residential energy use. The survey asks households to provide information on appliances, equipment, and general energy use. The survey is conducted periodically, with two previous studies completed in 2009 and 2003.

Who is the sponsor of the California Home Energy Survey? The California Home Energy Survey is sponsored by the California Energy Commission and the following utilities: Pacific Gas and Electric Company (PG&E), Southern California Edison (SCE), San Diego Gas & Electric Company (SDG&E), Southern California Gas Company (SoCalGas), Sacramento Municipal Utility District (SMUD), and the Los Angeles Department of Water and Power (LADWP). The sponsoring organizations have teamed up to conduct a common study, provide a central set of information to guide state-wide energy planning and minimize study costs.

How can I confirm the California Energy Commission sponsors the study?

The Commission provides more information about this survey on their official website at: www.energy.ca.gov/appliances/rass. Final reports from the 2009 and 2003 studies are also available to download from this website.

Where can I get help to complete this survey? DNV GL Energy Insights USA, Inc. has been hired by the California Energy Commission to manage this study. Contact the DNV GL survey support team by emailing them at: support@calhes.dnvgl.com or calling them on the toll-free line at 1 (866) 363-7448. DNV GL representatives are available to answer questions about this survey Monday through Friday, 8:30 a.m. to 5:00 p.m. Pacific Daylight Time.

What if I don't know the answer to some of the questions? Do your best to answer all of the questions. If you do not know the answer to a question, just move on to the next one. Please answer the questions as they pertain to your residence or unit only.

Will the California Energy Commission keep my information confidential? Yes. To protect your privacy a unique ID was assigned to your household. Survey results are reported in anonymous or summary form and will not reveal individual identities.

Why does my response matter to the California Energy Commission? The more people that complete their surveys, the better that we can plan for future energy needs in California. It is important that we get an up-to-date picture of how California uses energy so that we can ensure that there is adequate energy available to meet California's future needs.

How do I benefit by answering the California Home Energy Survey? Your participation supports state-wide planning activities that help your community, and the information you collect can reveal potential energy improvements in your own household.

APPENDIX B: 2019, 2009 and 2003 RASS Survey Variables

This appendix contains the list of variables for the 2019, 2009 and 2003 RASS surveys.

Table 1: 2019 RASS Survey Variables

2019 RASS Survey Variables				
2019 VarName	Order	2019 Label	DataGroup	Question Num
eutil	1	Electric utility	Administrative	
ngutil	2	Gas utility	Administrative	
cec_forecasting_zone	3	2016 CEC Forecast Zone	Administrative	
czt24	4	Title 24 Climate Zones	Administrative	
NAC_KWH	5	Normalized Annual Consumption - kWh - Individually Metered	Administrative	
NAC_Therms	6	Normalized Annual Consumption - Therms - Individually Metered	Administrative	
AcAn_kWh	7	Pre-normalized 12-month Average Usage – kwh – individually metered	Administrative	
ACAn_therms	8	Pre-normalized 12-month Average Usage – therms – individually metered	Administrative	
scg	9	Have SCG account data	Administrative	
elecMM	10	Master Metered Electric Account	Administrative	
res	11	Cleaned building type	Home & Lifestyle	
numi	12	Average continuous number in household	Home & Lifestyle	
homeage	13	Average home age	Home & Lifestyle	
SQFT_A	14	Average square footage	Home & Lifestyle	
rescnt	15	Total number of residents	Home & Lifestyle	
DWLTYPE	16	Type of building - A1	Home & Lifestyle	A1
STORIES	17	Number of stories if single family - A1	Home & Lifestyle	A1
OWNRENT	18	Own or rent home - A2	Home & Lifestyle	A2
YRS_RES	19	Length of time at this address - A3	Home & Lifestyle	A3
SEASOCC	20	Seasonal occupancy - A4	Home & Lifestyle	A4
SEASJAN	21	Seasonal occupancy, occupied in Jan - A5	Home & Lifestyle	A5
SEASFEB	22	Seasonal occupancy, occupied in Feb - A5	Home & Lifestyle	A5
SEASMAR	23	Seasonal occupancy, occupied in Mar - A5	Home & Lifestyle	A5
SEASAPR	24	Seasonal occupancy, occupied in Apr - A5	Home & Lifestyle	A5
SEASMAY	25	Seasonal occupancy, occupied in May - A5	Home & Lifestyle	A5
SEASJUN	26	Seasonal occupancy, occupied in Jun - A5	Home & Lifestyle	A5
SEASJUL	27	Seasonal occupancy, occupied in Jul - A5	Home & Lifestyle	A5
SEASAUG	28	Seasonal occupancy, occupied in Aug - A5	Home & Lifestyle	A5
SEASSEP	29	Seasonal occupancy, occupied in Sep - A5	Home & Lifestyle	A5
SEASOCT	30	Seasonal occupancy, occupied in Oct - A5	Home & Lifestyle	A5
SEASNOV	31	Seasonal occupancy, occupied in Nov - A5	Home & Lifestyle	A5
SEASDEC	32	Seasonal occupancy, occupied in Dec - A5	Home & Lifestyle	A5
BUILTYR	33	Year home built - A6	Home & Lifestyle	A6
NUMROOM	34	Number of bedrooms - A7	Home & Lifestyle	A7
SQFT	35	Square feet of living space - A8	Home & Lifestyle	A8
EXTWLINS	36	Home has insulated exterior walls - A9	Home & Lifestyle	A9

2019 RASS Survey Variables				
2019 VarName	Order	2019 Label	DataGroup	Question Num
ACEILINS	37	Home has insulated attic - A10	Home & Lifestyle	A10
CEILINCH	38	Inches of attic insulation - A11	Home & Lifestyle	A11
WINDTYPE	39	Window pane type - A12	Home & Lifestyle	A12
WINFRAME	40	Window frame type - A12	Home & Lifestyle	A12
WINFPTYP	41	Window frame & pane	Home & Lifestyle	
REMOD	42	Home has been remodeled - A13	Home & Lifestyle	A13
RMDROOM	43	Remodel with room additon - A14	Home & Lifestyle	A14
RMDKTBTB	44	Remodel bath or kitchen - A14	Home & Lifestyle	A14
RMDREBLT	45	Rebuilt most of the home - A14	Home & Lifestyle	A14
RMDOTHR	46	Remodel other - A14	Home & Lifestyle	A14
kids	47	Number of residents 0-18	Home & Lifestyle	
adults	48	Number of residents 19-64	Home & Lifestyle	
seniors	49	Number of residents 65+	Home & Lifestyle	
NR0_5	50	Number under 5 years of age in home - A15	Home & Lifestyle	A15
NR6_18	51	Number 6-18 years of age in home - A15	Home & Lifestyle	A15
NR19_34	52	Number 19-34 years of age in home - A15	Home & Lifestyle	A15
NR35_54	53	Number 35-54 years of age in home - A15	Home & Lifestyle	A15
NR55_64	54	Number 55-64 years of age in home - A15	Home & Lifestyle	A15
NR65_99	55	Number 65-99 years of age in home - A15	Home & Lifestyle	A15

APPENDIX C:

2019 RASS Materials Pretest Results

Memo to:

Glen Sharp and Le-Huy Nguyen, CA Energy Commission

Results of Pretest of RASS Study Materials

DNV GL pretested the RASS study materials on July 15th and 16th in DNV GL's Oakland and San Diego offices. Two sessions were held in the Oakland office, and one in San Diego, with a total of ten participants from a variety of demographics. DNV GL recruited participants through the "Nextdoor" neighborhood online community and through snowball recruiting of friends of friends of staff. The sessions lasted two hours for review and discussion of materials. Participants received food and a \$25 VISA card as an honorarium.

After a brief outline of the agenda of the session, participants received RASS study materials for each phase of the campaign, in the sequence the materials will be used in the full implementation of the study. For each set of materials to be reviewed, participants individually read through materials and noted where they found content confusing or had recommendations for improvement, then shared their impressions in a guided group discussion of the collateral and specific content of the materials.

The materials reviewed during the pretest sessions included:

- Initial email for households with email address on record with their utility
- Advance letter for households without email on record
- Survey packet:
 - Outer envelope with a variety of tag lines
 - Cover letter
 - Survey booklet

Overall, participants had a positive response to the survey materials and all participants engaged in the group discussions. The following sections present the findings and recommendations for each set of materials reviewed.

Initial email for households with email addresses on record

Participants expressed an interest in clicking on the link and doing the survey after reading the email. Specific comments are summarized in Table 1.

Table 1 Initial Email Review Results

Participant Comments	Suggested Modification
Positive response to the Subject line, thought that CA Energy Commission adds legitimacy to email	No change
Overall reaction was email is too long, too wordy, and too much to read.	Shortened email to contain critical information.
Text describing what survey asks about seems to target single-family homes, and residents of multi-family dwellings expressed concern that the survey was not for them.	Reordered text to be applicable to all home types, and less focused on SF homes (solar, EV, etc.)
Requested an opening sentence to express why someone should participate.	As proposed and approved by participants, the introductory sentence of email is now "California needs your help to manage energy resources to meet our future energy needs."
Requested addition of a timeframe for responding	Added sentence requesting response in the next week
Requested information on how participants will benefit from participating	Added information of benefits near end of email.
Felt utility logos were appropriate on email	No change
Requested to have customer name in greeting	Will personalize by adding city, state and zip of service address to email

Advance letter for households without email on record

Participants had a positive reaction to the content of the Advance Letter that will be sent to households without an email address on file with their utility. The letter is intended to push recipients to the web to complete the online version of the RASS survey. Participants had several suggestions for adjustments that we recommend being implemented:

- Adjust what text appears in bold
- Make minor text changes, aligned with comments about making text applicable to all home types
- Addition of timeframe for the requested response
- Maintain utility logos on letter, but consider using CA Energy Commission logo on envelope

Survey packet:

Participants were provided with a set of mock-ups of outer envelopes, each with their utility logo and a different tag line. DNV GL asked participants to designate two favorites and one worst tag line. One

tag line will be used for the outer envelope of the first survey packet mailed, and a different tag line for the second survey packet mailed. Table 2 lists the tag lines reviewed and presents the top two favorites and the one worst.

Table 2 Outer Envelope Tagline Review Results

Potential Tagline	Favorite	Worst
Your participation can make a difference in future energy costs in California.		
Help us find ways to reduce future energy costs in communities like yours.	1 st	
Your answers matter. Help us plan for California’s future energy needs.	2 nd , with comments	
Your answers can make a difference in reducing future energy costs in California.		
Your response will help us to plan for California's future energy needs.		
Participate today to help us better plan for California’s future.		X
Your answers can make a difference in reducing energy costs in communities like yours.		
California's future energy costs are in your hands!		

Participants converged when choosing the top favorite tag line, and slightly less than half agreed on the second favorite. Participants provided some general guidance on the tag lines:

- Liked references to “your” and “yours”; felt it made it more personally-relevant
- Expressed concern with using phrase “Your answers matter.”; thought it may be too polarizing but liked the structure of the tag line.

Participants also shared thoughts about overarching messaging of the envelopes. They were skeptical of having reference to reducing costs with their respective utility logos. They voiced a strong preference that their utility’s logo be replaced with the Commission’s logo on the outer envelope.

DNV GL recommends using the Commission’s logo on the outer envelope and the following two tag lines:

- Help us find ways to reduce future energy costs in communities like yours.
- Your answers make a difference. Help us plan for California’s energy needs.

Participants reviewed the cover letter that will be included in the survey packet and offered a few suggestions for changes in formatting what is in bold and the addition of a reference for recipients who may have already completed the survey online. These minor changes were made to the letter.

Participants were asked to complete the survey and to make notes in the margin to indicate questions that caused confusion. The group discussed questions that participants had difficulty with. Table 3 summarizes the areas of the survey that participants raised concerns and provides suggested revisions to the survey.

Table 3: Survey Review Results

Survey Section	Issue or Question	Suggested Modification
Instruction page	Minor formatting changes to have text in bold for emphasis	Adjusted formatting
	Strong reaction to having survey returned to processing center in North Carolina	Update address to a CA address
	Requested time frame for response	Added reference to receiving response in the next week
A9 & A10, Insulation questions	Some participants did not know about insulation, and would like to provide a response	Added "Unknown" as a response to these questions
D5 Number of showers	Requested bold for emphasis on "total" and "in your home"	Adjusted formatting
D6 Showerheads	Need to update low-flow showerheads to current code	Updated to 1.8 gallons per minute
N7 Income	Requested a "prefer not to answer"	Will add if space allows
Frequently Asked Questions	Several participants expressed concern with some of the vocabulary and requested simpler language be used for the description of study legitimacy and accessing help to complete the survey.	Adjusted language for study verification and assistance questions.
	Participants were concerned about their personal identity being revealed.	Added "will not reveal individual identities" to the description of how their information will be kept confidential.

APPENDIX D: 2019 RASS Direct Mail Materials

This appendix contains materials used in the direct mail effort:

- Advance Letter
- Outer envelope – Design A
- Outer envelope – Design B
- Cover Letter
- Business Reply Envelope

Dear California Energy Customer,

The California Energy Commission has randomly selected your household to complete the California Home Energy Survey. The Commission sponsors this survey to get an up-to-date picture of how people in California use energy in their homes. The last state-wide survey of this type was completed over ten years ago and thus requires updating. The survey asks how we use energy, what types of appliances we have in and around our homes and how often we use them, whether we have electric vehicles or solar panels, and more.

Your response will help ensure that you and other households like yours are fully represented in our study and help us plan for future energy needs. The Commission will use the information that you provide to make sure that energy resources and programs meet the needs of all communities across California. To learn more about the survey, please visit: <https://www.energy.ca.gov/appliances/rass/>

The fastest and easiest way to help is to fill out the survey online by following these steps:

1. Type this website into the address bar or location bar at the top left of your internet browser: <https://calhes.com>
2. Click on the button "Begin the Survey"
3. Select "English" or "Spanish"
4. Enter the Access Code unique to your address from the top of this letter.
5. Answer the questions and submit once fully completed.

Please complete the survey online in the next week. If we don't receive enough responses from the online survey, we will mail your household a paper questionnaire in a few weeks.

How did I get selected? The Commission chose your address, not you personally, as part of a randomly selected sample of California households. This survey will collect information on you and your home, but your individual information will not be revealed in any way. The survey results will be prepared and reported in summary form only.

Need help or have a question? DNV GL Energy Insights has been hired by the California Energy Commission to conduct this survey. You can send them an email at: support@calhes.dnvgl.com or you can call their Survey Support Team at **1 (866) 363-7448**, Monday through Friday, 8:30 a.m. to 5:00 p.m. Pacific time.

Thank you for your time and participation!

Sincerely,

Aleecia Gutierrez
Assistant Deputy Director, Energy Assessments Division
California Energy Commission
1516 Ninth St.
Sacramento, CA 95814

ADVANCE LETTER, SPANISH

Estimado usuario de energía de California,

La Comisión de Energía de California seleccionó al azar su hogar para completar la Encuesta de Energía del Hogar de California. La Comisión patrocina esta encuesta para obtener una imagen actualizada de cómo las personas en California usan la energía en sus hogares. La última encuesta estatal de este tipo se completó hace más de diez años y, por lo tanto, requiere actualización. La encuesta pregunta cómo usamos la energía, qué tipos de electrodomésticos tenemos en nuestros hogares y con qué frecuencia los usamos, si tenemos vehículos eléctricos o paneles solares, y más.

Su respuesta ayudará a garantizar que usted y otros hogares como el suyo estén representados en nuestro estudio y nos ayudarán a planear para el futuro abasto de energía. La Comisión utilizará la información que usted proporcione para asegurarse de que los recursos y programas de energía satisfagan las necesidades de todas las comunidades en California. Para obtener más información sobre la encuesta, por favor visite:

<https://www.energy.ca.gov/appliances/rass/>

La forma más rápida y fácil de ayudar es completar la encuesta en línea siguiendo estos pasos:

1. Copie este sitio web en la barra de direcciones de su buscador de internet: <https://calhes.com>
2. Haga clic en el botón "Comenzar la encuesta"
3. Seleccione español o inglés
4. Ingrese el código de acceso exclusivo de su dirección en la parte superior del otro lado de esta carta.
5. Responda las preguntas y envíe electrónicamente cuando haya completado la encuesta en su totalidad.

Por favor complete la encuesta en línea la próxima semana. Si no recibimos suficientes respuestas a la encuesta en línea, le enviaremos a su hogar un cuestionario impreso en unas pocas semanas.

¿Cómo me seleccionaron? La Comisión eligió su dirección, no a usted personalmente, como parte de una muestra de hogares de California seleccionada al azar. Esta encuesta recopilará información sobre usted y su hogar, pero su información individual nunca se reportará de ninguna manera. Los resultados de la encuesta se reportarán sólo a nivel de informes generales.

¿Necesita ayuda o tienes una pregunta? DNV GL Energy Insights ha sido contratado por la Comisión de Energía de California para realizar esta encuesta. Puede enviarles un correo electrónico en español a: support@calhes.dnvgl.com o puede llamar a su equipo de asistencia para encuestas al **1 (866) 363-7448**, de lunes a viernes, de 8:30 a.m. a 5:00 p.m. hora del Pacífico.

¡Gracias por su tiempo y participación!

Sinceramente,

Aleecia Gutierrez

COVER LETTER

Dear California Energy Customer,

The California Energy Commission recently sent an invitation for you to complete a Home Energy Survey online. We have not yet received your response and are sending you a paper survey as promised. If you have already taken the survey, please accept our thanks and disregard this packet.

Your response will help ensure that you and other households like yours are fully represented in our study to help us plan for future energy needs. The Commission will use your responses to make sure that energy resources and programs meet the needs of all communities across California. Please be sure to complete the survey for your residence or unit only.

The fastest and easiest way to help is to fill out the survey online.

1. Type this website into the address bar or location bar at the top left of your internet browser: <https://calhes.com>
2. Click on the button "Begin the Survey" ("Comienza la Encuesta")
3. Select "English" or "Spanish"
4. Enter the access code (código de acceso) printed above the service address on your survey booklet.
5. Answer the questions and submit once fully completed.

If you prefer, you can fill-out the enclosed paper survey and return it in the postage-paid envelope.

Where can I learn more about this study? For more information on the survey, please visit: <https://www.energy.ca.gov/appliances/rass/>

Need help or have a question? DNV GL Energy Insights has been hired by the Energy Commission to conduct this survey. Contact the DNV GL survey support team by emailing them at: support@calhes.dnvgl.com or calling them on the toll-free line at **1 (866) 363-7448**. DNV GL representatives are available to answer questions about this survey Monday through Friday, 8:30 a.m. to 5:00 p.m. Pacific Time.

Thank you very much for your time and participation!

Sincerely,

Aleecia Gutierrez
Assistant Deputy Director, Energy Assessments Division
California Energy Commission
1516 Ninth St.
Sacramento, CA 95814

¿Está disponible una versión en Español? Esta encuesta esta disponible en el internet en Español. Por favor visite: <https://calhes.com> e ingrese el código de acceso impreso arriba de la dirección de servicio en su folleto de encuesta. Introduzca el código de acceso impreso arriba y comienza la encuesta. También puedes llame al **1 (866) 363-7448** para completar tu encuesta en Español.

