CEC-70 (Revised 11/2021)

Notice of 2021 Clean Energy Hall of Fame Awards

December 10, 2021

2:00 p.m. - 3:30 p.m.

Remote Access Only

The California Energy Commission (CEC) will host the 2021 Clean Energy Hall of Fame Awards (HOF Awards), an annual event recognizing leaders advancing California's clean energy goals. The awards honor individuals and entities making exceptional contributions to help California achieve a 100 percent clean energy future for all.

The HOF Awards will be held remotely consistent with Assembly Bill 361 (Rivas, Chapter 165, Statutes of 2021) to improve and enhance public access to state agency meetings during the COVID-19 pandemic by allowing broader access through teleconferencing options. The public can participate in the meeting consistent with the direction provided below.

CEC Chair David Hochschild will facilitate the event and a quorum of CEC Commissioners may participate, but no votes will be taken.

Agenda

Yurok Tribal Chairman Joe James and Los Angeles City Councilmember Kevin de León will join as special guests to provide remarks during the awards ceremony. Along with showing videos of the incredible work contributed by each winner, the CEC commissioners will congratulate the six HOF Awards winners and provide the winners an opportunity to address the audience and share their experience. The CEC will also recognize the Selection Committee of this year's awards cohort.

A detailed meeting schedule/agenda will be posted prior to the HOF Awards at <https://www.energy.ca.gov/about/california-energy-commissions-clean-energy-hall-fame-awards>.

Background

The HOF Awards is an annual event designed to honor the leadership and outstanding achievements of Californians who help advance the state's clean energy goals. The awards aim to motivate and inspire all stakeholders to continue to lead California to a 100 percent clean energy future by 2045. As California Governor Gavin Newsom said, "We will never waver on achieving the nation's most ambitious clean energy goals." The HOF Awards winners are helping the state achieve these goals.
