INSTRUCTIONS TO FORM CEC-108: SERVICE ON THE CHIEF COUNSEL

Service of Petition to Reconsider on the Chief Counsel

California Code of Regulations, title 20, section 1720 (Petitions for Reconsideration of a Commission decision or order in a power plant licensing case) requires petitions to be “filed with” or “served on” the Chief Counsel in order to be properly initiated.

Section 1720 requires that your petition include specific facts or allegations. Failure to comply with these requirements may result in dismissal or denial of your petition.

The Chief Counsel or the Commission is required to take specific actions within certain periods of time. To simplify a filer’s ability to comply with the requirements of section 1720, **the Chief Counsel has designated the Docket Unit as the agent for accepting filings of these documents.** A petition under these sections will be deemed filed with or served on the Chief Counsel on the date the Docket Unit accepts the petition, provided the petition is filed with **Form CEC-108, Service on the Chief Counsel. This form is your request to the Docket Unit to deliver your document to the Chief Counsel.** The form ensures proper documentation that you complied with the requirements to file with or serve your document on the Chief Counsel, and ensures the document is properly routed for timely action. The Form is available through the [Docket Unit](#) and on the Commission’s website at: <https://www.energy.ca.gov/about/divisions-and-offices/chief-counsels-office/docket-unit>.