California Home Energy Survey

Survey Instructions

In this survey you'll be asked questions about a home where you receive electric service. Do your best to answer all of the questions. If you do not know the answer to a question, just go to the next question. Your answers should include everyone in your household, not just yourself.

Use the arrows "Next" and "Back" at the bottom of the page to move to the page. If you need to return to the survey later, open the link you were originally provided in email, and you will be able to start where you previously stopped. Your individual responses are kept confidential.

If you want to learn more about this study please visit the following website: <https://www.energy.ca.gov/appliances/rass/>

Your Home & Lifestyle

What type of building exists at this address: _____?

Single-family detached house

Townhouse, duplex, or row house (shares walls with neighboring unit, but not roof or floor)

Apartment or condominium (2 – 4 units)

Apartment or condominium (5 or more units)

Mobile home

Other

How many stories is the residence?

1

2

3 or more

Do you own or rent this residence?

Own/buying

Rent/lease

Please describe the 'other' building type:

Other building type:

How long have you lived at this address?

1 year or less

2 years

3 years

4 years

5 years

6 years

7 years

8 years

9 years

10 years

11 years

12 years

13 years

14 years

15 years

16-20 years

21-30 years

More than 30 years

Which of the following best describes this residence?

This is my permanent year-round residence

This is my partial-year or seasonal residence

This is my vacation home and is generally used only by my family

This is a vacation rental home

If this is a partial-year or vacation home, please indicate the months this home is typically occupied.

(Select all months that apply.)

January

February

March

April

May

June

July

August

September

October

November

December

Approximately what year was this residence built?

Before 1940

1940-1949

1950-1959

1960-1969

1970-1974

1975-1978

1979-1983

1984-1991

1992-1999

2000-2005

2006-2012

2013-2019

How many bedrooms are in your home?

No bedrooms (studio apartment)

1 bedroom

2 bedrooms

3

4

5

6

7

8

9

10

More than 10

How many square feet of living space is there in your home, including bathrooms, foyers and hallways?

(Exclude garages, basements or unheated porches.)

Less than 250

250 - 500

501 - 750

751 - 1,000

1,001 - 1,250

1,251 - 1,500

1,501 - 2,000

2,001 - 2,500

2,501 - 3,000

3,001 - 4,000

4,001 - 5,000

More than 5,000

Are your home's exterior (outside) walls insulated?

Yes, all walls

Yes, some walls

No

Unknown

Is your home's attic/ceiling insulated?

Yes

No

Unknown

Estimate the number of inches of attic/ceiling insulation.

0 - 3 inches (R-value is less than R-10)

4 - 6 inches (R-11 to R-19)

7 - 10 inches (R-20 to R-30)

More than 10 inches (R-31 or higher)

Choose the statement that best describe your windows:

(Pane type is the number of layers of glass.)

Pane type:

All or most are single pane

All or most are double pane

All or most are triple pane

Mixture of single, double and/or triple pane

Choose the statement that best describe your window frame:

Frame type:

All or most have vinyl frames

All or most have wood frames

All or most have metal frames

Has your home been remodeled in the past 12 months?

Yes

No

What type of remodel did you do?
Select all that apply.

Room addition, added square footage to home

Kitchen or bath remodel

Rebuilt most of the home

Other

For each of the following age groups, how many people, including yourself, usually live in this home?
 Please select one response for each age category.

Age category	None	1	2	3	4	5	6	More than 7
5 and under	<input type="radio"/>							
6 - 18	<input type="radio"/>							
19 - 34	<input type="radio"/>							
35 - 54	<input type="radio"/>							
55 - 64	<input type="radio"/>							
65 and over	<input type="radio"/>							

Generally speaking, how often does a member of this household use any major electrical appliances or equipment (e.g., clothes washer, electric range, dishwasher, air conditioner, etc.) on weekdays from 4 p.m. to 9 p.m.?

Frequently (3 - 5 weekdays per week)

Occasionally (1 - 2 weekdays per week)

Rarely or never (Less than 1 weekday per week)

Is natural gas service from underground pipes from the gas utility available in your neighborhood?

Yes

No

Do you have a natural gas line or hook-up to any part of your home?

Yes

No

What utility do you pay for natural gas service to your home?

Pacific Gas & Electric (PG&E)

San Diego Gas & Electric (SDG&E)

SoCalGas ("The Gas Company")

Southwest Gas Corporation

City of Coalinga

City of Long Beach Gas Department

Not sure

Electric Vehicles

Does anyone in your household currently own or lease a plug-in battery electric vehicle or plug-in hybrid electric vehicle?

Yes

No

How many electric vehicles of each type does your household own or lease?

	0	1	2	3 or more
Battery electric vehicles plug-in powered by battery (e.g. <i>Telsa, Nissan Leaf, Chevy Bolt, BWM i3</i>)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Hybrid electric vehicles powered by both plug-in battery and gasoline, (e.g., <i>Chevy Volt, Ford Fusion</i>)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

On an average day, how many total miles do you drive your electric vehicle(s)?
(Select one answer for the total miles for all electric vehicles for the average weekday, and for the average weekend day.)

	Less than 20 miles	21-40 miles	41-60 miles	61-100 miles	More than 101 miles
Monday-Friday	<input type="radio"/>				
Saturday-Sunday	<input type="radio"/>				

How often do you charge your electric vehicle(s) at home, work or somewhere else?
(Select one answer for each location that you charge the vehicles.)

	Daily	5-6 times per week	3-4 times per week	1-2 times per week	Less than once a week
Home	<input type="radio"/>				
Work	<input type="radio"/>				
Somewhere else	<input type="radio"/>				

Is your primary charger used at home a Level 1 (120V) or Level 2 (240V)?

Level 1 (120V) standard wall outlet - slower charge

Level 2 (240V) outlet like a dryer uses - faster charge

Don't know

Do not charge at home

When is/are the electric vehicle(s) normally charged at home using this primary charger?
(Select all that apply.)

Morning (6 a.m. - 9 a.m.)

Day (9 a.m. - 5 p.m.)

Evening (5 p.m. - 9 p.m.)

Night (9 p.m. - 6 a.m.)

Space Heating

Do you pay to heat your home?

Yes

No, it is part of my rent/condo fee

No, do not have a heating system

What type of heating system do you use as your main heat source at this home?

NATURAL GAS (from a gas utility)	ELECTRIC	BOTTLED GAS (propane, liquid petroleum)	WOOD
<input type="radio"/> Gas central forced-air furnace (fan circulates hot air through air ducts)	<input type="radio"/> Resistance (baseboard/ceiling/floor/wall)	<input type="radio"/> Bottled-gas central forced-air furnace (fan circulates hot air through air ducts)	<input type="radio"/> Woodstove/pellet stove/fireplace insert
<input type="radio"/> Gas floor or wall heater/furnace	<input type="radio"/> Electric central forced-air furnace (fan circulates hot air through air ducts)	<input type="radio"/> Bottled-gas floor or wall heater/furnace	<input type="radio"/> Wood-burning fireplace
<input type="radio"/> Gas hot water radiator (steam, hot water, fin tubes)	<input type="radio"/> Central heat pump (heats and cools)	<input type="radio"/> Bottled-gas hot water radiator (steam, hot water, fin tubes)	SOLAR
<input type="radio"/> Gas fireplace	<input type="radio"/> Through-the-wall heat pump (looks like a window/wall air conditioner, but also provides heat)	<input type="radio"/> Other bottled gas system type	<input type="radio"/> Solar-no backup
<input type="radio"/> Other gas system type	<input type="radio"/> Electric portable heaters		<input type="radio"/> Solar-natural gas backup
	<input type="radio"/> Other electric system type		<input type="radio"/> Solar-propane backup
			<input type="radio"/> Solar-electric backup
			<input type="radio"/> Other fuel type

If your heating system(s) uses natural gas for fuel, indicate whether it has a pilot light:

Main gas heating Pilot Light

What 'other' type of heating system do you use?

Other main heating type:

How old is your main heating system?

Less than one year

1 - 3 years

4 - 8 years

9 - 13 years

14 - 30 years

Over 30 years

What additional type of heating system do you use, if any, to heat this home?

(If none then skip this question.)

NATURAL GAS (from a gas utility)

- Gas central forced-air furnace (fan circulates hot air through air ducts)
- Gas floor or wall heater/furnace
- Gas hot water radiator (steam, hot water, fin tubes)
- Gas fireplace
- Other gas system type

ELECTRIC

- Resistance (baseboard/ceiling/floor/wall)
- Electric central forced-air furnace (fan circulates hot air through air ducts)
- Central heat pump (heats and cools)
- Through-the-wall heat pump (looks like a window/wall air conditioner, but also provides heat)
- Electric portable heaters
- Other electric system type

BOTTLED GAS (propane, liquid petroleum)

- Bottled-gas central forced-air furnace (fan circulates hot air through air ducts)
- Bottled-gas floor or wall heater/furnace
- Bottled-gas hot water radiator (steam, hot water, fin tubes)
- Other bottled gas system type

WOOD

- Woodstove/pellet stove/fireplace insert
- Wood-burning fireplace

SOLAR

- Solar-no backup
- Solar-natural gas backup
- Solar-propane backup
- Solar-electric backup

OTHER FUEL

What 'other' additional heating system type do you use?

Other fuel type:

If your secondary heating system(s) uses natural gas for fuel, indicate whether it has a pilot light:

Secondary gas heating

Pilot Light

Smart Thermostat

Programmable Thermostat

Non-programmable thermostat

What type of thermostat does your main heating system(s) use?

- Smart thermostat (can be used with home automation systems and may sense when you are home, e.g., Nest, Lyric, Sensi or Ecobee)
- Programmable thermostat (can set heater to different temperatures for different times)
- Non-programmable thermostat (can turn heater on/off and set temperature by hand)
- No thermostat (simple on/off control or steam valve)

If your main heating system is controlled by a thermostat, what is the average thermostat temperature usually set for each time period during the heating season?

(Select one for each time period. Provide the average setting if it varies.)

	Off	Below 55F	55F-60F	61F-65F	66F-70F	71F-75F	Over 75F
Morning (6 a.m. - 9 a.m.)	<input type="radio"/>						
Day (9 a.m. - 5 p.m.)	<input type="radio"/>						
Evening (5 p.m. - 9 p.m.)	<input type="radio"/>						
Night (9 p.m. - 6 a.m.)	<input type="radio"/>						

Has maintenance been performed on your main heating system in the past 12 months?

Yes

No

How many electric (plug-in) portable heaters do you use?

I don't use portable heaters

1 portable heater

2 portable heaters

3 or more portable heaters

How often do you use any additional heating system(s), including portable heaters, during the heating season?

No additional heating

Rarely (once per month)

Sometimes (once per week)

Often (2 to 4 days per week)

Always (5 to 7 days per week)

Space Cooling

CENTRAL AIR CONDITIONING/COOLING

Do you pay for central air conditioning/cooling for your home?

Yes

No, it is part of my rent/condo fee

No, do not have central air conditioning

What type and how many central air conditioning/cooling system(s) do you have in your home?

(Zoned thermostats control different zones (spaces) within the home.)

	Number of Central Cooling Systems	Check box if the main system is controlled using a zoned thermostat
Central air conditioner	<input type="text"/>	<input type="checkbox"/>
Central evaporative (swamp) cooler	<input type="text"/>	<input type="checkbox"/>
Heat pump (heats and cools)	<input type="text"/>	<input type="checkbox"/>
Mini-split or "ductless"	<input type="text"/>	<input type="checkbox"/>

How old is your main central air conditioning/cooling unit?

Less than one year

1 - 3 years

4 - 8 years

9 - 13 years

14 - 30 years

Over 30 years

What type of thermostat does your main air conditioning/cooling system(s) use?

Smart thermostat (can be used with home automation systems and may sense when you are home, e.g., Nest, Lyric, Sensi or Ecobee)

Programmable thermostat (can set air conditioner (AC) to different temperatures for different times)

Non-programmable thermostat (can turn the AC on/off and set temperature by hand)

No thermostat (simple on/off control)

What is the typical thermostat temperature setting of your main central cooling system for each time period during the summer cooling season?

(Select one answer for each time period.)

	Off	Below 68F	68 - 69F	70 - 73F	74 - 76F	77 - 80F	Over 80F
Morning (6 a.m. - 9 a.m.)	<input type="radio"/>						
Day (9 a.m. - 5 p.m.)	<input type="radio"/>						
Evening (5 p.m. - 9 p.m.)	<input type="radio"/>						
Night (9 p.m. - 6 a.m.)	<input type="radio"/>						

Has maintenance been performed on your central air conditioning system in the past 12 months?

Yes

No

Room Air Conditioning (Window/Wall Units)

Do you have any room air conditioning units in your home?

Yes

No

Please indicate the type of room air conditioning unit you have for up to three units:

Room AC unit 1 Type of room air conditioner

Room AC unit 2

Room AC unit 3

Please indicate the age of up to three room air conditioner(s)/cooling units?

Room AC unit 1 Age of Room AC/Cooling Unit

Room AC unit 2

Room AC unit 3

Please indicate how often your room air conditioning/cooling unit(s) is/are turned on during the cooling season:
(Select one answer for each time period.)

	Never	Rarely (1-2 days per week)	Sometimes (3-4 days per week)	Often (5-6 days per week)	Always (7 days per week)
Morning (6 a.m. - 9 a.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Day (9 a.m. - 5 p.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evening (5 p.m. - 9 p.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Night (9 p.m. - 6 a.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Hot weekday afternoon (noon - 6 p.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Water Heating

Do you pay for heating water at your residence?

Yes

No, it is part of my rent/condo fee

No hot water heater

What is the main water heating system type used in your home?

NATURAL GAS	PROPANE
<input type="radio"/> Gas standard tank	<input type="radio"/> Propane standard tank
<input type="radio"/> Gas whole house tankless system	<input type="radio"/> Propane whole house tankless system
<input type="radio"/> Gas high-efficiency condensing (with plastic vent pipe)	SOLAR
ELECTRIC	<input type="radio"/> Solar with no backup system
<input type="radio"/> Electric standard tank	<input type="radio"/> Solar with natural gas backup
<input type="radio"/> Heat pump	<input type="radio"/> Solar with propane backup
<input type="radio"/> Electric whole house tankless system	<input type="radio"/> Solar with electric backup
<input type="radio"/> Point-of-use tankless system	<input type="radio"/> Other fuel type

What 'other' water heating system type does your home use?

Other heating type:

What type(s) of water heating systems do you use in your home, as additional water heater(s)?

(Select all that apply. If none skip this question.)

NATURAL GAS

Gas standard tank

Gas whole house tankless system

Gas high-efficiency condensing (with plastic vent pipe)

ELECTRIC

Electric standard tank

Heat pump

Electric whole house tankless system

Point-of use tankless system

PROPANE

Propane standard tank

Propane whole house tankless system

SOLAR

Solar with no backup system

Solar with natural gas backup

Solar with propane backup

Solar with electric backup

Other fuel type

What 'other' additional water heating system type do you use?

Additional water heating system type:

What is the typical hot water heater temperature setting?
(Medium is the standard factory setting.)

Low (below 130°F)

Medium (130°F – 150°F)

High (over 150°F)

How old is your primary water heating system?

Less than one year

1-3 years

4-8 years

9-13 years

14-30 years

Over 30 years

How many total showers and baths are taken in your home on a typical day?

	0	1	2	3	4	5	6	7	8	9	10 or more
Showers per day	<input type="radio"/>										
Baths per day	<input type="radio"/>										

Do you have low-flow showerheads installed in the shower(s)?
(Low-flow showerheads use 1.8 gallons per minute or less and have been standard since 1993.)

Yes, all showers

Yes, some showers

No

Do the faucets in your home have water-saving aerators?
(Aerators are add-on devices that reduce the water usage by mixing air into the water stream.)

Yes, all faucets

Yes, some faucets

No

Laundry

Do you have the use of laundry equipment in your home?

Yes ☐☐

No, laundry facilities are located in a common area of the building

I do not use laundry facilities in my building

What type of clothes washer do you have?
(Do not include machines in common areas.)

Top loading washer

Front loading washer

How old is your clothes washer?

Less than one year

1 – 5 years

6 – 8 years

9 – 15 years

16 – 30 years

Over 30 years

For each wash temperature below, how many loads of clothes do you wash in your home during a typical week?

	0	1	2	3	4	5	6	7	8	9	10 or more
Number of Clothes Washer Loads per Week											
Hot water	<input type="radio"/>										
Warm water	<input type="radio"/>										
Cold water	<input type="radio"/>										

What type of clothes dryer do you have?

(Do not include machines in common areas.)

- I do not have a clothes dryer
- Natural gas dryer
- Electric dryer
- Bottled gas dryer: Propane, Butane, Liquefied Petroleum

How old is your clothes dryer?

- Less than one year
- 1 - 5 years
- 6 - 8 years
- 9 - 15 years
- 16 - 30 years
- Over 30 years

For each dry temperature below, how many loads of clothes do you dry in your home during a typical week?

	0	1	2	3	4	5	6	7	8	9	10 or more
Number of Clothes Dryer Loads per Week											
High heat	<input type="radio"/>										
Medium heat	<input type="radio"/>										
Low heat	<input type="radio"/>										

Food Preparation

Which of the following cooking appliances are used in your home?

(Select all that apply.)

Cooking appliance	Type of Fuel	Age in Years
Cooktop, stovetop or range	<input type="text"/>	<input type="text"/>
Oven(s)	<input type="text"/>	<input type="text"/>
Outdoor oven	<input type="text"/>	<input type="text"/>
Outdoor grill/BBQ	<input type="text"/>	<input type="text"/>
Microwave oven	<input type="text"/>	<input type="text"/>

During a typical week, how often do you use the following cooking appliances?

	Never	Rarely (less than once per week)	Occasionally (1-2 times per week)	Sometimes (3-4 times per week)	Often (5-7 times per week)
Cooktop, stovetop or range	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Oven(s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Microwave oven	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Do you have a dishwasher?

Yes

No

How old is your dishwasher?

Less than one year

1 - 5 years □□

6 - 8 years

9 - 15 years

16 - 30 years

Over 30 years

How many dishwasher loads are run in a typical week?

None

1

2

3

4

5

6

7

8

9 or more

Refrigerators

How many refrigerators do you have plugged in?

None

1

2

3 or more

Please tell us the characteristics of your primary refrigerator:

Door Style	Size, in Cubic Feet	Age of your Refrigerator	Through the Door Ice/Water Dispenser
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Please tell us the characteristics of your second refrigerator:

Door Style	Size, in Cubic Feet	Age of your Refrigerator	Through the Door Ice/Water Dispenser
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Please tell us the characteristics of your third refrigerator:

Door Style	Size, in Cubic Feet	Age of your Refrigerator	Through the Door Ice/Water Dispenser
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Freezers

How many stand-alone freezers do you have plugged in?

(Do not include freezers that are part of your refrigerator.)

