

BUILD

Building Initiative for Low-Emissions Development Program

BUILD Program Attestations

The Applicant of the BUILD Program hereby certifies that:

- The Applicant will follow the BUILD Program Guidelines in effect at the time of this attestation.
- The information included in this design construction reservation application package is true, correct, and complete to the best of the applicant's knowledge.
- The Applicant acknowledges that the expended funds may be subject to audit, including financial audit.
- The Applicant will comply with all reporting requirements.
- All applicable Department of Industrial Relations (DIR) and Labor Code requirements on public works, including the payment of prevailing wage, will be followed.
- The Applicant acknowledges that the project may be subject to a post-program site visit and measurement and evaluation study conducted by the California Energy Commission (CEC) or its delegate.
- The Applicant will provide CEC staff with access to all project-related documents and access to the project site, subject to reasonable safety and availability limitations, in order to verify the details of a project reservation application and confirm that funding is being used as directed by BUILD Program Guidelines.
- The Applicant will provide information, access to project records, and timely project updates as requested by CEC staff for any reason, including but not limited to, verify ongoing eligibility for BUILD incentives.
- The Applicant will affirmatively notify CEC staff, in writing electronically, in a format provided by the CEC of any substantive schedule or project modification that impacts project eligibility for BUILD incentives. This notification should be submitted as early as possible but in no event shall it occur more than 15 days after the Applicant learns of or agrees to the schedule or project modification.
- The Applicant may authorize third parties to complete applications on their behalf but may not sign attestations on their behalf.

BUILD

Building Initiative for Low-Emissions Development Program

- The Applicant will be responsible for any federal, state, and local taxes associated with the receipt of incentive payments.
- The Applicant will comply with all applicable laws.
- The Applicant will cooperate with the California Public Utility Commission's evaluation, measurement, and verification process in accordance with Appendix F of the BUILD Guidelines.
- Optional field—do not check if inapplicable.* The Applicant qualifies as a new adopter, defined as an applicant that has not yet submitted a permit for the development and construction of a multi-family all-electric residential building of at least 10 units in California, at the time of applying for the award. The award will reimburse direct costs and paid invoices for architectural, engineering, energy consultation design services for the eligible project.
