Dear PIIRA Data Submitter:

I am writing to inform you of a change in filing procedure for Petroleum Industry Information Reporting Act (PIIRA) data. After Friday, May 31, 2024, the data submission portal will **no longer accept PDFs**. This change is necessary to ensure that data is submitted in standard CEC-approved formats and file types.

All reporting must be submitted through the Data Submission Portal using the approved formats and file types described on the PIIRA Forms and Instructions webpage.