None

One

Two or more

Please tell us the characteristics for your stand-alone freezer:

Style	Size, in Cubic Feet	Age of your Freezer
<input type="text"/>	<input type="text"/>	<input type="text"/>

Please tell us the characteristics for your second stand-alone freezer:

Style	Size, in Cubic Feet	Age of your Freezer
<input type="text"/>	<input type="text"/>	<input type="text"/>

Spas and Hot Tubs

Do you have the use of a spa or hot tub at your home?

(Do not include whirlpool tubs in your bathroom.)

Yes, and **I pay for its energy use**

Yes, but it is in a **common area** and **I do not pay for its energy use**

No spa or hot tub

What fuel do you use to heat the spa or hot tub?

- Electricity
- Natural gas
- Solar and electricity
- Solar and natural gas
- Bottled gas (propane, butane, liquified petroleum)
- Other fuel type

How large is the spa or hot tub?

- Small (3 people or fewer)
- Medium (4 – 6 people)
- Large (7 or more people)

Where is the spa located?

- Outside, in the ground
- Outside, above ground
- Indoor spa

Do you have an insulated cover on your spa or hot tub?

- Yes
- No

How often do you run the filter pump on your spa or hot tub?

Summer: May – October

Summer morning (6 a.m. - 10 a.m.)

Summer mid-day (10 a.m. - 6 p.m.)

Summer night (6 p.m. - 6 a.m.)

Winter: November – April

Winter morning (6 a.m. - 10 a.m.)

Winter mid-day (10 a.m. - 6 p.m.)

Winter night (6 p.m. - 6 a.m.)

Filter Pump Usage

Please indicate how often you heat your spa or hot tub in the winter and summer.

Summer: May – October

Summer morning (6 a.m. - 10 a.m.)

Summer mid-day (10 a.m.- 6 p.m.)

Summer night (6 p.m. - 6 a.m.)

Winter: November – April

Winter morning (6 a.m. - 10 a.m.)

Winter mid-day (10 a.m. - 6 p.m.)

Winter night (6 p.m. - 6 a.m.)

Heating Your Pool

Pools

Do you have the use of a swimming pool at your home?

Yes, and **I pay for its energy use**

Yes, but it is in a **common area** and **I do not pay for its energy use**

No pool

How large is your pool?

(An average-size pool is about 5 feet deep by 40 feet long by 20 feet wide and holds 30,000 gallons of water.)

Less than 20,000 gallons

20,000 – 40,000 gallons

More than 40,000 gallons

How many hours per day do you operate your swimming pool filter?

Hours Pool Filter Runs

Summer: May – October

Summer morning (6 a.m. - 10 a.m.)

Summer mid-day (10 a.m. - 6 p.m.)

Summer night (6 p.m. - 6 a.m.)

Winter: November – April

Winter morning (6 a.m. - 10 a.m.)

Winter mid-day (10 a.m. - 6 p.m.)

Winter night (6 p.m. - 6 a.m.)

Which fuel type do you use to heat your pool?

Pool is not heated

Natural gas only

Electricity only

Electric heat pump only

Solar heater (using solar collectors)

Bottled gas only (propane, butane, liquid petroleum)

Other, specify:

Please indicate how often you heat your pool in the winter and summer.

Heating Your Pool

Summer: May – October

Summer morning (6 a.m. - 10 a.m.)

Summer mid-day (10 a.m. - 6 p.m.)

Summer night (6 p.m. - 6 a.m.)

Winter: November – April

Winter morning (6 a.m. - 10 a.m.)

Winter mid-day (10 a.m. - 6 p.m.)

Winter night (6 p.m. - 6 a.m.)

What type of filtration pump does your pool have?

Single speed

Two speed

Variable speed

No filtration pump

Which of the following attributes does your pool have?

(Select all that apply.)

Cover

Pool timer

Pool sweep

Pool vacuum

Pool is indoors

Entertainment and Technology

How many televisions do you use in this home?

	None	1	2	3
OLED (organic light-emitting diode) or LED TV(s):				
an OLED smaller than 36 inches	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
an OLED between 36 inches and 59 inches	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
an OLED 60 inches or larger	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
LCD (liquid crystal display) TV(s):				
an LCD smaller than 36 inches	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
an LCD between 36 inches and 59 inches	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
an LCD 60 inches or larger	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other technology TVs:				
Plasma display panel TV(s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Cathode ray tube TV(s) (CRT, tube style)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
DLP or rear-projection TV(s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

How many of the following electronic accessories you use in this home?

Accessories	None	1	2	3
Cable or satellite TV set-top boxes or receivers, DVR	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Stand-alone movie players (Blu-Ray/DVD/VCR)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Gaming systems (Nintendo, PlayStation, Xbox, Wii)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Streaming media players (Amazon Fire Stick, AppleTV, Chromecast, Roku)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Home theater system connected to TV	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Soundbar connected to TV	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Separate sound or stereo system connected to TV	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Stand-alone stereo, iPod or MP3 docking station	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

How many combined total hours are your televisions on each day?
(Add up the time for all TVs, for example: 13 hours a day for one + 16 for another equals 29 total hours.)

	1 hour or less	1-8 hours	9-16 hours	17-24 hours	25-30 hours	Over 30 hours
TVs smaller than 36 inches	<input type="radio"/>					
TVs 36 inches to 59 inches	<input type="radio"/>					
TVs 60 inches or larger	<input type="radio"/>					

How many personal computer(s) (PC, Apple, etc.) do you use in this home?

	None	1	2	3 or More
Desktop(s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Laptop(s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

If you have one or more computer(s) in this home, how many combined total hours are they turned on each day?
(Add up time for all computers, including stand-by.)

	1 hour or less	1-8 hours	9-16 hours	17-24 hours	25-30 hours	Over 30 hours
Desktop(s)	<input type="radio"/>					
Laptop(s)	<input type="radio"/>					

Do you or someone else in your home operate a business and/or work from your home?

Yes

No

How many hours a week is someone working out of your home?

0 – 10 hours per week

11 – 30 hours per week

More than 30 hours per week

How many of the following products do you use in this home?

	None	1	2	3 or more
Printer, scanner, copier or multifunction machine	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Tablet computer or e-reader (iPad or Kindle)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Hubs, controllers, smart speaker (Amazon Echo, Google Home, Apple HomePod)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Smart home devices (other than lighting)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Smart cell phone (Android or iPhone)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other cell phone (flip phone, candy bar phone)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
High-speed modem for internet (DSL/cable/satellite)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Home network (wired or wireless)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Uninterrupted power supply (UPS, power backup)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Lighting

- Classic glass bulb above the metal screw base

Incandescent

- "Twisty" tube can be covered
- Short plastic base

CFL

- Spherical glass cover
- Large plastic base

LED

What portion of light bulbs installed in the ceiling fixtures and lamps inside your home are the following types?

(Select one answer for each type.)

Lamp or Bulb Type	None	Some	About half	Most	All
Incandescent (traditional light bulbs that have been around for 100 years)	<input type="radio"/>				
CFLs, compact fluorescent (sometimes have a "twisty", spiral shape, but the "twisty" can be covered in opaque glass)	<input type="radio"/>				
LED, light emitting diodes (newest bulbs on the market, often with a large plastic base sometimes with ridges)	<input type="radio"/>				

How many lights inside your home are turned on during the following times of day?

(Select one answer for each time period.)

Time Period	None	Few lights (about 25%)	Some lights (about 50%)	Many lights (about 75%)	All lights (100%)
Morning (6 a.m. - 9 a.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Day (9 a.m. - 5 p.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Evening (5 p.m. - 9 p.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Night (9 p.m. - 6 a.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

How many of the following lighting products do you use inside your home?

Interior Lighting Products	None	1-2	3-5	6-10	11 or more
Fixtures on timers	<input type="radio"/>				
Fixtures on motion detectors or occupancy sensors	<input type="radio"/>				
Fixtures on a dimming switch	<input type="radio"/>				
"Smart" (connected) light bulbs	<input type="radio"/>				
Night lights	<input type="radio"/>				

How many of the following lighting products do you use outside your home?

(Include items in your garage. Only include exterior lights that are paid for on your electricity bill.)

Exterior Fixtures	None	1-2	3-5	6 or more
Exterior incandescent fixtures	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Exterior compact fluorescent fixtures	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Exterior light-emitting diode (LED) fixtures	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Low-voltage landscape light system	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
HID (sodium vapor, metal halide) fixtures	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Exterior Lighting Controls				
Fixtures on timers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Fixtures on dusk-to-dawn sensors	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Fixtures on motion detectors	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Miscellaneous Appliances

How many of each of the following appliances or equipment do you use in your home?

(Select all that apply.)

	None	1	2	3 or more
Chargers left plugged in all the time (phone/tablet/tools)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Rechargeable vacuum (Roomba, RoboVac, Botvac)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Small cooking (air fryer, Instant Pot, slow cooker)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Portable fan	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Ceiling fan	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Wind turbine attic ventilator (non-electric)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Electric attic fan	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Whole-house fan	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Electronic household air cleaner	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Portable (room) air purifier	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Humidifier or dehumidifier	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Wine or beverage cooler	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Water purification system	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Domestic hot water recirculation pump	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Sauna – electric	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Pond or water garden pump or fountain	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Outdoor fire table/fire pit	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Do you use an electric well-water pump to provide water for your home?

Yes

No

Does your home also have access to city/county water sources?

Yes

No

How do you use your well water?

Only for gardening and landscaping

Only for household use

Both household and gardening/landscape use

Which of the following equipment is used three or more hours per week?

(If none, skip this question.)

Sump pump

Shop tools

Electric welding equipment

Electric air compressor

Charger for large battery

Kiln for ceramics and pottery

Medical equipment (e.g., respirator)

Select the fuel type for any equipment that is used three or more hours per week.

(If none, skip this question.)

	Electric	Natural Gas	Bottled Gas
Kiln for ceramics and pottery	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Medical equipment (e.g., respirator)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Do you have an electric wheelchair, golf cart, electric bicycle or electric skateboard at home?

Yes, electric wheelchair/golf cart

Yes, electric bicycle/skateboard

No

Do you charge your electric wheelchair, golf cart, bicycle or skateboard at home?

Yes

No

Do you use any other equipment or large appliance that consumes a significant amount of electricity or natural gas in your home?

Yes

No

What 'other' equipment or large appliance consumes a significant amount of energy at your home?

Specify:

Please indicate if you have added or replaced any of the following appliances in the past 12 months:

Central heating

Oven

Central cooling

Microwave oven

Wall or window air conditioner

Dishwasher

Evaporative (swamp) cooler

Clothes washer

Water heater

Clothes dryer

Refrigerator

Pool heater

Stand-alone freezer

Pool pump

Stove top

Hot tub/spa heater

Have not added or replaced any of the above

What type of fuel does the new central heating system use?

Electric

Natural Gas

Other

What type of fuel does the new water heating system use?

Electric

Natural Gas

Other

What type of fuel does the new stove top use?

Electric

Natural Gas

Other

What type of fuel does the new oven use?

Electric

Natural Gas

Other

What type of fuel does the new clothes dryer use?

Electric

Natural Gas

Other

What type of fuel does the new pool heater use?

Electric

Natural Gas

Other

What type of fuel does the new hot tub/spa use?

Electric

Natural Gas

Other

Have you discarded any of the following appliances in the past 12 months?

(Include both items that were replaced and those that were discarded without being replaced.)

<input type="checkbox"/> Central heating
<input type="checkbox"/> Central cooling
<input type="checkbox"/> Wall or window air conditioner
<input type="checkbox"/> Evaporative (swamp) cooler
<input type="checkbox"/> Water heater
<input type="checkbox"/> Refrigerator
<input type="checkbox"/> Stand-alone freezer
<input type="checkbox"/> Stove top
<input type="checkbox"/> Oven
<input type="checkbox"/> Microwave oven
<input type="checkbox"/> Dishwasher
<input type="checkbox"/> Clothes washer
<input type="checkbox"/> Clothes dryer
<input type="checkbox"/> Pool heater
<input type="checkbox"/> Pool pump
<input type="checkbox"/> Hot tub/spa heater
<input type="checkbox"/> I have not discarded any of the above items

Please indicate the age of the unit(s) that were discarded.

Include both items that were replaced and those that were discarded without being replaced:

Age of Discarded Appliances	Age of Discarded Unit
Central heating	<input type="text"/>
Central cooling	<input type="text"/>
Wall or window air conditioner	<input type="text"/>
Evaporative (swamp) cooler	<input type="text"/>
Water heater	<input type="text"/>
Refrigerator	<input type="text"/>
Stand-alone freezer	<input type="text"/>
Stove top	<input type="text"/>
Oven	<input type="text"/>

Pool pump	<input type="text"/>
Hot tub/spa heater	<input type="text"/>

What type of fuel did the discarded central heating system use?

Electricity

Natural Gas

Other

What type of fuel did the discarded water heating system use?

Electricity

Natural Gas

Other

What type of fuel did the discarded stove top use?

Electricity

Natural Gas

Other

What type of fuel did the discarded oven use?

Electricity

Natural Gas

Other

What type of fuel did the discarded clothes dryer use?

Electricity

Natural Gas

Other

What type of fuel did the discarded pool heater use?

Electricity

Natural Gas

Other

What type of fuel did the discarded hot tub/spa use?

Electricity

Natural Gas

Other

Renewable Energy Technologies

Which of the following renewable energy technologies are currently used at this residence?
(Select all that apply.)

No renewable energy technologies

Solar electricity/photovoltaic (PV) cells

Solar water heating (in-home water heated)

Battery storage connected to solar

Wind generator

Fuel cells

In the next two years, do you plan to install any of the following renewable technologies?
(Select all that apply.)

No plans

Solar electricity/photovoltaic (PV) cells

Solar domestic water heating (in-home water heated)

Solar pool water heating (pool water heated)

Battery storage connected to solar

Wind generator

Fuel cell

Other

What 'other' renewable technologies do you plan to install?

Other renewable technologies

Household Information

Please provide answers to the following questions. Your responses will be confidential and no data will be used on an individual basis. The information is used to allow us to compare energy usage between various groups.

In addition to the home described in this survey, do you own any other home in California that is occupied on a part-time basis by your family or as a vacation rental?
(Please do not answer yes for any full-time rental property or time-share units.)

Yes

No

Please provide the following information for your seasonal or vacation home that you own in California?

(Please do not provide information in this survey for the any full-time rental property or any timeshare unit.)

Vacation home	Location	Electricity is provided to this vacation home by?	Natural gas is provided to this vacation home by?
	<input type="text"/>	<input type="text"/>	<input type="text"/>

What was the highest level of education completed by any head of household in the home?

Elementary (grades 1 - 8)

Some high school (grades 9 - 12)

High school graduate

Some college/trade/vocational school

College graduate

Postgraduate degree

What is the primary language spoken in this home?

English

Spanish

Asian/Pacific Island

Other

What is the primary language spoken in this home?

Specify:

Are any of the occupants of your home permanently disabled?

No

Yes, 1 permanently disabled

Yes, 2 or more permanently disabled

Which of the following ethnic groups are represented by your 1st head of household?

(Select all that apply.)

Head of Household #1

American Indian, Alaska Native

Asian or Pacific Islander

Black, African American

Hispanic / Latino

White, Caucasian

Other

What 'other' ethnic groups are represented by your 1st head of household?

Specify:

Which of the following ethnic groups are represented by your 2nd head of household?

(Select all that apply. Skip this question if there is no second head of household.)

Head of Household #2

- American Indian, Alaska Native
- Asian or Pacific Islander
- Black, African American
- Hispanic / Latino
- White, Caucasian
- Other

What 'other' ethnic groups are represented by your 2nd head of household?

Specify:

Please check the range that best describes your household's total annual income.

- Less than \$10,000
- \$10,000 – \$19,999
- \$20,000 – \$24,999
- \$25,000 – \$49,999
- \$50,000 – \$74,999
- \$75,000 – \$99,999
- \$100,000 – \$149,999
- \$150,000 – \$174,999
- \$175,000 – \$199,999
- \$200,000 – \$249,999
- \$250,000 or more

Encuesta de energía del hogar de California

Instrucciones de encuesta

En esta encuesta, se le harán preguntas sobre una casa donde recibe servicio eléctrico. Haga su mejor esfuerzo para responder a todas las preguntas. Si no sabe la respuesta a una pregunta, simplemente pase a la siguiente pregunta. Sus respuestas deben incluir a todos en su hogar, no solo a usted.

Use las flechas "Siguiente" y "Atrás" en la parte inferior de la página para moverse a la página. Si necesita volver a la encuesta más tarde, abra el enlace que se le proporcionó originalmente en el correo electrónico y podrá comenzar donde se detuvo anteriormente. Sus respuestas individuales se mantienen confidenciales.

Si desea obtener más información sobre este estudio, visite el siguiente sitio web: <https://www.energy.ca.gov/appliances/rass/>

Su Casa

Nuestros registros muestran que tiene servicio eléctrico en: ____, ____. ¿Actualmente tiene servicio en ____, ____?

Sí

No

Encuesta de energía del hogar de California

¿Qué tipo de edificio existe en esta dirección: [P3]?

- Casa individual
- Casa adosada, dúplex o casa adosada (comparte paredes con unidad vecina, pero no techo o piso)
- Apartamento o condominio (2 - 4 unidades)
- Apartamento o condominio (5 o más unidades)
- Casa rodante
- Otro

Número de pisos

- 1
- 2
- 3 o más

Por favor describa el 'otro' tipo de edificio

Otro tipo de edificio:

¿Es propietario de esta vivienda o la renta?

- Propietario / comprandola
- Renta / alquila

¿Cuánto tiempo ha vivido Ud. en esta dirección?

- 1 año o menos
- 2 años
- 3 años
- 4 años
- 5 años
- 6 años
- 7 años
- 8 años
- 9 años
- 10 años
- 11 años
- 12 años
- 13 años

14 años

15 años

16 – 20 años

21 – 30 años

Más de 30 años

¿Cuál es la mejor descripción de esta residencia?

Esta es mi residencia permanente.

Esta es mi residencia por parte del año o en temporada.

Esta es mi casa de vacaciones y generalmente la usa solo mi familia.

Esta es una casa vacaciones que se renta.

Si esta es una casa parte del año o de vacaciones, por favor marque los meses en que normalmente está ocupada. (Marque los meses correspondientes.)

Enero

Febrero

Marzo

Abril

Mayo

Junio

Julio

Agosto

Septiembre

Octubre

Noviembre

Diciembre

Aproximadamente, en qué año fué construída esta vivienda?

Antes de 1940

1940-1949

1950-1959

1960-1969

1970-1974

1975-1978

1979-1983

1984-1991

1992-1999

2000-2005

2006-2012

2013-2019

¿Cuántas recamaras hay en esta casa?

No tiene (es un estudio)

1 dormitorio

2 dormitorios

3

4

5

6

7

8

9

10

Más de 10

¿Cuántos pies cuadrados de espacio habitable hay en su hogar, incluidos baños, vestíbulos y pasillos?

(Excluya garajes, sótanos o porches sin calefacción.)

Menos de 250

250 – 500

501 – 750

751 – 1,000

1,001 – 1,250

1,251 – 1,500

1,501 – 2,000

2,001 – 2,500

2,501 – 3,000

3,001 – 4,000

4,001 – 5,000

Más de 5,000

¿Tienen aislamiento las paredes exteriores de su casa?

Sí, todas

Sí, algunas

No

No se

¿Tiene aislamiento el ático/techo de su casa?

Sí

No

No se

Si es sí, estime las pulgadas de aislamiento del ático/techo.

0 – 3 pulgadas (Valor R menos de R-10)

4 – 6 pulgadas (R-11 a R-19)

7 – 10 pulgadas (R-20 a R-30)

Más de 10 pulgadas (R-31 o mayor)

Elija la opción que mejor describa sus ventanas. :

Tipo de Vidrio (numero de capas de vidrio)

Tipo de panel: número de paneles de vidrio por ventana

- Todas o la mayoría tienen un solo vidrio
- Todas o la mayoría tienen vidrio doble
- Todas o la mayoría tienen vidrio triple
- Mi casa tiene una mezcla de ventanas con vidrio doble y/o vidrio triple

Elija la opción que mejor describa el marco de su ventana:

Tipo de marco:

- Todas o la mayoría tienen marcos de vinil□□
- Todas o la mayoría tienen marcos de madera□□
- Todas o la mayoría tienen marcos de metal

¿Ha sido remodelada su casa en los últimos 12 meses?

- Si
- No

¿Qué tipo de remodelación hiciste?

Seleccione todas las que correspondan.

- Además de la habitación, se agregaron pies cuadrados a la casa
- Remodelación de cocina o baño
- Reconstruido la mayor parte de la casa
- Otro

Para cada uno de los siguientes grupos de edad, ¿cuántas personas, incluido usted, viven habitualmente en este hogar? Seleccione una respuesta para cada categoría de edad.

Categoría de edad	Nadie	1	2	3	4	5	6	Más de 7
5 y menores	<input type="radio"/>							
6 – 18	<input type="radio"/>							
19 – 34	<input type="radio"/>							
35 – 54	<input type="radio"/>							
55 – 64	<input type="radio"/>							
65 y mayores	<input type="radio"/>							

En términos generales, con qué frecuencia un miembro de este hogar usa electrodomésticos o equipos eléctricos importantes (por ejemplo, lavadora, cocina eléctrica, lavaplatos, aire acondicionado, etc.) de lunes a viernes a partir de las 4 p.m. a las 9 p.m.

- Frecuentemente(3-5 días a la semana)
- Ocasionalmente (1 – 2 días a la semana)
- Nunca o casi nunca (Menos de 1 día a la semana)

¿Hay en su vecindario servicio de gas natural a través de tubería?

- Sí
- No

¿Tiene una línea de gas natural o conexión en alguna parte de su casa?

- Sí
- No

¿A qué compañía paga Usted por el servicio de gas natural en su casa?

- Pacific Gas & Electric (PG&E)
- San Diego Gas & Electric (SDG&E)
- SoCalGas ("The Gas Company")
- Southwest Gas Corporation
- City of Coalinga
- City of Long Beach Gas Department
- No estoy seguro

Vehiculos Electricos

Alguien en su casa actualmente es propietario o renta un vehiculo de batería eléctrica o un vehiculo eléctrico de conexión híbrida?

- Sí
- No

Cuantos vehículos eléctricos usan en su casa?

	0	1	2	3 o más
Bateria electrica vehuclos de conexión de bateria (e.g. Telsa, Nissan Leaf, Chevy Bolt, BWM i3)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Hibrido Electrico vehuclos motorizado por ambas conexión de bateria y gasolina, (e.g., Chevy Volt, Ford Fusion)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

En un día normal, cuantas millas en total maneja sus vehículos eléctricos?

(Escoja una respuesta para las millas en total por todos los vehuclos electricos de un día normal entre la semana, y una respuesta de un día normal en el fin de semana.)

	Menos de 20 millas	21-40 millas	41-60 millas	61-100 millas	Mas de 101 millas
Lunes - Viernes	<input type="radio"/>				
Sabado - Domingo	<input type="radio"/>				

Con que frecuencia carga su(s) vehuclo(s) electricos en su hogar, trabajo o algún otro lado?

(Escoja una respuesta para cada lugar donde carga su(s) vehuclos.)

	Diario	5-6 veces a la semana	3-4 veces a la semana	1-2 veces a la semana	Menos de una vez a la semana
Casa	<input type="radio"/>				
Trabajo	<input type="radio"/>				
Otro Lugar	<input type="radio"/>				

Es su cargador principal que usa en casa de Nivel 1 (120V) o Nivel 2 (240V)?

Nivel 1 (120V) enchufe de pared - carga lenta

Nivel 2 (240V) cargador como la secadora usa - carga rapida

No se

No cargo en casa

Cuando es/son el/los VE(s) normalmente cargado(s) usando el cargador principal?

(Seleccione todas las que correspondan.)

Mañana (6 a.m. - 9 a.m.)

Dia (9 a.m. - 5 p.m.)

Tarde (5 p.m. - 9 p.m.)

Noche (9 p.m. - 6 a.m.)

Calefacción de espacios

¿Paga usted por la calefacción de su casa?

Si

No, es parte de la renta/cuota de condominio

No, no tiene sistema de calefacción

¿Qué tipo de sistema de calefacción utiliza como fuente de calor main en esta casa?

GAS NATURAL (del servicio de gas)	ELÉCTRICA	GAS EMBOTELLADO (propano, petróleo líquido)	MADERA
<input type="radio"/> Calefacción central de gas por aire forzado (el ventilador circula aire caliente a través de los conductos de aire)	<input type="radio"/> Resistencia (zócalo / techo / piso / pared)	<input type="radio"/> Horno central de aire forzado de gas envasado (el ventilador circula aire caliente a través de los conductos de aire)	<input type="radio"/> Estufa de leña / estufa de pellets / chimenea
<input type="radio"/> Calentador / horno a gas para pisos o paredes	<input type="radio"/> Central eléctrica horno de aire forzado (ventilador circula aire caliente a través de los conductos de aire)	<input type="radio"/> Gas en botella & nbsp; calentador / horno de piso o pared	<input type="radio"/> Chimenea de leña
<input type="radio"/> Radiador de agua caliente a gas (vapor, agua caliente, tubos de aletas)	<input type="radio"/> Bomba de calor central (calienta y enfría)	<input type="radio"/> Radiador de agua embotellada; (vapor, agua caliente, tubos de aletas)	SOLAR
<input type="radio"/> Chimenea de gas	<input type="radio"/> Bomba de calor a través de la pared (parece un aire acondicionado de ventana / pared, pero también proporciona calor)	<input type="radio"/> Otro tipo de sistema de gas envasado	<input type="radio"/> Solar sin respaldo
<input type="radio"/> Otro tipo de sistema de gas	<input type="radio"/> Calentadores portátiles eléctricos		<input type="radio"/> Respaldo solar-gas natural
	<input type="radio"/> Otro tipo de sistema eléctrico		<input type="radio"/> Respaldo de propano solar
			<input type="radio"/> Respaldo solar-eléctrico
			<input type="radio"/> Otro tipo de combustible

Si su (s) sistema (s) de calefacción utiliza gas natural como combustible, indique si tiene una flama piloto.

Calefacción principal Flama Piloto

¿Qué 'otro' tipo de sistema de calefacción utiliza?

Otro tipo de calefacción principal:

¿Cuántos años tiene su sistema de calefacción principal?

Menos de un año

1-3 años

4 -8 años

9-13 años

14-30 años

Más de 30 años

¿Qué tipo adicional de sistema de calefacción utiliza, si lo tiene, para calentar esta casa?

(Si no hay ninguno, omita esta pregunta)

GAS NATURAL (de la compañía de gas)

- Central de gas horno de aire forzado (el ventilador circula aire caliente a través de los conductos de aire)
- Calentador / horno a gas para pisos o paredes
- Radiador de agua caliente a gas (vapor, agua caliente, tubos de aletas)
- Chimenea de gas
- Otro tipo de sistema de gas

ELÉCTRICA

- Resistencia (zócalo / techo / piso / pared)
- Central eléctrica horno de aire forzado (el ventilador circula aire caliente a través de los conductos de aire)
- Bomba de calor central (calienta y enfría)
- Bomba de calor a través de la pared (parece un aire acondicionado de ventana / pared, pero también proporciona calor)
- Calentadores portátiles eléctricos
- Otro tipo de sistema eléctrico

GAS EMBOTELLADO (propano, petróleo líquido)

- Horno central de aire forzado de gas envasado (el ventilador circula aire caliente a través de los conductos de aire)
- Gas en botella calentador / horno de piso o pared
- Radiador de agua caliente a gas en botella (vapor, agua caliente, tubos de aletas)
- Otro tipo de sistema de gas envasado

MADERA

- Estufa de leña / estufa de pellets / chimenea
- Chimenea de leña

SOLAR

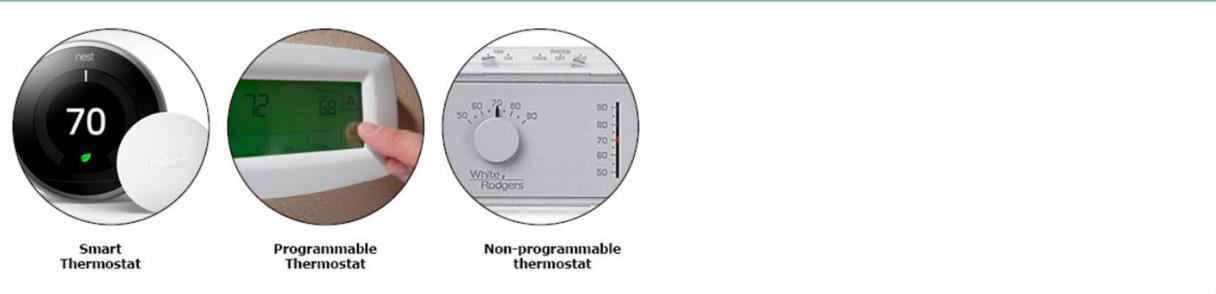

- Solar sin respaldo
- Respaldo solar-gas natural
- Respaldo de propano solar
- Respaldo solar-eléctrico
- OTRO COMBUSTIBLE**

¿Qué 'otro' tipo de sistema de calefacción adicional utiliza?

Otro tipo de calefacción

Si su (s) sistema (s) de calefacción utiliza gas natural como combustible, indique si tiene una flama piloto.

Calefacción principal Flama Piloto

¿Qué tipo de termostato usa su (s) sistema (s) de calefacción principal?

- Termostato inteligente (se puede usar con sistemas de automatización del hogar y puede detectar cuándo está en su hogar, por ejemplo, Nest, Lyric, Sensi o Ecobee)
- Termostato programable (puede configurar el calentador a diferentes temperaturas para diferentes tiempos)
- Termostato no programable (puede encender / apagar el calentador y ajustar la temperatura a mano)
- Sin termostato (control simple de encendido / apagado o válvula de vapor)

Si su sistema de calefacción principal está controlado por un termostato, ¿cuál es la temperatura promedio del termostato generalmente establecida para cada período de tiempo durante la temporada de calefacción?

(Seleccione uno para cada período de tiempo. Proporcione la configuración promedio si varía)

	Apagada	Por debajo de 55F	55F-60F	61F-65F	66F-70F	71F-75F	Más de 75F
Mañana (6 a.m. a 9 a.m.)	<input type="radio"/>						
Día (9 a.m. a 5 p.m.)	<input type="radio"/>						
Tarde (5 p.m. - 9 p.m.)	<input type="radio"/>						
Noche (9 p.m. - 6 a.m.)	<input type="radio"/>						

¿Se ha realizado mantenimiento en su sistema de calefacción principal en los últimos 12 meses?

Sí

No

¿Cuántos calentadores (enchufados) eléctricos portátiles utiliza?

No uso calentadores portátiles

1 calentador portátil

2 calentadores portátiles

3 o más calentadores portátiles

¿Con qué frecuencia utiliza algún sistema de calefacción adicional, incluidos los calentadores portátiles, durante la temporada de calefacción?

Sin calefacción adicional

Raramente (una vez al mes)

A veces (una vez por semana)

A menudo (2 a 4 días por semana)

Siempre (5 a 7 días por semana)

Aire acondicionado

¿Paga Ud. por el aire acondicionado central/enfriamiento de su casa?

Sí

No, es parte de la renta/cuota de condominio

No, no tiene aire acondicionado central

¿Qué tipo y cuántos sistemas centrales de aire acondicionado / enfriamiento tiene en su hogar?

(Los termostatos zonales controlan diferentes zonas (espacios) dentro del hogar).

	Número de sistemas centrales de enfriamiento	Marque la casilla si el sistema principal se controla mediante un termostato de zona
Aire acondicionado central	<input type="text"/>	<input type="checkbox"/>
Evaporador central (pantano)	<input type="text"/>	<input type="checkbox"/>
Bomba de calor (calienta y enfría)	<input type="text"/>	<input type="checkbox"/>
Mini-split o "sin ductos"	<input type="text"/>	<input type="checkbox"/>

¿Cuántos años tiene su unidad de aire acondicionado central principal?

Menos de un año

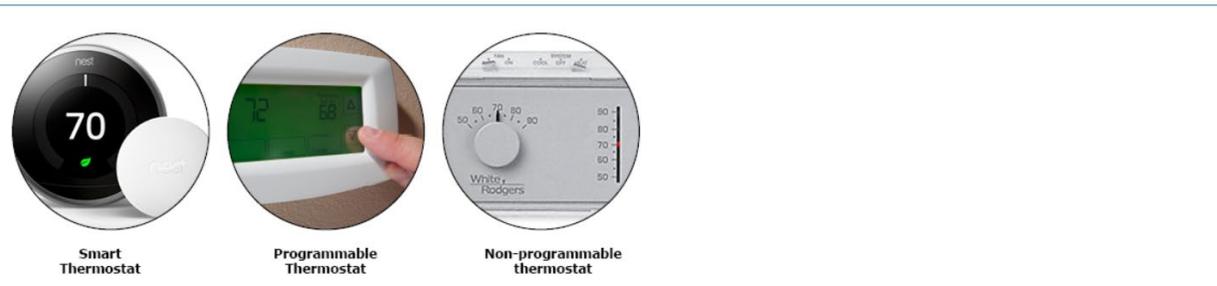

1-3 años

4-8 años

9-13 años

14-30 años

Más de 30 años

¿Qué tipo de termostato usa su (s) sistema (s) principal (es) de aire acondicionado / enfriamiento?

Termostato inteligente (se puede usar con sistemas de automatización del hogar y puede detectar cuándo está en su hogar, por ejemplo, Nest, Lyric, Sensi o Ecobee)

Termostato programable (puede configurar el aire acondicionado (AC) a diferentes temperaturas para diferentes tiempos)

Termostato no programable (puede encender / apagar la CA y ajustar la temperatura a mano)

Sin termostato (control simple de encendido / apagado)

¿Cuál es la configuración típica de temperatura del termostato de su sistema de enfriamiento central principal para cada período de tiempo durante la temporada de enfriamiento de verano?

(Seleccione una respuesta para cada período de tiempo).

	Apagada	Por debajo de 68F	68 – 69F	70 – 73F	74 – 76F	77 – 80F	Más de 80F
Mañana (6 a.m. - 9 a.m.)	<input type="radio"/>						
Día (9 a.m. a 5 p.m.)	<input type="radio"/>						
Tarde (5 p.m. - 9 p.m.)	<input type="radio"/>						
Noche (9 p.m. - 6 a.m.)	<input type="radio"/>						

¿Se le ha hecho un servicio de mantenimiento a su sistema de aire acondicionado central en los últimos 12 meses?

Sí

No

Aire acondicionado de la habitación (unidades de ventana / pared)

¿Tiene alguna unidad de aire acondicionado en su casa?

Sí

No

Indique el tipo de unidad de aire acondicionado de la habitación que tiene para hasta tres unidades.

Habitación AC unidad 1 Tipo de aire acondicionado

Habitación AC unidad 2

Habitación AC unidad 3

¿Indique la edad de hasta tres unidades de aire acondicionado / unidades de refrigeración de la habitación?

Habitación AC unidad 1 Antigüedad de la habitación Unidad de aire acondicionado / refrigeración

Habitación AC unidad 2

Habitación AC unidad 3

Indique con qué frecuencia las unidades de aire acondicionado / enfriamiento de su habitación se encienden durante la temporada de enfriamiento.

(Seleccione una respuesta para cada periodo de tiempo).

	Nunca	Raramente (1-2 días por semana)	A veces (3-4 días por semana)	A menudo (5-6 días por semana)	Siempre (7 días por semana)
Mañana (6 a.m. - 9 a.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Día (9 a.m. - 5 p.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Tarde (5 p.m. - 9 p.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Noche (9 p.m. - 6 a.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Tarde calurosa entre semana (mediodía - 6pm)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Calentamiento de agua

¿Paga por calentar agua en su residencia?

Sí

No, es parte de la renta/cuota de condominio

No hay calentador de agua

¿Cuál es el main tipo de sistema de calentamiento de agua utilizado en su hogar?

<p>GAS NATURAL</p> <p><input type="radio"/> Tanque de gas estándar</p> <p><input type="radio"/> Sistema sin tanque de gas para toda la casa</p> <p><input type="radio"/> Condensación de gas de alta eficiencia (con tubo de ventilación de plástico)</p>	<p>PROPANO</p> <p><input type="radio"/> Tanque estándar de propano</p> <p><input type="radio"/> Propano toda la casa & sistema sin tanque</p>
<p>ELÉCTRICO</p> <p><input type="radio"/> Tanque eléctrico estándar</p> <p><input type="radio"/> Bomba de calor</p> <p><input type="radio"/> Sistema eléctrico sin tanque para toda la casa</p> <p><input type="radio"/> Sistema sin tanque de punto de uso</p>	<p>SOLAR</p> <p><input type="radio"/> Solar sin sistema de respaldo</p> <p><input type="radio"/> Solar con respaldo de gas natural</p> <p><input type="radio"/> Solar con respaldo de propano</p> <p><input type="radio"/> Solar con respaldo eléctrico</p> <p><input type="radio"/> Otro tipo de combustible</p>

¿Qué 'otro' tipo de sistema de calentamiento de agua usa su hogar?

Otro tipo de calefacción:

¿Qué tipo (s) de sistemas de calentamiento de agua utiliza en su hogar, como calentadores de agua adicionales?

(Seleccione todos los que correspondan. Si ninguno omita esta pregunta)

GAS NATURAL

Tanque de gas estándar

Sistema sin tanque de gas para toda la casa

Condensación de gas de alta eficiencia (con tubo de ventilación de plástico)

ELÉCTRICO

Tanque eléctrico estándar

Bomba de calor

Sistema eléctrico sin tanque para toda la casa

Sistema sin tanque de punto de uso

PROPANO

Tanque de propano & nbsp; tanque

Propano toda la casa & nbsp; sistema sin tanque

SOLAR

Solar sin sistema de respaldo

Solar con respaldo de gas natural

Solar con respaldo de propano

Solar con respaldo eléctrico

Otro tipo de combustible

¿Qué tipo de sistema de calentamiento de agua adicional utiliza?

Tipo de sistema de calentamiento de agua adicional:

**¿Cuál es el ajuste típico de temperatura del calentador de agua caliente?
(Medio es la configuración estándar de fábrica.)**

Bajo (por debajo de 130 ° F)

Medio (130 ° F - 150 ° F)

Alto (más de 150 ° F)

¿Qué edad tiene su sistema primario de calentamiento de agua?

Menos de un año

1-3 años

4-8 años

9-13 años

14-30 años

Más de 30 años

En un día típico, cuántas duchas y baños se toman en su casa?

	0	1	2	3	4	5	6	7	8	9	10 or mas
Duchas por día	<input type="radio"/>										
Baños por día	<input type="radio"/>										

¿Tiene regadera(s) de bajo flujo instalada(s) en su(s) ducha(s)? (Las regaderas de bajo flujo usan 2.5 galones por minuto o menos y son estandar desde 1993)

Si, todas las duchas

Si algunas duchas

No

¿Los grifos de su casa tienen aereadores para ahorrar agua?

(Aereadores son agregados para reducir el uso de agua mezclando aire con el flujo de agua)

Si, todos los grifos

Si, algunos grifos

No

Lavado y secado de ropa

¿Tiene lavadora o secadora de ropa en su casa?

Si

No, el cuarto de lavado está en el área común del edificio

Yo no uso el cuarto de lavado en mi edificio

¿Que tipo de lavarropas tiene?

(No incluya los lavarropas que funcionan con monedas o están en áreas comunes.)

Lavarropas con abertura arriba

Lavarropas con abertura al frente

¿Cuántos años tiene su lavarropas?

Menos de 1 año

1 - 5 años

6 - 8 años

6 - 8 años

16 - 30 años

Más de 30 años

¿Cuántas veces usa la lavadora de ropa en una semana promedio? Por favor indique de acuerdo a la temperatura del agua de lavado.

	0	1	2	3	4	5	6	7	8	9	10 or mas
Número de cargas de lavadora de ropa por semana											
En caliente	<input type="radio"/>										
En tibio	<input type="radio"/>										
En frío	<input type="radio"/>										

¿Qué tipo de secadora tienes?

(No incluya máquinas en áreas comunes.)

- No tengo una secadora
- Secador de gas natural □
- Secadora eléctrica
- Secador de gas envasado: propano, butano, petróleo licuado

Cuántos años tiene su secadora de ropa?

- Menos de un año
- 1 - 5 años
- 6 - 8 años
- 9 - 15 años
- 16 - 30 años
- Más de 30 años

Para cada temperatura de secado a continuación, ¿Cuántas cargas de ropa seca en su hogar durante una semana típica?

	0	1	2	3	4	5	6	7	8	9	10 or mas
Número de cargas de secadora de ropa por semana											
Calor alto	<input type="radio"/>										
Calor mediano	<input type="radio"/>										
Calor bajo	<input type="radio"/>										

Preparación de comida

¿Cuál de las siguientes aparatos para cocinar se utilizan en su casa?

(Seleccione todos los que correspondan.)

Aparato de cocina	Tipo de combustible	Edad en años
Estufa, completa o solo hornillas	<input type="text"/>	<input type="text"/>
Horno(s)	<input type="text"/>	<input type="text"/>
Horno al aire libre	<input type="text"/>	<input type="text"/>
Parrilla al aire libre / barbacoa	<input type="text"/>	<input type="text"/>
Horno microondas	<input type="text"/>	<input type="text"/>

Durante una semana promedio, cuantas vez utiliza los siguientes aparatos de cocina?

	Nunca	Raramente (menos de una vez por semana)	Ocasionalmente (1-2 veces por semana)	A veces (3-4 veces por semana)	A menudo (5-7 veces por semana)
Estufa, estufa o estufa	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Horno(s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Horno microondas	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Otro	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

¿Tiene lavaplatos?

Sí

No

Cuántos años tiene su lavaplatos?

Menos de un año

1 - 5 años

6 - 8 años

9 - 15 años

16 - 30 años

Más de 30 años

¿Cuántas veces utiliza el lavaplatos en una semana promedio?

Ninguna

1

2

3

4

5

6

7

8

9 o más

Refrigeradores

¿Cuántos refrigeradores tiene conectados?

Ninguna

1

2

3 o más

Díganos las características de su refrigerador primario:

Estilo de la puerta	Tamaño, en pies cúbicos	Edad de su Refrigerador	A través de la puerta dispensador de hielo / agua
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Por favor díganos las características de su segundo refrigerador:

Estilo de la puerta	Tamaño, en pies cúbicos	Edad de su Refrigerador	A través de la puerta dispensador de hielo / agua
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Díganos las características de su tercer refrigerador:

Estilo de la puerta	Tamaño, en pies cúbicos	Edad de su Refrigerador	A través de la puerta dispensador de hielo / agua
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Congeladores

¿Cuántos congeladores individuales tiene funcionando?

(No incluya los congeladores que son parte del refrigerador).

Ninguna

Uno

Dos o más

Díganos las características de su congelador independiente:

Estilo	Tamaño en pies cúbicos	Edad de su Congelador
<input type="text"/>	<input type="text"/>	<input type="text"/>

Díganos las características de su segundo congelador independiente:

Estilo	Tamaño en pies cúbicos	Edad de su Congelador
<input type="text"/>	<input type="text"/>	<input type="text"/>

Spas y Jacuzzis

¿Tiene el uso de un spa o jacuzzi en su casa?

(No incluya bañeras de hidromasaje en su baño).

Si, y pago por la energía que consume

Si, pero está en un área común y no pago por su consumo de energía

No tengo spa o jacuzzi

¿Qué energía usa para calentar el spa o jacuzzi?

- Electricidad
- Gas natural
- Solar y eléctrica
- Solar y gas natural
- Gas en botella (propano, butano, petróleo licuado)
- Otro tipo de combustible:

De qué tamaño es su spa o jacuzzi?

- Pequeño (3 personas o menos) □□
- Medio (4 - 6 personas) □□
- Grande (7 o más personas)

¿Dónde está el spa o jacuzzi?

- Afuera, a nivel del piso
- Afuera, elevado
- Spa adentro

¿Utiliza una cobertura aislante para su spa o jacuzzi?

- Si
- No

¿Con qué frecuencia ejecuta la bomba de filtro en su spa o jacuzzi?

	Uso de la bomba de filtro
Verano: mayo - octubre	
Mañana de verano (6 a.m. - 10 a.m.)	<input type="text"/>
Mediodía de verano (10 a.m. - 6 p.m.)	<input type="text"/>
Noche de verano (6 p.m. - 6 a.m.)	<input type="text"/>
Invierno: noviembre - abril	
Mañana de invierno (6 a.m. a 10 a.m.)	<input type="text"/>
Mediodía de invierno (10 a.m. - 6 p.m.)	<input type="text"/>
Noche de invierno (6 p.m. - 6 a.m.)	<input type="text"/>

Indique con qué frecuencia calienta su spa o jacuzzi en el invierno y el verano:

	Calentando su piscina
Verano: mayo - octubre	
Mañana de verano (6 a.m. a 10 a.m.)	<input type="text"/>
Mediodía de verano (10 a.m.- 6 p.m.)	<input type="text"/>
Noche de verano (6 p.m. - 6 a.m.)	<input type="text"/>
Invierno: noviembre - abril	
Mañana de invierno (6 a.m. a 10 a.m.)	<input type="text"/>
Mediodía de invierno (10 a.m. a 6 p.m.)	<input type="text"/>
Noche de invierno (6 p.m. - 6 a.m.)	<input type="text"/>

Piscina

¿Tiene el uso de una piscina en su casa?

Sí, y pago por su uso de energía

Sí, pero está en un área común y no pago por su uso de energía

No tengo piscina

¿Qué tamaño tiene su piscina?

(Una piscina de tamaño promedio mide aproximadamente 5 pies de profundidad por 40 pies de largo por 20 pies de ancho y tiene 30,000 galones de agua.)

Menos de 20,000 galones

20,000 - 40,000 galones

Más de 40,000 galones

¿Cuántas horas al día opera el filtro de su piscina?

Horas de funcionamiento del filtro de piscina

Verano: mayo - octubre

Mañana de verano (6 a.m. a 10 a.m.)

Mediodía de verano (10 a.m. a 6 p.m.)

Noche de verano (6 p.m. - 6 a.m.)

Invierno: noviembre - abril

Mañana de invierno (6 a.m. a 10 a.m.)

Mediodía de invierno # (10 a.m. a 6 p.m.)

Noche de invierno (6 p.m. - 6 a.m.)

¿Qué tipo de combustible utiliza para calentar su piscina?

La piscina no está climatizada

Solo gas natural

Solo electricidad

Solo bomba de calor eléctrica

Calentador solar (usando colectores solares)

Solo gas en botella (propano, butano, petróleo líquido)

Otra especificar:

Por favor, indique con qué frecuencia calienta Ud. la piscina en verano e invierno.

Calentando su piscina

Verano: mayo - octubre

Mañana de verano (6 a.m. a 10 a.m.)

Mediodía de verano (10 a.m. a 6 p.m.)

Noche de verano (6 p.m. - 6 a.m.)

Invierno: noviembre - abril

Mañana de invierno (6 a.m. a 10 a.m.)

Mediodía de invierno (10 a.m. a 6 p.m.)

Noche de invierno (6 p.m. - 6 a.m.)

¿Qué tipo de bomba de filtración tiene su piscina?

- Velocidad única
- Dos velocidades
- Velocidad variable
- Sin bomba de filtración

¿Cuál de los siguientes atributos tiene su grupo?

(Seleccione todas las opciones que correspondan)

- Cobertura
- Reloj automatico
- Barredora
- Aspiradora
- Piscina en el interior de la casa

Entretenimiento y Tecnología

¿Cuántos televisores usa en esta casa?

	Ninguna	1	2	3
OLED (diodo emisor de luz orgánico) o LED TV (s):				
un OLED de menos de 36 pulgadas	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
un OLED entre 36 pulgadas y 59 pulgadas	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
un OLED de 60 pulgadas o más grande	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Televisores LCD (pantalla de cristal líquido):				
una pantalla LCD de menos de 36 pulgadas	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
una pantalla LCD de entre 36 y 59 pulgadas	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
una pantalla LCD de 60 pulgadas o más grande	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Televisores de otras tecnologías:				
Pantalla de plasma TV TV (s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Televisor (s) de tubo de rayos catódicos (CRT, estilo de tubo)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
DLP o TV (s) de retroproyección	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

¿Cuántos de los siguientes accesorios electrónicos usa en esta casa?

	Ninguna	1	2	3
Accesorios				
Decodificadores o receptores de TV por cable o satelital, DVR	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Reproductores de películas independientes (Blu-Ray / DVD / VCR)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Sistemas de juego (Nintendo, PlayStation, Xbox, Wii)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Reproductores multimedia de transmisión (Amazon Fire Stick, AppleTV, Chromecast, Roku)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Sistema de cine en casa conectado a la televisión	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Barra de sonido conectada a la TV	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Sonido separado o sistema estéreo conectado a la TV	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Estéreo independiente, estación de conexión para iPod o MP3	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

¿Cuántas horas totales combinadas tienen sus televisores por día?

(Sume el tiempo para todos los televisores, por ejemplo: 13 horas al día para uno + 16 para otro equivale a 29 horas totales.)

	1 hora o menos	1-8 horas	9-16 horas	17-24 horas	25-30 horas	Más de 30 horas
Televisores de menos de 36 pulgadas	<input type="radio"/>					
Televisores de 36 pulgadas a 59 pulgadas	<input type="radio"/>					
Televisores de 60 pulgadas o más	<input type="radio"/>					

¿Cuántas computadoras personales (PC, Apple, etc.) utiliza en esta casa?

	Ninguno	1	2	3 o más
Escritorio(s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Laptop (s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Si tiene una o más computadoras en esta casa, ¿cuántas horas totales combinadas se encienden cada día?

(Agregue tiempo para todas las computadoras, incluso en espera).

	1 hora o menos	1-8 horas	9-16 horas	17-24 horas	25-30 horas	Más de 30 horas
Escritorio(s)	<input type="radio"/>					
Laptop (s)	<input type="radio"/>					

¿Usted o alguien más en su hogar opera un negocio y / o trabaja desde su casa?

Sí

No

¿Cuántas horas a la semana trabaja alguien fuera de su casa?

0-10 horas por semana

11-30 horas por semana

Más de 30 horas por semana

¿Cuántos de los siguientes productos usa en esta casa?

	Ninguno	1	2	3 o más
Impresora, escáner, copiadora y máquina multifunción	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Tableta o lector electrónico (iPad o Kindle)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Hubs, dispositivos, altavoces inteligentes (Amazon Echo, Google Home, Apple HomePod)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Dispositivos domésticos inteligentes (que no sean iluminación)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Teléfono celular inteligente (Android o iPhone)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other cell phone (flip phone, candy bar phone)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Módem de alta velocidad para internet (DSL / cable / satélite)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Red doméstica (cableada o inalámbrica)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Fuente de alimentación ininterrumpida (UPS, respaldo de energía)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Iluminación

- Classic glass bulb above the metal screw base

Incandescent

- "Twisty" tube can be covered
- Short plastic base

CFL

- Spherical glass cover
- Large plastic base

LED

¿Qué porción de bombillas instaladas en los accesorios de techo y lámparas dentro de su hogar son los siguientes tipos?

(Seleccione una respuesta para cada tipo.)

Tipo de lámpara o bombilla	Ninguno	Algunos	Casi la mitad	Más	Todas
Incandescente (bombillas tradicionales que han existido durante 100 años)	<input type="radio"/>				
CFL, fluorescentes compactos (a veces tienen una forma espiral "retorcida", pero la "retorcida" puede cubrirse con vidrio opaco)	<input type="radio"/>				
LED, diodos emisores de luz (bombillas más nuevas del mercado, a menudo con una gran base de plástico a veces con crestas)	<input type="radio"/>				

¿Cuántas luces dentro de su casa están encendidas durante los siguientes momentos del día?

(Seleccione una respuesta para cada período de tiempo.)

Periodo de tiempo	Ninguno	Pocas luces (alrededor del 25%)	Algunas luces (aproximadamente 50%)	Muchas luces (alrededor del 75%)	Todas las luces (100%)
Mañana (6 a.m. - 9 a.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Día (9 a.m.- 5 p.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Tarde (5 p.m. - 9 p.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Noche (9 p.m. - 6 a.m.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

¿Cuántos de los siguientes productos de iluminación utiliza inside en su hogar?

Productos de iluminación interior	Ninguno	1 a 2	3 a 5	6 a 10	11 o más
Accesorios en temporizadores	<input type="radio"/>				
Accesorios en detectores de movimiento o sensores de ocupación	<input type="radio"/>				
Accesorios en un interruptor de atenuación	<input type="radio"/>				
Bombillas "inteligentes" (conectadas)	<input type="radio"/>				
Luces nocturnas	<input type="radio"/>				

¿Cuántos de los siguientes productos de iluminación usa fuera de su hogar?

(Incluya artículos en su garaje. Solo incluya luces exteriores que se pagan en su factura de electricidad).

	Ninguno	1 a 2	3 a 5	6 o más
Accesorios exteriores				
Luminarias incandescentes exteriores	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

¿Utiliza una bomba eléctrica de agua de pozo para suministrar agua a su hogar

Sí

No

¿Su hogar también tiene acceso a fuentes de agua de la ciudad / condado?

Sí

No

¿Cómo usas el agua de tu pozo?

Solo para jardinería y paisajismo

Solo para uso doméstico

Uso doméstico y de jardinería / paisajismo

¿Cuál de los siguientes equipos se usa tres o más horas por semana?

(Si no hay ninguno, omite esta pregunta)

- Bomba de sumidero
- Comprar herramientas
- Equipo de soldadura eléctrica
- Compresor de aire eléctrico
- Cargador para batería grande
- Horno para cerámica y cerámica
- Equipo médico (por ejemplo, respirador)

Seleccione el tipo de combustible para cualquier equipo que se use tres o más horas por semana.

(Si no hay ninguno, omite esta pregunta)

	Eléctrico	Gas natural	Gas en botella
Horno para cerámica y cerámica	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Equipo médico (por ejemplo, respirador)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

¿Tiene una silla de ruedas eléctrica, carrito de golf, bicicleta eléctrica o patineta eléctrica en casa?

- Sí, silla de ruedas eléctrica / carrito de golf
- Sí, bicicleta eléctrica / patineta
- No

¿Carga su silla de ruedas eléctrica, carrito de golf, bicicleta o patineta en casa?

- Sí
- No

¿Utiliza algún otro equipo o aparato grande que consuma una cantidad significativa de electricidad o gas natural en su hogar?

- Sí
- No

¿Qué 'otro' equipo o electrodoméstico grande consume una cantidad significativa de energía en su hogar?

Especificar:

Indique si ha agregado o reemplazado alguno de los siguientes electrodomésticos en los últimos 12 meses.

Calefacción central

Horno

Enfriamiento central

Horno microondas

Aire acondicionado de pared o ventana

Lavavajillas

Enfriador evaporativo (pantano)

Lavadora de ropa

Calentador de agua

Tecnologías de Energías Renovables

¿Cuál de las siguientes tecnologías de energía renovable se utilizan actualmente en esta residencia?

(Seleccione todas las opciones que correspondan)

Sin tecnologías de energías renovables

Electricidad solar / células fotovoltaicas (PV)

Calentamiento solar de agua (agua caliente en el hogar)

Almacenamiento de batería conectado a solar

Generador de viento

Celdas de combustible

En los próximos dos años, tiene previsto instalar alguna de las siguientes tecnologías renovables? (Seleccione todos los que correspondan.)

No hay planes

Pilas solares de electricidad/fotovoltaicas (PV)

Calentamiento solar de agua doméstica (agua caliente en el hogar)

Calentamiento solar de agua de la piscina (agua de la piscina calentada)

Almacenamiento de batería conectado a solar

Generador de viento

Pila de combustible

Otro

¿Qué 'otras' tecnologías renovables planeas instalar?

Otras tecnologías renovables:

Información del hogar

Proporcione respuestas a las siguientes preguntas. Sus respuestas serán confidenciales y no se utilizarán datos de forma individual. La información se utiliza para permitirnos comparar el uso de energía entre varios grupos.

Además de la casa descrita en esta encuesta, ¿es dueño de alguna otra casa en California que esté ocupada a tiempo parcial por su familia o como un alquiler de vacaciones?

(no conteste sí para cualquier propiedad de alquiler a tiempo completo o unidades de tiempo compartido).

Sí

No

Proporcione la siguiente información para su casa de temporada o de vacaciones que posee en California.

(no proporcione información en esta encuesta para cualquier propiedad de alquiler a tiempo completo o unidad de tiempo compartido).

Casa de vacaciones

Ubicación

¿Se proporciona electricidad a esta casa de vacaciones por?

El gas natural se proporciona a esta casa de vacaciones por?

¿Cuál es el nivel más alto de educación que ha completado cualquier miembro de la familia en su casa?

Primaria (grados 1-8)

Algunas escuelas secundarias (grados 9-12)

Graduado de preparatoria

Alguna universidad / comercio / escuela vocacional

Graduado de la Universidad

Posgrado

¿Cuál es el lenguaje principal en la casa?

Inglés

Español

Asia / Isla del Pacífico

Otro

¿Cuál es el lenguaje principal en la casa?

Especificar:

¿Alguno de los ocupantes de su hogar está discapacitado permanentemente?

No

Sí, 1 discapacitado permanentemente

Si, 2 o más discapacitados

¿Cuál de los siguientes grupos étnicos está representado por su primer jefe de familia?

(Seleccione todas las opciones que correspondan)

Jefe de hogar # 1

Indio Americano, Nativo de Alaska

Isleño asiático o del Pacífico

Negro, afroamericano

Hispano / latino

Blanco, caucásico

Encuesta de energía del hogar de California

En nombre de la Comisión de Energía y las empresas de servicios públicos de California, le agradecemos su participación en la Encuesta de Energía en el Hogar.

[Cerrar](#)

APPENDIX G:

2019 RASS Data Collection Protocols

Memo to:

Glen Sharp and Le-Huy Nguyen, CA Energy Commission

Final Data Collection Protocols

DNV GL developed data collection protocols to document each step in the data collection process for the study. The procedures ensure that all the activities are executed consistently and to plan. DNV GL and APPRISE leveraged the data collection strategy and protocols used for the 2009 RASS as appropriate.

DNV GL developed protocols for the following processes:

- Procedures for processing surveys
 - Processing online surveys
 - Processing paper surveys

The protocols for each of these processes are outlined in the subsequent sections.

1.1 Procedures for Processing Surveys

This section describes the procedures to manage the initial data processing steps for the paper surveys and the online surveys. Potential survey respondents will receive an invitation by email or in an advance letter that directs them to the online survey. If a household does not return a survey from the online version, they will be eligible for the subsample that will receive a paper survey packet. The following processes outline the procedures to be followed once the household initiates a response.

1.1.1 Processing online surveys

Survey respondents will access the survey landing page. The landing page will contain the CEC logo and participating utility logos. Respondents will select the option to take the survey in either English or Spanish. Participants will work through the questions on the survey and submit responses.

The online survey software will capture survey responses in a data file. The data analysis team will monitor the data file for quality assurance. The data file will be processed so it can be merged with the survey data from the paper surveys into a master survey data file. The master data file will continue through the set of data processing and analysis steps.

1.1.2 Processing Paper Surveys

Survey respondents will return completed surveys in postage-paid envelopes to the survey processing center. The survey processing center will process the surveys received:

1. The envelopes will be opened and the barcodes on the surveys scanned to log the survey as having been received.
2. The binding will be cut off the booklet form.
3. The surveys will be scanned into two types of files:

- a. A data file that records the individual responses on the surveys
 - b. A pdf of the completed survey
4. The data file will be examined for quality control. If issues are found, staff will refer to the pdf to investigate how the respondent marked the survey.
5. The survey processing center will deliver the data file and the pdf files to the analysis team for data processing.

APPENDIX H: Non-Response Priority Mail Materials

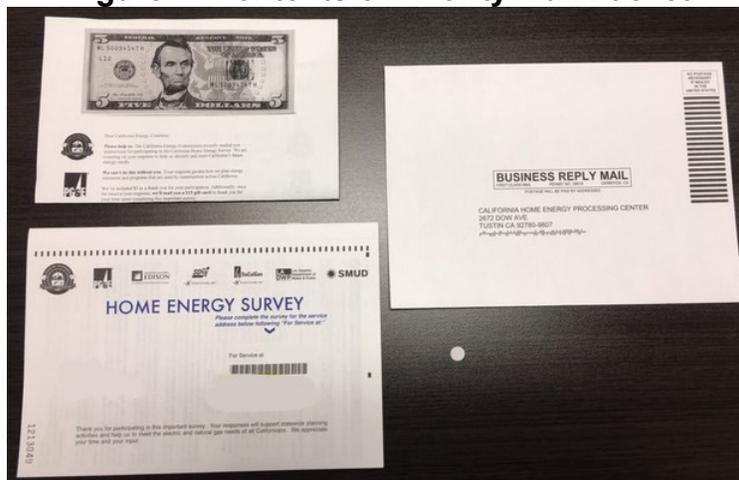

This appendix contains materials used in the non-response priority mail effort:

- Cover Letter
- Reminder Postcard

Figure 1: Priority Mail Packet

Figure 2: Contents of Priority Mail Packet

NON-RESPONSE COVER LETTER FOR PRIORITY MAIL- ENGLISH

Dear California Energy Customer,

Please help us. The California Energy Commission recently mailed you instructions for participating in the California Home Energy Survey. We are counting on your response to help us identify and meet California's future energy needs.

We can't do this without you. Your response guides how we plan energy resources and programs that are used by communities across California.

We've included \$5 as a thank-you for your participation. Additionally, once we receive your response, **we'll mail you a \$15 gift card** to thank you for your time spent completing this important survey.

You can complete the survey using ONE of two options.

Option 1 Complete the survey online at: <https://calhes.com>
Use your **access code** (código de acceso) printed above the service address on your enclosed survey booklet.

Option 2 Fill out and mail back the enclosed survey booklet.

Your answers are confidential and the results of this survey will only be reported in summary form. Your participation in this survey is voluntary.

If you need help completing the survey, please call us toll-free at 1 (888) 434-8008. You may also visit our website for more information and answers to Frequently Asked Questions: <https://www.energy.ca.gov/appliances/rass/>

On behalf of all of our sponsors, thank you very much for your participation in this survey.

Sincerely,

Aleecia Gutierrez
Assistant Deputy Director, Energy Assessments Division
California Energy Commission
1516 Ninth St.
Sacramento, CA 95814

NON-RESPONSE COVER LETTER FOR PRIORITY MAIL- SPANISH

Estimado cliente de energía de California:

Por favor ayúdenos. La Comisión de Energía de California le envió recientemente instrucciones para participar en la Encuesta de Energía del Hogar de California. Estamos contando con sus respuestas para ayudarnos a identificar y satisfacer las futuras necesidades de energía de California.

No podemos lograrlo sin usted. Sus respuestas guiarán como planeamos los recursos energéticos y programas que son usados por comunidades en todo California.

Hemos incluido \$5 para agradecerle su participación. Adicionalmente, una vez que recibamos sus respuestas, **le enviaremos una tarjeta de regalo de \$15** como agradecimiento por el tiempo empleado en completar esta importante encuesta.

Usted puede escoger UNA de dos opciones para completar la encuesta.

Opción 1 Completar la encuesta en línea: <https://calhes.com>
Utilice el **código de acceso** (access code) que se encuentra impreso arriba del domicilio de servicio en el cuaderno adjunto.

Opción 2 Complete y envíe de regreso el cuaderno adjunto.

Sus respuestas son confidenciales y los resultados de esta encuesta solo serán reportados de forma agregada. Su participación en esta encuesta es voluntaria.

Si necesita ayuda para completar la encuesta, por favor llámenos sin costo al 1 (888) 434-8008. También puede visitar nuestra página web para obtener más información y respuestas a las Preguntas Más Frecuentes: <https://www.energy.ca.gov/appliances/rass/>

De parte de nuestros patrocinadores, muchas gracias por participar en esta encuesta.

Sinceramente,

Aleecia Gutierrez

Dear California Energy Customer,

The California Energy Commission recently sent you a Priority Mail package that included the California Home Energy Survey booklet and \$5 as a thank-you for your participation.

We depend on your input to better conduct planning activities that ensure energy resources and programs meet the needs of your community. If you have already responded, thank you. If you have not, please complete the survey and send it now, or complete the survey online by visiting <https://calhes.com> and entering your **access code** shown on the other side of this card.

Once we receive your response, **we'll mail you a \$15 reward card** to thank you for participating. If you would like to complete the survey by telephone or need assistance, please call our toll-free number at 1-888-434-8008.

Thank you for your cooperation,

Aleecia Gutierrez

FIELD VISIT LEAVE-BEHIND LETTER

Sponsored by:

Dear California Energy Customer:

Hello! Researcher _____ was here at _____: _____ on _____ to ask for your participation in the California Home Energy Survey.

Recently, we mailed you information about this important survey. We have not received a completed survey from your household. You will receive a \$15 reward card upon completion of the survey. Your response is very important because we are only reaching out to a few residents in your community.

You can complete the survey using ONE of three options.

- Option 1** Fill-out the survey booklet and return it in the postage-paid envelope.

- Option 2** Complete the survey online by following these steps:
 1. Type this website into the address bar or location bar at the top left of your internet browser: <https://calhes.com>
 2. Click on the button “Begin the Survey” (“Comienza la Encuesta”)
 3. Select “English” or “Spanish”
 4. Enter the access code (código de acceso) printed above the service address on your survey booklet.
 5. Answer the questions and submit once fully completed.

- Option 3** We are in your area and available to assist you with the survey. **If you would like an interviewer to help you, please call us toll-free at 1 (888) 434-8008.**

Thank you for your time and participation. If you have any questions regarding the survey, please call the Home Energy Survey contact at the California Energy Commission, Le-Huy Nguyen, at (916) 654-4599.

Recientemente, le enviamos información sobre la Encuesta de Energía del Hogar de California. Aún no hemos recibido una encuesta contestada por un miembro de su hogar. Usted recibirá una tarjeta de \$15 como recompensa una vez que complete la encuesta. Su respuesta es muy importante porque solo estamos contactando a unos pocos residentes de su comunidad. Esta encuesta está disponible en el internet en Español. Por favor visite: <https://calhes.com> e ingrese el código de acceso impreso arriba de la dirección de servicio en su folleto de encuesta. Si usted prefiere completar la encuesta en Español por teléfono, por favor llame al **1 (888) 434-8008.**

LETTER OF APPRECIATION, ENGLISH

Dear California Energy Customer:

Thank you for completing your Home Energy Survey. As a token of our appreciation, we have enclosed a \$15 reward card.

The information that you provided will help to identify opportunities for increased energy efficiency and assist in planning for future energy needs in California.

We encourage you to contact your local utility about programs and incentives to help manage your energy use.

Please enjoy this reward card and thank you again.

Sincerely,

Aleecia Gutierrez
Assistant Deputy Director, Energy Assessments Division
California Energy Commission

Sacramento, CA 95814

LETTER OF APPRECIATION, SPANISH

Estimado cliente de California Energy:

Gracias por completar la Encuesta de Energía del Hogar. Como muestra de nuestro agradecimiento, hemos incluido una tarjeta con valor de \$15.

La información que usted proveyó nos ayudará a identificar oportunidades para incrementar el uso eficiente de energía y a contribuirá en nuestra planeación frente a las necesidades futuras de energía en California.

Lo invitamos a contactar a su empresa de servicios públicos sobre programas e incentivos para ayudarle a manejar su consumo de energía.

Por favor disfrute esta tarjeta de \$15 y reciba nuevamente nuestro agradecimiento.

Sinceramente,

Aleecia Gutierrez

Sacramento, CA 95814

APPENDIX J:

Non-Response Field Protocols

Memo to:

Glen Sharp and Le-Huy Nguyen, CA Energy Commission

Final Data Collection Protocols for the Non-Response Follow-Up Effort

DNV GL and APPRISE developed data collection protocols to document each step in the data collection process for the study. The procedures ensure that all the activities are executed consistently and to plan. DNV GL and APPRISE leveraged the data collection strategy and protocols used for the 2009 RASS as appropriate.

DNV GL and APPRISE developed draft protocols for the following processes:

- Procedures for non-response follow-up
 - Telephone outreach
 - Field outreach
- Contact scripts for non-response follow-up
 - Telephone outreach scripts
 - In-person visit script
- Field visit protocols

The protocols for each of these processes are outlined in the subsequent sections.

1.1 Procedures for Non-Response Follow-up

The non-response follow-up will be managed by APPRISE and conducted by field interviewers from APPRISE and GC Green. A second paper survey packet will be sent to a sample of households who have not responded to previous recruitment efforts. The survey packet will be sent USPS Priority Mail. APPRISE will make phone calls to all households selected for the non-response follow-up to encourage participation. APPRISE and GC Green will conduct in-person visits to a subsample of the households in the non-response follow-up sample.

1.1.1 Telephone Outreach Procedures for Non-Response Sample Not Selected for In-person Visit

The following steps will take place when telephone calls are made to the selected urban in-person visit sample.

1. Verify that the call is reaching an adult at the sampled address
2. Ask if the survey has already been completed
 - a. If yes, verify how the survey was completed
 - i. By mail
 - ii. Online
 - b. If no, continue to Step 3
3. Ask if respondent remembers receiving the Priority Mail package
 - a. If yes

- i. Ask if respondent plans to complete the survey soon or would like to hear other options to complete the survey
 - 1. If yes, record method:
 - a. By mail
 - b. Online
 - 2. If interested in other options
 - a. Offer option to complete the survey over the phone
 - i. Survey can be completed immediately over the phone
 - ii. Survey can be completed over the phone at a later, scheduled time/date
 - b. Offer option to complete the survey online
 - i. Survey link can be emailed to respondent
 - ii. Survey web address/tracking number can be recorded by respondent
 - c. Offer to send field interviewer for home visit
 - i. Interviewers can walk through survey with respondents at their computer
 - ii. Interviewers can walk through survey with respondents using a paper copy
- b. If no
 - i. Offer option to complete the survey over the phone
 - 1. Survey can be completed immediately over the phone
 - 2. Survey can be completed over the phone at a later, scheduled time/date
 - ii. Offer option to complete the survey online
 - 1. Survey link can be emailed to respondent
 - 2. Survey web address/tracking number can be recorded by respondent
 - iii. Offer to send field interviewer for home visit
 - 1. Interviewers can walk through survey with respondents at their computer
 - 2. Interviewers can walk through survey with respondents using a paper copy
 - 3. Interviewers can drop off the paper survey with a post-paid envelope to mail in the completed survey.

1.1.2 Telephone Outreach Procedures for Selected Non-Response In-Person Visit Sample

The following steps will take place when telephone calls are made to the selected urban in-person visit sample.

- 1. Verify that the call is reaching an adult at the sampled address
- 2. Ask if the survey has already been completed
 - a. If yes, verify how the survey was completed
 - i. By mail
 - ii. Online
 - b. If no, continue to Step 3
- 3. Ask if respondent remembers receiving the Priority Mail package
 - a. If yes
 - i. Ask if respondent plans to complete the survey soon or would like to hear other options to complete the survey
 - 1. If yes, record method:
 - a. By mail

- b. Online
 - 2. If interested in other options
 - a. Offer option to complete the survey over the phone
 - i. Survey can be completed immediately over the phone
 - ii. Survey can be completed over the phone at a later, scheduled time/date
 - b. Offer option to complete the survey online
 - i. Survey link can be emailed to respondent
 - ii. Survey web address/tracking number can be recorded by respondent
 - c. Offer to send field interviewer for home visit
 - i. Interviewers can walk through survey with respondents at their computer
 - ii. Interviewers can walk through survey with respondents using a paper copy
- b. If no
 - i. Offer option to complete the survey over the phone
 - 1. Survey can be completed immediately over the phone
 - 2. Survey can be completed over the phone at a later, scheduled time/date
 - ii. Offer option to complete the survey online
 - 1. Survey link can be emailed to respondent
 - 2. Survey web address/tracking number can be recorded by respondent
 - iii. Offer to send field interviewer for home visit
 - 1. Interviewers can walk through survey with respondents at their computer
 - 2. Interviewers can walk through survey with respondents using a paper copy
 - 3. Interviewers can drop off the paper survey with a post-paid envelope to mail in the completed survey.

1.1.3 Field Visit Procedures for Selected Non-Response In-Person Visit Sample

For the Urban Sample, in-person field visits will be conducted. These visits consist of the following steps to increase participation in the survey:

1. Interviewers verify that they are speaking to an adult living at the sampled address
2. Ask if respondent remembers receiving the Priority Mail package
3. Present the respondent with options to participate:
 - a. Offer option to complete the survey immediately
 - i. Interviewers can walk through survey with respondents using a paper copy or at their computer
 - ii. [If Schedule Allows] Interviewers can leave paper copy with respondents and pick it up later that day
 - b. Offer options to complete the survey at another time
 - i. Survey can be completed online using your access code.
 - ii. Survey can be completed using the paper booklet and mailed in.
 - iii. Survey can be completed over the phone.
 1. Survey can be completed online using instructions found in the leave-behind letter.
 2. Survey can be completed using the paper copy and mailed in

1.2 Contact Scripts for Non-Response Follow-up

The contact scripts for telephone outreach and in-person field visits are presented in this section.

1.2.1 Telephone Outreach Script for Non-Response Sample Not Selected for In-person Visit

VERIFICATION

Hello, my name is _____ and I'm calling from APPRISE on behalf of the California Energy Commission regarding the California Home Energy Survey. I'm trying to reach <name of contact>, is this s/he?

IF YES: Are you still located at <sampled address>?

If yes: Great. <continue to Introduction below>

If no: Ok, thank you for your time.

If no: Am I speaking with an adult who lives at <sampled address>?

If yes: Great. <continue to Introduction below>

If no: Ok, thank you for your time.

INTRODUCTION

I'm calling to encourage you to complete the California Home Energy Survey that was mailed to your address <Insert reference ... e.g., last week>. The survey came in a flat white Priority Mail envelope addressed to <Insert Name> and included a \$5 reward card as a thank-you for participating.

Have you been able to mail the completed survey back or complete the survey online yet?

If yes: Thank you very much for your participation. I'll make sure that we are looking for your response so that you get the \$15 thank-you reward card. Did you mail the survey back or did you complete it online?

RECORD RESPONSE: 1 = By Mail 2 = On the Internet

Thank you for your assistance. Have a great day/night.

If no: We'd really appreciate your participation in this survey. Do you remember getting that package in the mail?

If NO (DOES NOT REMEMBER PACKAGE):

I'm sorry that you did not receive that package. This is an important study being conducted for the California Energy Commission to help with planning for our long-term energy needs in California. The Commission has authorized us to give you a \$15 reward card as a thank-you for completing the survey. Here are some ways that you could complete the survey.

- One option is to complete the survey with me right now on the telephone. The survey will take about 40 minutes to complete. Would that be good for you? [If YES, START SURVEY]
 - If now is not a good time, I can give you a call back later today or at a date/time that is more convenient for you. Would this work best for you? [GO TO PHONE SCHEDULE MODULE]

- Another option is to complete the survey online. This tends to be the quickest option. It is available in English and Spanish. If you have an email address, I can send you a link to the survey. Or, if you have something to write on, I can give you the web address and your Access Code, which you'll need to enter into the survey online. [IF RESPONDENT EXPRESSES CONCERN ABOUT PRIVACY, SAY ... "Our systems are verified for being secure and that it will protect your privacy as required by our contract with the Commission."] [If YES, GO TO THE ONLINE MODULE]

NOTE: IF AT ANY TIME, THE RESPONDENT SAYS ... "SORRY I AM JUST NOT INTERESTED" ... OR SOMETHING ELSE TO THAT EFFECT... THANK HIM/HER FOR HIS/HER TIME AND SAY GOODBYE.

If YES (DOES REMEMBER PACKAGE):

I want to remind you that the letter in the package promised you a \$15 reward card when you completed the survey. Are you planning to complete the survey soon? Or would you like me tell you about some ways to complete the survey that might be convenient for you?

If PLAN TO COMPLETE: That's great. Please tell me whether you plan to complete the paper survey and send it by mail or complete the survey over the Internet. That way we can be looking for it and make sure you get the \$15 thank you reward card.

RECORD RESPONSE: 1 = By Mail 2 = On the Internet

Thank you for your assistance.

If WANT TO HEAR OPTIONS:

- One option is to complete the survey with me right now on the telephone. The survey will take about 40 minutes to complete. Would that be good for you? [If YES, START SURVEY]
 - If now is not a good time, I can give you a call back later today or at a date/time that is more convenient for you. Would this work best for you? [GO TO PHONE SCHEDULE MODULE]
- Another option is to complete the survey online. This tends to be the quickest option. It is available in English and Spanish. If you have an email address, I can send you a link to the survey. Or, if you have something to write on, I can give you the web address and your Access Code, which you'll need to enter into the survey online. [IF RESPONDENT EXPRESSES CONCERN ABOUT PRIVACY, SAY ... "Our systems are verified for being secure and that it will protect your privacy as required by our contract with the Commission."] [If YES, GO TO THE ONLINE MODULE]

NOTE: IF AT ANY TIME, THE RESPONDENT SAYS ... "SORRY I AM JUST NOT INTERESTED" ... OR SOMETHING ELSE TO THAT EFFEECT... THANK HIM/HER FOR HIS/HER TIME AND SAY GOODBYE.

PHONE SCHEDULE MODULE

Thank you for agreeing to complete the survey. Would you prefer that I give you a call back later today or a different day?

- If TODAY ... [INTERVIEWER WILL BE PRESENTED WITH OPTIONS TO OFFER THE RESPONDENT.]
- If DIFFERENT DAY ... What days typically work best for you? [RECORD DAYS]. Would you prefer that I call back in the morning or afternoon? [RECORD ANSWER] [BASED ON THESE

RESPONSES, THE INTERVIEWER WILL BE PRESENTED WITH OPTIONS TO OFFER THE RESPONDENT.]

Thank you for your time. Just to verify, I'll give you a call back at this number at <Insert Time> on <Insert Day> <Insert Date>.

My name is _____ and my phone number is _____. You can call me if you need to change your appointment. Thank you and have a great day/night.

ONLINE MODULE

Would you prefer that I send you an email with the link for the survey, or would you like to write down the web address and your Access Code?

- If EMAIL ...
 - First, I would like to verify that I have the correct address for you so that we can send you the thank-you reward card. <Insert Name, Phone Number, and Address. Update if needed.>
 - Name: _____
 - Phone Number: _____
 - Address: _____
 - City: _____
 - ZIP: _____
 - Now, please give me the email address to which you want the invitation sent. RECORD EMAIL. GO TO "THANKS."
- If WEB ADDRESS ...
 - First, I would like to verify that I have the correct address for you so that we can send you the thank-you reward card. <Insert Name, Phone Number, and Address. Update if needed.>
 - Name: _____
 - Phone Number: _____
 - Address: _____
 - City: _____
 - ZIP: _____
 - Now, please get something to write on and I will give you the web address and your Access Code. RECORD "GAVE EMAIL ADDRESS AND ACCESS CODE." GO TO "THANKS."

ONLINE THANKS

My name is _____ and my phone number is _____. You can call me if you have any problem completing the survey or getting the thank you reward card.

Do you have any other questions for me? Thanks for your time. Have a good day/night.

ANSWERING MACHINE SCRIPT

Hello, my name is _____ and I’m calling from APPRISE on behalf of the California Energy Commission to encourage you to complete the California Home Energy survey that we sent to you by Priority Mail <Insert reference ... e.g., last week>. Your response is very important because we are only reaching out to a few residents in your community. Once we receive your completed survey, we will send you a \$15 reward card as a thank-you. If you want to hear about other options for completing the survey, please call me <Insert Name> at XXX-YYY-ZZZZ.

1.2.3 Non-Response In-person Visit Script

MAIN SCRIPT

Hello, my name is _____ and I’m here from <Company Name> on behalf of the California Energy Commission to encourage you to complete the California Home Energy Survey that was sent to you in the mail in the middle of January. The survey came in a flat white Priority Mail envelope, was addressed to <Insert Name>, and included a \$5 bill to thank you for participation.

Do you remember getting that package in the mail?

IF NO (DOES NOT REMEMBER PACKAGE): I'm sorry that you don't recall receiving that package. This is an important study being conducted for the California Energy Commission to help with planning for our long-term energy needs in California. The Commission has authorized us to give you a \$15 reward card if you are willing to complete the survey today.

IF YES (DOES REMEMBER PACKAGE): Our records show that we have not yet received your survey, so we have not been able to send out your \$15 reward card. I can give you the \$15 reward card if you are willing to complete the survey today.

To complete the survey, the quickest way is for us to sit together and I can record your responses. It will take about 30 minutes to complete. Can we sit down and start that now? Remember that as soon as we are done, I can give you the \$15 reward card. **[If YES, START SURVEY]**

If you would rather, I can give you this paper copy of the survey that you can complete. If you can start on that right now, I could sit here with you to answer questions. **[IF SCHEDULE ALLOWS]** I could also leave and come back later today to pick up the survey. The survey should only take you about 30 minutes, but I know you might get interrupted while completing it. Would that be better? **[If YES, HAND THE SURVEY AND A PEN/PENCIL. PROVIDE ESTIMATED PICK UP TIME AND RETURN TO PICK UP.]**

If you don't have time now, I have some other options for you to complete the survey soon.

- A: First, the survey can be completed online. This tends to be the quickest option, and the survey is available online in both English and Spanish.
- B: You can also fill-out a paper survey booklet and then mail it back to us in a pre-posted envelope.
- C: Finally, you can also take the survey over the telephone.
- Which of these choices work best for you?
 - **IF A, HAND MATERIALS. SAY...** "It is really important that we get this information soon, so please follow the instructions in this letter to access the survey and complete it online. You will need to enter your Access Code printed on the survey booklet to start the survey. Please call us at the phone number shown in the letter if you need any help completing the survey. POINT OUT THE ACCESS CODE TO THE RESPONDENT. GO TO THANK YOU.
 - **If B, HAND MATERIALS. SAY...** "It is really important that we get this information soon. Here is the paper survey to complete, the envelope to mail it back in, and a letter with the phone number you can call if you want help completing the survey or you decide you want to take it online. POINT OUT PHONE NUMBER. GO TO THANK YOU.
 - **If C, HAND MATERIALS. SAY...** "It is really important that we get this information soon. Please call this phone number as soon as you are ready to take the survey over the phone. GO TO THANK YOU.

NOTE: IF AT ANY TIME THE RESPONDENT SAYS ... "SORRY I AM JUST NOT INTERESTED" ... THANK HIM/HER FOR HIS/HER TIME AND SAY GOODBYE. IF AT ANY TIME THE RESPONDENT INDICATES THEY COMPLETED THE SURVEY, CONFIRM IF THEY MAILED IT OR COMPLETED ONLINE AND RECORD THIS.

SURVEY COMPLETION THANKS

Here is the reward card. [**HAND CORRECT CARD TO RESPONDENT.**] To verify that you received the reward card, I need you to please fill out and sign this form [PROVIDE REWARD CARD SIGNATURE FORM].

Thank you for your time and participation! Have a good day/night.

OPTION A/B/C THANKS

Thank you for your time and agreeing to complete the survey. Have a good day/night.

1.3 Field Visit Protocols for Non-Response Follow-up

The field visit protocols are outlined in this section.

All field staff will be provided with cluster assignments, completing all of the addresses in a cluster one cluster at a time to maximize efficiency. Field staff will be provided with 2-in-1 organizers to protect, divide, and manage the field visit materials. The organizers will include the following:

1. Binder – The binder will store cluster assignment information. This includes an assignment sheet with the cluster addresses, a perspective map that shows where the cluster is regionally, a detailed route map with directions based on the optimized path to visit addresses, recording sheets to document the outcome of each attempted visit, and copies of the field visit contact protocols and script.
2. File Folder – The file folder includes seven compartments to store and organize the field visit materials.

All field interviews will follow the following protocols:

1. Review Cluster Assignment and Prepare Materials – All interview staff with review materials for a cluster area they are assigned. Staff will confirm their assignment, locate the materials, review the materials, and update their organizer to include the cluster materials.
2. Conduct Field Visits
 - a. Navigate to Targeted Address – Staff with navigate to the cluster addresses using the assignment sheet and maps provided by APPRISE.
 - b. Confirm materials for targeted address – Staff will confirm the materials they need for the addresses they are visiting. For example, staff walking in dense areas will need to carry materials in their organizer.
 - c. Assess Safety and Access – Staff with access safety at the location and whether the home is accessible to approach the door or main entrance. Any staff who believe there is a safety concern or risk will skip that address and document the concern.
 - d. Attempt Contact – Staff with attempt contact at each located address where there is access to a building or main entrance.
 - e. Provide Information / Leave Materials – Staff will leave materials via doorhanger bags if no one is home or available. If staff speak to an adult resident, they will present information about the survey and how to participate. Staff will adhere the barcode label to the survey packet if leaving it with a resident or in a doorhanger bag.

- f. Document Results on Recording Sheets – Staff will record the outcome for each address in the cluster.
3. Report Results to APPRISE – Staff will contact APPRISE by telephone to report cluster results from the prior day so that these results can be recorded in a database.
4. Return / Destroy Documents with Confidential Information – All documents with confidential or personal information, such as addresses, names, or phone numbers, must be shredded once the cluster is complete and the results have been reported to APPRISE. Other materials that are not used and have the CEC or utility logos must be shredded at the conclusion of the survey fielding period. APPRISE and GC Green staff will return all unused materials requested by DNV-GL, such as survey booklets and business reply envelopes.

APPENDIX L:

2019 Cleaned Survey Variables in Database

Table 5: Cleaned Survey Contents

Cleaned Survey Contents		
NAME	VARNUM	LABEL
eutil	1	Electric utility
NGUTIL	2	Natural gas utility - A19
cec_forecasting_zone	3	Forecast climate zone (CEC)
CZT24	4	Title 24 Climate Zones
NAC_KWH	5	Normalized Annual Consumption - kWh - Individually Metered
NAC_Therms	6	Normalized Annual Consumption - Therms - Individually Metered
scg	7	Have SCG account data
elecMM	8	Master Metered Electric Account
res	9	Cleaned building type
numi	10	count of number of residents
homeage	11	age of home
SQFT_A	12	dwelling square footage in feet
rescnt	13	count of the number of residents
DWLTYPE	14	Type of building - A1
STORIES	15	Number of stories if single family - A1
OWNRENT	16	Own or rent home - A2
YRS_RES	17	Length of time at this address - A3
SEASOCC	18	Seasonal occupancy - A4
SEASJAN	19	Seasonal occupancy, occupied in Jan - A5
SEASFEB	20	Seasonal occupancy, occupied in Feb - A5
SEASMAR	21	Seasonal occupancy, occupied in Mar - A5
SEASAPR	22	Seasonal occupancy, occupied in Apr - A5
SEASMAY	23	Seasonal occupancy, occupied in May - A5
SEASJUN	24	Seasonal occupancy, occupied in Jun - A5
SEASJUL	25	Seasonal occupancy, occupied in Jul - A5
SEASAUG	26	Seasonal occupancy, occupied in Aug - A5
SEASSEP	27	Seasonal occupancy, occupied in Sep - A5
SEASOCT	28	Seasonal occupancy, occupied in Oct - A5
SEASNOV	29	Seasonal occupancy, occupied in Nov - A5
SEASDEC	30	Seasonal occupancy, occupied in Dec - A5
BUILTYR	31	Year home built - A6
NUMROOM	32	Number of bedrooms - A7
SQFT	33	Square feet of living space - A8
EXTWLINS	34	Home has insulated exterior walls - A9
ACEILINS	35	Home has insulated attic - A10
CEILINCH	36	Inches of attic insulation - A11

Cleaned Survey Contents		
NAME	VARNUM	LABEL
WINDTYPE	37	Window pane type - A12
WINFRAME	38	Window frame type - A12
WINFPTYP	39	Window frame & pane
REMOD	40	Home has been remodeled - A13
RMDROOM	41	Remodel with room additon - A14
RMDKTBTH	42	Remodel bath or kitchen - A14
RMDREBLT	43	Rebuilt most of the home - A14
RMDOTHR	44	Remodel other - A14
kids	45	Number of residents 0-18
adults	46	Number of residents 19-64
seniors	47	Number of residents 65+
NR0_5	48	Number under 5 years of age in home - A15
NR6_18	49	Number 6-18 years of age in home - A15
NR19_34	50	Number 19-34 years of age in home - A15
NR35_54	51	Number 35-54 years of age in home - A15
NR55_64	52	Number 55-64 years of age in home - A15
NR65_99	53	Number 65-99 years of age in home - A15
ONPKUSE	54	Peak time use of electrical appliances - A16
NGSERV	55	Natural gas service available in area - A17
NGLINE	56	Natural gas service available in home - A18
EVYN	57	Own or lease electric vehicle - A20
EVYN2	58	Cleaned own or lease electric vehicle
NUMBEV	59	Number of battery electric vehicles - A21
NUMHEV	60	Number of hybrid electric vehicles - A21
EVMDMF	61	Number of miles electric vehicle driven - Mon-Fri- A22
EVMDSS	62	Number of miles electric vehicle driven - Sat-Sun- A22
EVTMCHH	63	Number of times electric vehicle charged - Home - A23
EVTMCHW	64	Number of times electric vehicle charged - Work - A23
EVTMCHO	65	Number of times electric vehicle charged - Somewhere else - A23
EVCHTYPE	66	Primary home charger type - A24
EVCHH6_9	67	Time of day electric vehicle charged at home - 6am to 9am - A25
EVCHH9_5	68	Time of day electric vehicle charged at home - 9am to 5pm - A25
EVCHH5_9	69	Time of day electric vehicle charged at home - 5pm to 9pm - A25
EVCHH9_6	70	Time of day electric vehicle charged at home - 9pm to 6am - A25
EVCountChgh	71	Charged at home continuous variable
EVCountChgo	72	Charged at other continuous variable
EVCountChgw	73	Charged at work continuous variable
EVMIles	74	Estimated Number of miles electric vehicle driven per year
EVMIlesmf	75	Mon-Fri miles driven continuous variable
EVMIlesss	76	Sat-Sun miles driven continuous variable
PropChgHome	77	Proportion of charging done at home
phtfuel3	78	Cleaned primary heating fuel

Cleaned Survey Contents		
NAME	VARNUM	LABEL
phtfuel2	79	Cleaned primary heating fuel - individually metered
PAYHEAT	80	Pays for heating - B1
PHTNGCNT	81	Primary central forced air gas furnace - B2
PHTNGFWL	82	Primary floor or wall gas furnace - B2
PHTNGRAD	83	Primary hot water gas radiator - B2
PHTNGFP	84	Primary Gas Fireplace - B2
PHTNGOTH	85	Primary other gas heater - B2
PHTELBSB	86	Primary resistance electric heater - B2
PHTELCRH	87	Primary central forced air electric furnace - B2
PHTELCHP	88	Primary central electric heat pump - B2
PHTELWHP	89	Primary through-the-wall electric heat pump - B2
PHTELPOR	90	Primary portable electric heater - B2
PHTELOTH	91	Primary other electric heater - B2
PHTBGCNT	92	Primary central forced air bottled gas furnace - B2
PHTBGFWL	93	Primary floor or wall bottled gas heater - B2
PHTBGRAD	94	Primary hot water bottled gas radiator - B2
PHTBGOTH	95	Primary bottled gas heater other - B2
PHTWDWS	96	Primary woodstove/fireplace insert - B2
PHTWDFP	97	Primary wood fireplace - B2
PHTSLRN	98	Primary solar heat, no backup - B2
PHTSLRG	99	Primary solar heat, natural gas backup - B2
PHTSLRP	100	Primary solar heat, propane backup - B2
PHTSLRE	101	Primary solar heat, electric backup - B2
PHTOTSYS	102	Primary 'other' heat - B2
AHTNGCNT	103	Secondary central forced air gas furnace - B2
AHTNGFWL	104	Secondary floor or wall gas furnace - B2
AHTNGRAD	105	Secondary hot water gas radiator - B2
AHTNGOTH	106	Secondary other gas heater - B2
AHTELBSB	107	Secondary resistance electric heater - B2
AHTELCRH	108	Secondary central forced air electric furnace - B2
AHTELCHP	109	Secondary central electric heat pump - B2
AHTELWHP	110	Secondary through-the-wall electric heat pump - B2
AHTELPOR	111	Secondary portable electric heater - B2
AHTELOTH	112	Secondary other electric heater - B2
AHTBGCNT	113	Secondary central forced air bottled gas furnace - B2
AHTBGFWL	114	Secondary floor or wall bottled gas heater - B2
AHTBGRAD	115	Secondary hot water bottled gas radiator - B2
AHTNGFP	116	Secondary gas fireplace - B2
AHTBGOTH	117	Secondary bottled gas heater other - B2
AHTWDWS	118	Secondary woodstove/fireplace insert - B2
AHTWDFP	119	Secondary wood fireplace - B2
AHTSLRN	120	Secondary solar heat, no backup - B2

Cleaned Survey Contents		
NAME	VARNUM	LABEL
AHTSLRG	121	Secondary solar heat, natural gas backup - B2
AHTSLRP	122	Secondary solar heat, propane backup - B2
AHTSLRE	123	Secondary solar heat, electric backup - B2
AHTOTSYS	124	Secondary 'other' heat - B2
MAINPILT	125	Main heater has gas pilot light - B3
SECPILT	126	Secondary heater has gas pilot light - B3
HTSYSAGE	127	Age of main heating system - B4
HTCTLTYP	128	Thermostat type for main heating system - B5
HMRNSET	129	Heater thermostat setting in morning - B6
HDAYSET	130	Heater thermostat setting in day - B6
HEVNSET	131	Heater thermostat setting in evening - B6
HNITESET	132	Heater thermostat setting in night - B6
HTMAINTN	133	Maintenance preformed on heating system - B7
NPORHTRS	134	Number of portable heaters - B8
USEADDHT	135	Use of additional heating systems - B9
phtcnt	136	count of primary heaters
havesec	137	have a secondary heater
ahtcnt	138	count of additional heaters
htng	139	primary or secondary ht ng
phtng	140	have a primary ng heater
ahtng	141	have an additional ng heater
htelec	142	have a primary or secondar ele ht
phtelec	143	have a primary elec heater
ahtelec	144	have an additional elec heaters
htbg	145	primary or secondary bg heater
phtbg	146	have a primary bg heater
ahtbg	147	have an additional bg heaters
htwdfp2	148	primary or secondary heat wood
phtwdfp2	149	have a primary wood heater
ahtwdfp2	150	have an additional wood fireplace
htsolar	151	primary or secondary heat solar
phtsolar	152	have a primary solar heater
ahtsolar	153	have an additional solar heater
htother	154	primary or secondary ht other
phtother	155	have a primary other heater
ahtother	156	have an additional heater with other fuel
htelwhp	157	primary or secondary elwhp
payCOOL2	158	Cleaned Pays for central air conditioning
paycool3	159	Pays for central air conditioning
Cooling	160	Cleaned cooling type
caccnt	161	Number of types of central air conditioners
RACCNT	162	count of room ac

Cleaned Survey Contents		
NAME	VARNUM	LABEL
PAYCOOL	163	Pays for central air conditioning - C1
CTLACAGE	164	Number of central air conditioners - C2
CTEVZON	165	Primary Central Air Conditioning System is controlled by a Zoned Thermostat - C2
CTEVPAGE	166	Number of central evaporative coolers - C2
CTLACZON	167	Primary Central Evaporative Cooling System is controlled by a Zoned Thermostat - C2
HPAGE	168	Number of heat pumps - C2
HPZON	169	Primary Heat Pump System is controlled by a Zoned Thermostat - C2
CLCNTAGE	170	Age of main central air conditioner - C3
CLCTLTYP	171	Thermostat type for main central air - C4
CMRNSET	172	AC thermostat setting in morning - C5
CDAYSET	173	AC thermostat setting in day - C5
CEVNSET	174	AC thermostat setting in evening - C5
CNITESET	175	AC thermostat setting in night - C5
CLMAINTN	176	Maintenance performed on ac system - C6
NOROOMAC	177	No room air conditioner - C7
ACTYP1	178	Type room air conditioner 1 - C7
ACTYP2	179	Type room air conditioner 2 - C7
ACTYP3	180	Type room air conditioner 3 - C7
ACAGE1	181	Age of room air conditioner 1 - C7
ACAGE2	182	Age of room air conditioner 2 - C7
ACAGE3	183	Age of room air conditioner 3 - C7
CMRNUSE	184	Use of room air conditioner in morning - C8
CDAYUSE	185	Use of room air conditioner in day - C8
CEVNUSE	186	Use of room air conditioner in evening - C8
CNITEUSE	187	Use of room air conditioner at night - C8
CHOTUSE	188	Use of room air conditioner on a hot weekday - C8
MSDNUM	189	Mini-split or ductless - Number of Central Cooling Systems - C2
MSDZON	190	Mini-split or ductless is controlled using a zoned thermostat - C2
pwhfuel3	191	Cleaned primary water heater fuel
pwhfuel2	192	Cleaned primary water heater fuel - individually metered
PAYWH	193	Pay for water heater - D1
PWHNGTNK	194	Standard tank gas water heater - D2
PWHNGWHT	195	Whole house tankless gas water heater - D2
PWHNGHEC	196	High Efficiency Condensing gas water heater - D2
PWHELTKN	197	Standard tank electric water heater - D2
PWHELHP	198	Heat pump electric water heater - D2
PWHELWHT	199	Whole house tankless electric water heater - D2
PWHELPNT	200	Point of use tankless electric water heater - D2
PWHLPTNK	201	Standard tank propane water heater - D2
PWHLPWHT	202	Whole house tankless propane water heater - D2
PWHSLRN	203	Solar water heater, no backup - D2
PWHSLRG	204	Solar water heater, natural gas backup - D2

Cleaned Survey Contents		
NAME	VARNUM	LABEL
PWHSLRP	205	Solar water heater, propane backup - D2
PWHSLRE	206	Solar water heater, electric backup - D2
PWHOTSYS	207	Water heater, other fuel - D2
AWHNGTNK	208	Additional standard tank gas water heater - D2
AWHNGWHT	209	Additional whole house tankless gas water heater - D2
AWHNGHEC	210	Additional High Efficiency Condensing gas water heater - D2
AWHELTNK	211	Additional standard tank electric water heater - D2
AWHELHP	212	Additional heat pump electric water heater - D2
AWHELWHT	213	Additional whole house tankless electric water heater - D2
AWHELPNT	214	Additional point of use tankless electric water heater - D2
AWHLPTNK	215	Additional standard tank propane water heater - D2
AWHLPWHT	216	Additional whole house tankless propane water heater - D2
AWHSLRN	217	Additional solar water heater, no backup - D2
AWHSLRG	218	Additional solar water heater, natural gas backup - D2
AWHSLRP	219	Additional solar water heater, propane backup - D2
AWHSLRE	220	Additional solar water heater, electric backup - D2
AWHOTSYS	221	Additional water heater, other fuel - D2
WHTEMP	222	Water heater temperature - D3
PRWHAGE	223	Water heater age - D4
SHWRDAY	224	Number of showers - D5
BATHSDAY	225	Number of baths - D5
SHOWERHD	226	Low flow shower head - D6
AERATORS	227	Faucet aerators - D7
whng	228	have a ng water heater
whelec	229	have a elec water heater
whbg	230	have a bg water heater
whsl	231	have a solar water heater
whoth	232	have an other water heater
whngtnk	233	have a primary or secondary whngtnk
whngwht	234	have a primary or secondary whngwht
wheltnk	235	have a primary or secondary wheltnk
whelhp	236	have a primary or secondar whelhp
whelwht	237	have a primary or secondary whelwht
whelpnt	238	have a primary or secondary whelpnt
whlptnk	239	have a primary or secondary whlptnk
whlpwht	240	have a primary or secondary whlpwht
whslrn	241	have a primary or secondary whslrn
whslrg	242	have a primary or secondary whslrg
whslrp	243	have a primary or secondary whslrp
whslre	244	have a primary or secondary whslre
whotsys	245	have a primary or secondary whotsys
gdry	246	indicator of gas dryer

Cleaned Survey Contents		
NAME	VARNUM	LABEL
edry	247	indicator of electric dryer
numwash	248	total number of clothes washes per week
LNDRYEQP	249	Laundry equipment in home - E1
CWTYP	250	Type of clothes washer - E2
CWAGE	251	Clothes washer age - E3
CWHWLD	252	Number of hot water washes per week - E4
CWWWLD	253	Number of warm water washes per week - E4
CWCWLD	254	Number of cold water washes per week - E4
CDTYP	255	Type of clothes dryer - E5
CDAGE	256	Age of clothes dryer- E6
DRYLDS	257	Number of dryer loads per week
DRYLDSH	258	Number of dryer loads per week - high heat - E7
DRYLDSM	259	Number of dryer loads per week - medium heat - E7
DRYLDL	260	Number of dryer loads per week - low heat - E7
CKRNTYP	261	Fuel for cooktop - F1
CKRNA	262	Age of cooktop - F1
CKOVTYP	263	Fuel for oven - F1
CKOVA	264	Age of oven - F1
CKOOVTYP	265	Fuel for outdoor oven - F1
CKOOVA	266	Age of outdoor oven - F1
CKBBTYP	267	Fuel for barbecue - F1
CKBBQA	268	Age of barbecue - F1
CKMW	269	Fuel for microwave - F1
CKMWA	270	Age of microwave - F1
WRNUSE	271	Weekly Use of cooktop, stovetop or range - F2
WOVUSE	272	Weekly Use of oven - F2
WMWUSE	273	Weekly Use of microwave - F2
WOTHUSE	274	Weekly Use of other cooking appliance - F2
DISHWASH	275	Have dishwasher - F3
DWAGE	276	Age of dishwasher - F4
DWLOADS	277	Number of dishwasher loads per week - F5
RFNUM	278	Number of refrigerators - G1
RF1STY	279	Door style of first refrigerator - G2
RF2STY	280	Door style of second refrigerator - G2
RF3STY	281	Door style of third refrigerator - G2
RF1SZ	282	Size of first refrigerator - G2
RF2SZ	283	Size of second refrigerator - G2
RF3SZ	284	Size of third refrigerator - G2
RF1AGE	285	Age of first refrigerator - G2
RF2AGE	286	Age of second refrigerator - G2
RF3AGE	287	Age of third refrigerator - G2
RF1OTH	288	Door ice in first refrigerator - G2

Cleaned Survey Contents		
NAME	VARNUM	LABEL
RF2OTH	289	Door ice in second refrigerator - G2
RF3OTH	290	Door ice in third refrigerator - G2
RFDISCRD	291	Old refrigerator discarded in the last 12 months
FZNUM	292	Number of stand alone freezers - H1
FZ1STY	293	Style of first freezer - H2
FZ1SZ	294	Size of first freezer - H2
FZ1AGE	295	Age of first freezer - H2
FZ2STY	296	Style of second freezer - H2
FZ2SZ	297	Size of second freezer - H2
FZ2AGE	298	Age of second freezer - H2
FZDISCRD	299	Old freezer discarded in the last 12 months
SPTYP	300	Spa or hot tub - I1
SPHTF	301	Spa fuel - I2
SPSZ	302	Spa size - I3
SPLOC	303	Spa location - I4
SPCOV	304	Spa cover - I5
SMRNFLTPMP	305	Frequency of spa filtration summer morning - I6
SMDFLTPMP	306	Frequency of spa filtration summer mid-day - I6
SNITFLTPMP	307	Frequency of spa filtration summer night - I6
WMRNFLTPMP	308	Frequency of spa filtration winter morning - I6
WMDFLTPMP	309	Frequency of spa filtration winter mid-day - I6
WNITFLTPMP	310	Frequency of spa filtration winter night - I6
SMRNHTSPA	311	Frequency of spa heat in summer morning - I7

APPENDIX P:

Description of SAS Files and Code

This appendix provides a description of the SAS code used to clean, plug, calendarize, and fill the Home Energy Survey data and the Billing data provided by the five utilities.

Table 18: List of SAS Code and Descriptions

<i>2019 Home Energy Survey Cleaning Code</i>	
This subsection lists the code used to clean the Home Energy Survey for individual and master-meter customers. The code is listed sequentially.	
1_Create Paper Infile Code	This code creates a text file of code that is used in 2_Read in Survey Data
2_Read in Paper Survey Data	This program reads in the scanned survey files.
3 Paper TooManyResponses	This program read in the expanded data sets created by 2_Read in Survey Data . The programs count the number of questions for which the individual provided multiple responses.
4_Min_Max	These programs read in the expanded data sets created by 2_Read in Survey Data and uses an algorithm to choose the most likely response, if more than one response was provided for the question.
1. Import Web Survey Data	This program reads in csv files from the web based survey.
2. Postcode and Rename Raw Web Data	This program formats and renames variables in the web based survey data for the purpose of combining paper based survey data and web based survey data.
3. Stack Paper and Web Data	This program uses outputs from 4_Min_Max and 2. Postcode and Rename Raw Web Data to create a complete raw survey data set.
5_MISSING_DWLTYPE_IM and 5. MISSING_DWLTYPE_MM.	These programs read in data from 3. Stack Paper and Web Data , carefully examining the survey response to the variable <i>DWLTYPE</i> . Using information on the street address (for the individual-metered customers) and the algorithm discussed in the Cleaning and Processing Section, the code reassigns dwelling types and creates a new variable, <i>RESIDENCE</i> .
6_Clean Duplicates	This program creates a dataset that has one row per participant using the algorithm discussed in the Cleaning and Processing Section.
7_CLEANSAMPLE and 7. MM_CleanSample	These programs are the primary cleaning codes for the Home Energy Survey.
8. MakeVars and 8. MakeVars_MM	These program makes the saturation variables used during the CDA analysis and in reporting.
Step 1 Plug_income, MM_Step 1 Plug_income, Step 2 Plug_SQFT, MM_Step 2 Plug_SQFT, Step 3 Plug_Numi, MM_Step 3 Plug_Numi, Step 4 Plug_Builtage, and MM_Step 4 Plug_Builtage	These programs estimate means to plug missing values for income, square footage, number of residents in the household, and the home's age.
<i>2019 Billing and Interval Data Prep</i>	
1_[util]_Billing_Standardization_2018_2019	These programs intakes and standardizes the electric billing data for all premises included in the sample
1_[util]_Gas_Billing_Standardization_2018_2019	These programs intakes and standardizes the gas billing data for all premises included in the sample

	[util]_Interval_Standardization_2018_2019	These programs intakes and standardizes the electric interval data for premises that responded to the survey
	[util]_Gas_Interval_Standardization_2018_2019	These programs intakes and standardizes the gas interval data for premises that responded to the survey
2019 Billing and Interval Normalization		
For the normalization of daily electric usage		
\Daily\Electric\Step A-Temperature Files		
	step 1.3-Set Up Temperature file For Analysis.sas	Reads in source actual temperature data and creates actual daily temperature file for the normalization analysis
	step 2.2-Set Up Normal Temperature file for results.sas	Reads in source normal temperature data and creates daily normal temperature file for the normalization results
	step 3.2-Set Up Actual Year Temperature for results.sas	Reads in actual temperature data and creates daily actual test year daily temperature file for the normalization results
\Daily\Electric\Step B-Set up and VEE		
	Step B.2.1.2 Source Data VEE.sas	Reads in the source interval data, performs VEE, and sets up the initial daily analysis data set
	Step B.2.2.3 Match Billing to Weather data.sas	Performs more VEE on the initial data set and sets up the temperature/site map
	Step B.2.3.1 -Electric Usage Parts.sas	Perform final VEE, adds variables and sets up the daily analysis data set
\Daily\Electric\Step C-Normalization		
	step C.2.1.1-full data set parts.sas	Performs the regression analysis on the daily analysis data set to determine the optimal normalization models
	step C.2.2.1-trim outliers.sas	Performs the regression analysis on the sites with poor models (less than r2 of 0.8), trimming outliers
	step C.2.3.1-limit to last 365.sas	Performs the regression analysis on the sites with poor models (less than r2 of 0.8), limiting the data to the last 365 days
	step C.2.4.1-optimal models.sas	Chooses optimal models from the first 3 normalization steps
	step C.2.5.1-checks predictions.sas	Checks the predictions against the actual interval data
	step C.2.6.3-FINAL RESULTS Daily NACS and Daily Hat.sas	Calculates the NAC and daily hats for the test year
	Step C.2.7.1 Append RM Flag.sas	Adds a net meter or reverse meter flag to the results
	step C2.8.1 Append 65F Degree Days.sas	Appends degree days based on 65 to the results
For the normalization of daily Nat Gas usage		
\Daily\Gas\Step A-Temperature Files		
	step 1.4G-Set Up Temperature file For Analysis.sas	Reads in source actual temperature data and creates actual daily temperature file for the normalization analysis
	step 2.3G-Set Up Normal Temperature file for results.sas	Reads in source normal temperature data and creates daily normal temperature file for the normalization results
	step 3.2G-Set Up Actual Year Temperature for results.sas	Reads in actual temperature data and creates daily actual test year daily temperature file for the normalization results
\Daily\Gas\Step B-Set up and VEE		
	Step B.2.1.2G Source Data VEE.sas	Reads in the source interval data, performs VEE, and sets up the initial daily analysis data set
	Step B.2.2.3G Match Billing to Weather data.sas	Performs more VEE on the initial data set and sets up the temperature/site map
	Step B.2.3.1G -Nat Gas Usage Parts.sas	Perform final VEE, adds variables and sets up the daily analysis data set
\Daily\Gas\Step C-Normalization		
	step C.2.1.3G-full data set parts.sas	Performs the regression analysis on the daily analysis data set to determine the optimal normalization models

	step C.2.2.3G-trim outliers.sas	Performs the regression analysis on the sites with poor models (less than r2 of 0.8), trimming outliers
	step C.2.3.3G-limit to last 365.sas	Performs the regression analysis on the sites with poor models (less than r2 of 0.8), limiting the data to the last 365 days
	step C.2.4.1G-optimal models.sas	Chooses optimal models from the first 3 normalization steps
	step C.2.5.2G-checks predictions.sas	Checks the predictions against the actual interval data
	step C.2.6.3G-FINAL RESULTS Daily NACS and Daily Hat.sas	Calculates the NAC and daily hats for the test year
	step C2.8.1 Append 65F Degree Days.sas	Appends degree days based on 65 to the results
For the normalization of Monthly electric usage		
\Monthly\Electric\Step A-Temperature Files		
	step 1.3M-Set Up Temperature file For Monthly Analysis.sas	Reads in source actual temperature data and creates actual Monthly temperature file for the normalization analysis
	step 2.2M-Set Up Normal Temperature file for results.sas	Reads in source normal temperature data and creates Monthly normal temperature file for the normalization results
	step 3.2M-Set Up Actual Year Temperature for results.sas	Reads in actual temperature data and creates Monthly actual test year Monthly temperature file for the normalization results
\Monthly\Electric\Step B-Set up and VEE		
	Step B.2.1.1M Source Data VEE.sas	Reads in the source interval data, performs VEE, and sets up the initial Monthly analysis data set
	Step B.2.2.3M Match Billing to Weather data.sas	Performs more VEE on the initial data set and sets up the temperature/site map
	Step B.2.3.1M -Electric Usage Parts.sas	Perform final VEE, adds variables and sets up the Monthly analysis data set
\Monthly\Electric\Step C-Normalization		
	step C.1.1M-full data set parts.sas	Performs the regression analysis on the Monthly analysis data set to determine the optimal normalization models
	step C.1.2M-trim outliers.sas	Performs the regression analysis on the sites with poor models (less than r2 of 0.8), trimming outliers
	step C.1.3M-limit to last 365.sas	Performs the regression analysis on the sites with poor models (less than r2 of 0.8), limiting the data to the last 365 days
	step C.1.4M-optimal models.sas	Chooses optimal models from the first 3 normalization steps
	step C.1.5M-checks predictions.sas	Checks the predictions against the actual interval data
	step C.1.6.2M-FINAL RESULTS Daily NACS and Daily Hat.sas	Calculates the NAC and Monthly hats for the test year
	step C.1.7.1M-Limits results to survey Participants.sas	Eliminates all non survey respondents from results
	step C2.8.1 Append 65F Degree Days.sas	Appends degree days based on 65 to the results
2019 Conditional Demand Preparations		
The process of preparing for the CDA includes identifying cases for fuel switching, construction of the saturation variables, filling missing data, estimating the CDA models and calculating UEC. Programs were also developed to create datasets with household level end-use UECs. The following subsection list the program used during this process.		
	Survey_fill_mean	This program fills missing values for CDA variables with mean values by RESTYPE
	Create_indicators	The program makes the indicator variables used during the CDA analysis.
	Xproduct	These programs create the variables used during the CDA program.
	ENG_Estimates_Gas and ENG_Estimates_Electric	These programs calculate the engineering estimates for electric and gas appliances used in the SAE model.
	SAE_Gas and SAE_Electric	These programs estimate the electric and gas SAE models.

	CDA Electric Calibration and CDA Gas Calibration	This program applies the SAE parameters to calculate UEC estimates, and calibrates the UEC's.
<i>2019 Electric Load Profiles and Gas Daily Use Preparation</i>		
The following subsection lists the programs used to aggregate the interval data to electric load profiles and to summarize gas daily use.		
	loadshapes_elec.sas	This program produces the electric load shapes used in the reports and included in the load shapes dataset
	load_daily_gas	This program produces the daily gas use estimates used in the reports and included in the daily gas use dataset
